Memorandum.

Department of the Interior,

Ottawa, 22nd February, 1895.

The Commissioner in the letter of the 5th instant forwards here the application of Philip Lachance to purchase the East half of the East half of Section 24, Township 3, Range 25, West of the 4th Meridian, which he desires to acquire for farming purposes in connection with his homestead, the West half of the East half of Section 24. The land now applied for by Lachance forms a portion of that covered by the claim preferred by Patterson to lands in this vicinity.

Mr. Superintendent Pearce in his report on claims preferred by Patterson and others to lands in Township 3, Range 24 and Township 3, Range 25, West of the 4th Meridian, dated the 7th October,

1885, gives to Patterson as homestead the North East quarter of Section 19, he to be allowed to purchase

the balance of the Section also the fractional West

half of Section 20 and the North West quarter of

Section 13, Township 3, Range 24, West of the 4th

Meridian, and the fractional East half of the East

half of Section 24, Township 3, Range 25, West of

and Lachance

the 4th meridian, the area to be purchased being computed at 440 acres, which he is to have at the rate of \$1.00 per acre. Up to the present time he has not paid for the portion now applied for by Lachance. Are we to retain the land any longer on his behalf or sell to Lachance? Lachance of course will have to pay at the current rate.

Lachance is also a squatter whose claim was adjusted. He was allowed to make homestead entry for the West half of the East half of Section 24, and a portion of the North East quarter of Section 13 containing 18 acres, and to purchase the East half of the West half of Section 23 but has not up to the present time availed himself of the opportunity given him to purchase the last mentioned parcel of land. A sketch is attached hereto.

Sir

In reply to your letter of 2nd March, (file no. 374378) I beg to state that I would have paid for the lands mentioned before this, were it not that I have been very much pressed for money, in consequence of having my ranch burned to the ground nearly three years ago, & losing house furniture & clothing &c — my wife & children barely escaping with their lives the former being badly burned.

I have also to state that in consequence of the dry seasons, I have not been able to raise a paying crop, & have been at considerable expense in making an irrigation ditch, for the purpose of getting water on my land, & I have no doubt that

it is because of this ¹⁷⁷⁵⁰⁰ improvement that
the land has been applied for -

I will pay for the land applied for (East
half of the East half of section 24, Township
8, Range 25, West of the 4th Meridian)
within the 90 days, although it will
inconvenience me very much at present.

Can I postpone the payment of
the rent for a time? as I have to pay
a high rate of interest now if I borrow.

Also would you please inform me
of the amt due for the portion of
land applied for, as all my papers were
burned with my house, & I do not
remember the amt of award.

Hoping you will take a favorable view
of my case.

Department of the Interior

Sir

a few months ago we had some correspondence
about the land awarded to me & for which I
was given until November to pay the interest
on. You would be conferring me a great
favor, if the time could be deferred,
for some time longer, when I would hope
to pay both principal & interest all together.

I thought to have been able to
sell my claim & pay it up, but I
must hold it over till there is a
demand for it. Having made you a
payment for land of nearly \$200 this
year. I find it hard to make another

one in the same year.

Hoping you can oblige me in
this matter

May 26th 1897

F. Oliver Esq. M. P.

Dear Sir

When in Macleod a short time ago, you had a conversation with Mr. Robt Wilson of Stand-off, in which he spoke to you of my land & you told him I was to write to you & state it myself.

About eighteen years ago I settled on the land where I reside at present, & fenced it in. When the land was surveyed about twelve years ago I was allowed to homestead one hundred and fifty four acres, & buy the balance. There hundred & eighty six acres, at one dollar per acre. Of this, I have bought one hundred & eighty five acres, leaving two hundred & eleven acres to be settled for.

According to the Act, if I had this land paid for, I would be entitled to another homestead, but as I have been unable

to do this, I would beg if you would kindly use your influence with Governor & procure for me the following concessions.

The right to take up another homestead from the lands allowed me by Gov., & to buy the balance at one dollar per acre. I would not ask these concessions, were I able to buy the land, but I was completely burned out five years ago, & the dry seasons with no crops, have been very hard on me, I have also been to considerable expense in improving my lands by taking out an Irrigation ditch.

Hoping you will kindly use your influence on my behalf

I am Sir

Your obedient Servant
Robert Patterson.

of the land which he had been allowed to buy from the Government. He is clearly entitled to a second home-stand and I take it for granted that the land which he was allowed to purchase stands in the same position as a homestead which he would have been allowed to purchase. He states his own case very clearly and I am sure that the Commission will be able to do so.

Department of the Interior,

Ottawa, 8th June, 1897.

Memorandum.

Re letter of the 1st instant from Mr. Frank Oliver, M.P., to the Minister respecting Mr. R. Patterson's claim to a second homestead entry.

In 1885, upon a recommendation from Mr. Superintendent Pearce who had investigated his claim thereto, Mr. R. Patterson was permitted to enter and did enter on the 7th July, 1888, for the N.E. $\frac{1}{4}$ of Section 19, Township 8, Range 24, West of the 4th Meridian, and to purchase the balance of this section, as well as the fractional W. $\frac{1}{4}$ of Section 20 and the N.W. $\frac{1}{4}$ of Section 18 in the same township and range, and the fractional E. $\frac{1}{4}$ of the E. $\frac{1}{4}$ of Section 24, Township 8, Range 25, West of the 4th Meridian, the area to be purchased being 436 acres at \$1 per acre. It was also stated in Mr. Pearce's report that Mr. Patterson might at any time make his application for homestead patent. Such application has, however, not yet been received here, although Mr. Patterson, as already stated, made his homestead entry on the 7th July, 1888, and the only portion of the land he was permitted to purchase which he has paid for is the E. $\frac{1}{4}$ of the E. $\frac{1}{4}$ of Section 24, Township 8, Range 25, West of the 4th Meridian, containing 125 acres, for which a patent issued to him on the 15th June, 1895. By letter of the 2nd December, 1895, he was given an extension of time until the following May, when, he was told, it was expected that he would pay the full amount of the principal and interest which might have accrued up to that time

Jas. A. Smart, Esq.,

Deputy Minister of the Interior.

time, the interest to be calculated from the 1st November, 1885. Mr. Patterson's application for homestead patent not having, as already stated, been received here, it cannot be ascertained whether he is entitled to make a second homestead entry; but under a recent ruling of the Minister and according to a statement made in Mr. Pearce's said report, Mr. Patterson would appear to have completed his settlement duties in 1885, and, if such is the case, I do not see any objection to his being permitted to make a second homestead entry for 160 acres of the land he has been permitted to purchase. I am in doubt, however, as to whether the land he might so enter for could be treated as if it had been formerly his pre-emption and his right earned thereto by residing on his first homestead.

Dear Sir,

Re case of Robert Patterson, T. 3. 4 of Section 19,
Township 8, Range 24, West of the 4th Meridian.

Please let me know if any application for patent for
this land has been received at your office from Mr. Patterson,
and if so, the date and all particulars. No application has
been received here from him and I presume therefore that no-
thing has been done with regard to the matter. I can say that
Mr. Patterson is applying for the right to take second home-
stead entry and until any papers you may have regarding the
case are received here it is impossible to know whether he is
entitled to this privilege or not.

Dear Sir,

Please look over this file, which relates to the homestead of Mr. R. Patterson. It is evident that Mr. Patterson earned his patent for his homestead long before the 2nd of June, 1869, although he only entered for it in 1878. The question I wish to submit to you is, could Mr. Patterson now be given authority to make a second homestead entry for a portion of the land which he has bought from the Government and has not paid for. *and he is now in*

I did not reply to the question in your memorandum of the 9th instant, as it was evident from Mr. Goodeve's report of the preceding day that there was another one to be considered.

The question asked in your memorandum of the 9th instant, is, in effect :-

Can Mr. Patterson be allowed to take up, as a second homestead, part of the land he purchased when he obtained his first homestead entry, but has not paid for, and to this I would have replied "yes" at once, but that it was clear you had the question of "residence" upon the first homestead in mind when you added the words "not his pre-emption" to your memorandum of the 9th instant.

At that date if Mr. Patterson had taken up this land as a second homestead he would have had to go into residence upon it ; he could not have lived upon his first homestead and earned patent for the second homestead as if it had been his pre-emption.

I, therefore, delayed reply until there was certainty as to the passing of the amendments to the Dominion Lands Act contained in Bill No. 116. As that Bill has now passed both Houses and only

requires

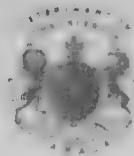

requires the assent of His Excellency to make its provisions law. I may point out that under the new sub-clause 9 of Clause 38 of the Dominion Lands Act as provided by Section 4 of Bill No. 116, that residence upon the first homestead will satisfy the provisions of the Act as to "residence," with regard to the second homestead.

As Mr. Oliver's letter of the 1st instant has not yet been answered I think he might be informed as above, and when the provisions of the Bill have been assented to Mr. Patterson might be communicated with.

If you concur in this view will you please send this file to the Secretary to have the necessary letters prepared.

I have the honor to enclose herewith copies of all papers concerning the claims prepared by Robt. Patterson to portions of Dec 18 19 & 20 - 8, 24 W 4th also a portion of 2 1/2 24 - 8 25 W 4th and that prepared by Philip DeLancey to the 2 1/2 23-8 25 W 4th and to a portion of the 2 1/2 24-8 25 W 4th. with my report and recommendation thereon for your approval. The original papers being retained in the Calgary Com. Lands Office to be forwarded to the Head Office when further action is taken.

One James William Bell settled on Dec 19, 1880. Patterson and Bell about this time entered into partnership the latter's share of interest in the Homestead Police District expired Feb 1886 and since that date the Pattersons have resided continuously on the land.

The above is a sample sketch showing the location of the claims. Patterson wishes to homestead the A 26 19. The map of the 24 1/2 24 DeLancey's claim is also enclosed.

of Sec 19, also five portions of 18 & 20 North of B. Co., Minn.
also the $2\frac{1}{2}$ of $2\frac{1}{2}$ of 24-8-25 lying North of B. Co., Minn.
all South of that River being in the Blount section River.
Patterson is a good settler who about 1880 owned
Buildings fencing and cornfields worth \$800. He and
Bell remained in partnership all the Autumn of 1880
when being cramped for room Patterson bought out
Bell's interest in the claim paying therefor \$1000.
Bell then proceeded down the river and bought
out the claim of one Robinson in Dec 4 and 5 of
9. R 24 W 4th. Bell & Patterson have since 1880
and this claim is on their land. They informed me
this claim was fully settled on the question
of partnership this land was sold by the State. The
total amount claimed by Patterson and his partner
by Patterson equals 23 acres not a very extensive
area.

LaChance has lived during the past 4
years with Samuel Bennett on the 24-8-25
W 4th is a French Canadian farmer, generally
inclusions hard workman with a few sheep
or ignorant laborer. He claims to have no information
breaking and a poor house on the 24-8-25

were surveyed into River lots. LaChance
LaChance then concluded to build a bridge
the 24-8-25 being a river lot and
Hornstedt another construction with
the W 4th of 8th of 24. During the 11th of Dec
24 between the two portions claimed by
him. It now seems to have occurred to him
that the R. L. had did not permit H & P to be
Patterson as he wished. Feeling the threat supports
He and Patterson jointly erected the fence
dividing

dividing the 24 into 2 and W halves.
The fence is a good wire fence capped with
a pole and to its erection Patterson and
LaChance each contributed equal shares
LaChance being on the W 4th of 8th of 24 a good
that of Patterson and a house or stable
in course of erection. Now that River lots
are some way with the winter to H the
24-8-25 and for myself as purchaser the
24-8-25 of 23-8-24 W 4th.

The following sketch you will notice
the old fence which originally, before survey
divided Bell & Patterson's claim. The River
front is the most valuable portion of claim to
Stockman later Patterson, and the portion claimed
now by him covers exactly the same River front
further down the river. The fence was erected by Bell
and LaChance and fence was erected there.
The intention of the latter that River lots being
some way with, he should be granted entry
by the Dec 4 has no force, as he wishes to see myself
or purchaser otherwise known by the Dec 4. Further
you will notice that by adopting the River claim
divided by Patterson the claim can be enclosed
by fence less fencing it may be open before
the R. L. allowance between 24 & 19 will be required
and of 20 to 100 of necessary ground to River
from the 24-8-25 the survey of 8th of 24 the
fence would be sufficient. The distance to the
smaller being much less than along the
established road. Allowance between 24 & 19.

After taking all the evidence into
consideration recommend LaChance be
granted 4 entry to the W 4th of 8th 24 and that
fence

1881 (4 years ago) the price must necessarily be
\$2.50 per ac. Cash if possible, otherwise 1/4 cash

That Robt Patterson be permitted

Sir

I beg to state that I am not
in a position to pay now for the
land allotted to me outside of
my home land, and would wish
for an extension of time to the

I give for this extension are, that
I have as yet been unable to
dispose of my grain; also that
I have had to pay over five
hundred dollars on a note that
I was security for.

Hoping that this application
will be favourably considered.

It is a very common mistake to suppose that the only way to get the most out of a book is to read it straight through from beginning to end. This is not necessarily the best method. A more effective way is to read the book in a more selective manner, focusing on the parts that are most relevant to your needs. This can be done by skimming the book first to get a general idea of its contents, and then reading more carefully the parts that are most important to you. This method can save a great deal of time and effort, and it can also help you to get a better understanding of the book's main ideas.

The end of the world.

Dear Sir,

Re case of Robert Patterson, N.E. 1/4 of Section 19,
Township 8, Range 24, West of the 4th Meridian.

Please let me know if any application for patent for
this land has been received at your office from Mr. Patterson,
and if so, the date and all particulars. No application has
been received here from him and I presume therefore that no-
thing has been done with regard to the matter. I may say that
Mr. Patterson is applying for the right to make second home-
stead entry and until any papers you may have regarding the
case are received here it is impossible to know whether he is
entitled to this privilege or not.

Mr. Patterson's claim was fully set forth in Mr. Superintendent Pearce's report, a copy of which was forwarded to the Genl. Office and acknowledged in your letter of the 29th October 1888 Ref. 97673. Nothing has since then transpired affecting his homestead.

Memorandum:-

7 Feb

In 1885 upon recommendation of Mr. Pearce who had investigated his claim thereto, Mr. Robert Patterson was allowed to homestead fractional N.E. $\frac{1}{4}$ --19--8--24--W. 4th and to purchase the balance of this fractional section together with fractional W. $\frac{1}{2}$ 20, fractional N.W. $\frac{1}{4}$ 18 in same township and fractional E. $\frac{1}{2}$ of E. $\frac{1}{2}$ 24 in township 8--25--W. 4th at \$1.00 per acre.

He made homestead entry for Fractional N.E. $\frac{1}{4}$ 19, on 7th July, 1888, patent issued on 2nd September, 1889 and as subsequently permitted a second ~~entry~~ homestead entry for N.W. $\frac{1}{4}$ --19, on the 2th December, 1889, patented 20th January, 1904, and purchased fractional E. $\frac{1}{2}$ of E. $\frac{1}{2}$ --24--8--25--W. 4th (sale 13408, 125) acres, patented, 15th June, 1895.

He did not avail himself of the permission to purchase the balance of the land above referred to at that time and now requests to be allowed to do so.

According to the township plan, the area he now wants to purchase would be 163 acres but Mr. Patterson states that on account of the river washing the land away, that there would not now be ~~the~~ that 100 acres, and that he would be willing to pay for a new survey.

Attached is a sketch showing in Pink and Green the land Mr. Patterson was allowed to acquire, Green what he has already acquired and Pink what he now desires to purchase. The latter containing 163 acres is vacant in our book and in those of the railway and timber & grazing branches.

Sir,-

Encl.

Referring to the papers attached hereto from Mr. Robert Patterson, of Macleod, which you left with the Deputy Commissioner some time ago, it appears by the records of the Department that some twenty odd years ago Mr. Patterson was permitted to homestead and purchase certain lands in Township 8, Ranges 24 and 25, West of the Fourth Meridian. He did homestead two quarter sections, one being obtained under a second entry to which he was entitled, and he, also, purchased a parcel of land adjoining the homestead, but did not take advantage of the privilege of buying the additional land.

It is somewhat doubtful whether this privilege could still be given to him, but, in any event, it will be necessary, in the first place, to obtain a careful report from the Homestead Inspector. Steps will be taken to obtain this as promptly as possible, and after the report comes to hand Mr. Patterson's request will be submitted for consideration.

Sir,

I am directed to inform you that Mr. Robert Patterson was permitted to homestead the fractional N.E. $\frac{1}{4}$ of Section 19, Township 8, Range 24, West Fourth Meridian, and to purchase the balance of this fractional Section together with the fractional W. $\frac{1}{4}$ of Section 20, the fractional N.W. $\frac{1}{4}$ of Section 18 in the same Township, and the fractional E. $\frac{1}{4}$ of the E. $\frac{1}{4}$ of Section 24, Township 8, Range 25, West Fourth Meridian, at \$1.00 per acre. He made homestead entry for the fractional N.E. $\frac{1}{4}$ of Section 19, a patent for which has been issued in his favour, and the fractional N.W. $\frac{1}{4}$ of the same Section was subsequently patented to him as a second homestead. The E. $\frac{1}{4}$ of the E. $\frac{1}{4}$ of Section 24, Township 8, Range 25, West Fourth Meridian, has also been patented to him as a sale. He did not, however, avail himself of the permission granted him of purchasing the balance of the land above referred to at that time, and now requests to be allowed to do so.

I am further to say that, according to the Township plan, the area the applicant desires to purchase ~~will~~ be 163 acres, but that he states that on account of the river washing the land away there would not now be

Mr.

Mr. Cuming's memorandum
of the 19th January, 1907.

Ref. 374378.

Department of the Interior,

Ottawa, 19th January, 1907.

Memorandum:-

In 1885 upon recommendation of Mr. Pearce who had investigated his claim thereto, Mr. Robert Patterson was allowed to homestead fractional N.E. $\frac{1}{4}$ --19--8--24--W. 4th and to purchase the balance of this fractional section together with fractional S.E. $\frac{1}{2}$ 20, fractional N.W. $\frac{1}{2}$ 18 in same township and fractional E. $\frac{1}{2}$ of E. $\frac{1}{2}$ 24 in township 8--25--W. 4th at \$1.00 per acre.

He made homestead entry for Fractional N.E. $\frac{1}{4}$ 19, on 7th July, 1888, patent issued on 2nd September, 1899 and as subsequently permitted, a second ~~entry~~ homestead entry for N.W. $\frac{1}{4}$ --19, on the 8th December, 1899, patented 20th January, 1904, and purchased fractional E. $\frac{1}{2}$ of E. $\frac{1}{2}$ --24--8--25--W. 4th (sale 13408, 125) acres, patented, 15th June, 1895.

He did not avail himself of the permission to purchase the balance of the land above referred to at that time and now requests to be allowed to do so.

According to the township plan, the area he now wants to purchase would be 163 acres but Mr. Patterson states that on account of the river washing the land away, that there would not now be more than 100 acres, and that he would be willing to pay for a new survey.

Attached is a sketch showing in Pink and Green the land Mr. Patterson was allowed to acquire, Green what he has already acquired and Pink what he now desires to purchase. The latter containing 163 acres is vacant in our book and in those of the railway and timber & grazing branches.

Department of the Interior,

Land Patents Branch,

Ottawa, April 30th, 1907.

Memorandum:

With reference to Mr. Robert Patterson's letter of the 24th December, 1906, to Mr. John Herron, M.P., which I return to you herewith, in relation to certain lands which he (Mr. Patterson) was permitted to purchase in Township 8, Ranges 24 and 25, West of the Fourth Meridian, I beg to say that Mr. Herron submitted in January last a communication from Mr. Patterson on the same subject. A report was thereupon prepared by Mr. Darling on the 19th of the same month (marked) which I submit for your perusal, giving the full particulars in regard to the land applied for by Mr. Patterson and that already granted to him, and was submitted to the Deputy Commissioner in Mr. Cold's memorandum of the 18th idem.

The Agent of Dominion Lands at Lethbridge was duly instructed, in accordance with the Deputy Commissioner's decision, to obtain a careful report from a Homestead Inspector giving the area and valuation of the land covered by Mr. Patterson's application; and was also informed that the Inspector should furnish an expression of opinion as to whether the disposition of the land applied for would injuriously affect the interests of any other person. His attention was also drawn to the fact that, according to the township plan, the area the applicant desires to purchase would be 163 acres but that his contention was that on account of the river washing the land away there would not be more than 100 acres and that he would be willing to pay for a new survey.

Mr. Herron was duly advised of the action taken.

The Agent now awaits Mr. Homestead Inspector Link's report in which the latter states that a portion of the

J. W. Greenway, Esq.,
Commissioner of Dominion Lands.

the land applied for is suitable for the cultivation of hay and as Mr. Patterson is extensively interested in ranching the land was very useful to him for the purpose of securing feed for his stock.

The Inspector states further that he can see no objection to the applicant being allowed to purchase at the rate of \$7.00 per acre and points out that Mr. Patterson indicated that he would be willing to have the survey made to determine the correct area of the lands applied for, such survey being necessary owing to the river having changed its course since the former survey.

The Inspector adds that this change in the course of the river would appear to "have cut off a considerable portion of Mr. Patterson's homestead, the E.E. 1/4 of Section 19, Township 3, Range 24, East of the Fourth Meridian."

It will be observed on reference to Mr. Cumins' memorandum, already referred to, that Mr. Patterson was originally allowed in 1885 upon the recommendation of Mr. Pearce to homestead the fractional E.E. 1/4 of Section 19, Township 3, Range 24, East of the Fourth Meridian, and to purchase the balance of this fractional section together with the fractional E. 1/2 of Section 20, the fractional E.W. 1/4 of Section 18 in the same township and the fractional E. 1/2 of the E. 1/4 of Section 24, Township 3, Range 25, East of the Fourth Meridian; and that he obtained the E.E. 1/4 and the E.W. 1/4 of Section 19 as a first and second homestead, respectively, which have been duly patented to him.

The contention now made by him is that he was prevented through illness, fire and overhasty interest which he was compelled to pay to complete the purchase; and requests (1) that he be now permitted to purchase the balance of the land which he was originally allowed to purchase and (2) that a new survey be made at his own expense in order to determine the area which he alleges, owing to the washing of

the

the river is only 100 acres instead of 163 acres as shown on the township plan.

It will be observed that the inspector points out that the area of Mr. Patterson's first homestead, the N.E. 1/4 of Section 19 has been decreased by the change in the course of the river, but does not make any statement as to Mr. Patterson's contention that the area of the lands applied for has also been affected by such change.

In relation to the point raised as to whether the disposition of the land applied for would injuriously affect the interests of any other person, the inspector observes that Mr. Patterson is the owner of the lands adjoining and immediately north of the parcels he applies to purchase.

Attached hereto is a sketch showing in pink and green the land Mr. Patterson was allowed to acquire, green what he has already acquired and pink what he now desires to purchase, the latter containing, according to the township plan, 163 acres.

The points now to be decided are (a) is Mr. Patterson to be allowed to carry out the purchase of this area shown in pink which he was allowed to purchase in 1885 at \$1.00 per acre; (2) if so is the sale to be made as recommended by the inspector at \$3.00 per acre; and (3) is a new survey to be made at Mr. Patterson's expense as he requests, to determine the area which he alleges is, owing to the washing of the river, 100 acres instead of 163 as shown on the township plan.

Sir,

I am directed to acknowledge your letter of the 7th ultimo, covering field notes made by Mr. A. W. Ponton, D. L. S., in connection with your purchase of certain lands in Townships 8, Ranges 24 and 25, West Fourth Meridian.

MEMORANDUM:

Referring to the plan and field notes of survey of the Belly River in township 8, range 24, west of the 4th meridian. filed by Robt. Patterson with his letter of June 7th, it appears that he wishes to purchase the parts of the south half of section 19 and of the northwest quarter of section 18 lying north of the Belly river. According to the township plan the area is 135 acres while Mr. Ponton's survey makes it 126.3 acres. The price being \$3. per acre, the difference is \$26.10: Mr. Ponton's survey must have cost considerably more.

Mr. Patterson was told that the survey was to be made under instructions of the Surveyor-General; this was not done and the result is that the survey does not extend far enough to be made use of ⁱⁿ compiling a new township plan. If Mr. Patterson is unwilling to pay for 135 acres, a new survey must be made under instructions from this office.

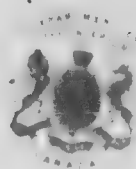

The change in the course of the river is given at several places on this file as the reason why a new survey is required: as the change is not through the lands which Mr. Patterson wishes to purchase, I cannot understand what bearing it has upon the case.

Sir:-

Adverting to your letter of the 7th June last, enclosing the plan and field notes of a survey made by Mr. A. W. Ponton, Dominion Lands Surveyor, of the fractional S. $\frac{1}{2}$ of Section 19, and the N. W. $\frac{1}{4}$ of Section 18, lying North of the Belly River, Township 8, Range 24, West of the Fourth Meridian, I am directed to point out to you that according to Mr. Ponton's survey, the fractional portions of Section 20, applied for, are no longer in existence, owing to the change in the course of the River. The sale would, therefore, have to be confined to the said fractional S. $\frac{1}{2}$ of Section 19, and the fractional N. W. $\frac{1}{4}$ of Section 18, lying North of the River, which, according to Mr. Ponton's survey, contains an area of 126.3 acres, that is to say, only 8.7 acres in excess of the area, (135 acres), which the fractional parcels now contain, according to the existing township plan.

I am also to draw your attention to the fact that the survey was not made in accordance with the decision, under instructions from the Surveyor General, with the result that the survey does not extend far enough to be made use of in compiling a new township plan.

I am also to say that you do not

In reply to yours of 18th inst. I have to say that I was surprised to find that I had not yet fully paid for the land I was allowed to purchase.

In your communication of 13th Dec. 1907 you informed me that as the difference in the Ponton's survey and the original survey

2407024

was so small (about 9 acres) that I could accept the original plan of the Township and pay for one hundred & thirty-five acres. I would also point out that I paid Mr. Ponton seventy-five dollars for his services in connection with this land, and now I see by your letter of 18th inst that there are ten acres more charged for.

There evidently must be some mistake kindly have the matter investigated and settled as soon as possible.

Sir,

The Commissioner recommends that section 1, township 8, Range 4, West of the 4th Meridian be reserved for Mounted Police purposes. The location is known as Medicine Lodge near the head of the Cypress Hills. An old trail runs through the section, but that will not be interfered with by the Police, our object being to have justifiable authority for the erection of a log hut and the prevention of squatting in close proximity thereto.

Will you be good enough to submit this recommendation for the consideration of the Hon. the Minister of the Interior.

On a Memorandum dated 30th March 1895, from the
Minister of the Interior, stating that the President
of the Council having so directed the Comptroller of
the North West Mounted Police has requested that sec-
tion 1, Township 8, Range 4, West of the 4th Meridian,
be reserved for Mounted Police purposes, and that he
(the Comptroller) states that the location is known
as Medicine Lodge near the head of the Cypress Hills
in the North West Territories: that an old trail runs
through section 1, but that it will not be interfered
with by the Police, the object of the reserve being
merely to have sufficient authority for the creation
of a lot but not the prevention of squitting in close
proximity thereto.

The Minister recommends, as the land in question
is at the disposal of the Government, that he be au-

Ref. 1st

Sir,

On the 2nd March you wrote me that a Mr. R. Kettlewell of Eagle Butte - Sec: 1-8-4-W. 4th Meridian - wished to have a roadway to the Police Reservation, to give access from the Government road to his Post Office.

I started inquiries and am advised that Mr. Kettlewell lives on Sec: 2-8-4-W. 4th Meridian, where he has a store and Post Office; that the road he wishes to open would encroach on the Police Reserve to the extent of about 2.38 acres, about 80 rods long, and it would not cause any inconvenience to Police requirements.

Referring to your memorandum of the 7th May, there appears to be some misunderstanding in regard to the sketch of the proposed roadway across the police reserve in section 1, township 8-4-4.

This sketch was prepared by the Patents Branch and submitted with Mr. Gliddon's memorandum to the Minister on the 22nd February last.

On the 8th April, the Deputy Minister asked for a statement as to what action should be taken in order to have the road established. An effort was made to obtain the correspondence in connection with this matter including a copy of the sketch referred to, but it was being used by the Minister at that time.

As soon as the papers can be had, the Deputy Minister's memorandum of the 8th April will be dealt with.

1. The first of these is the fact that the
1940s, 1950s and 1960s were the years when the
United States was at the height of its power and
influence in the world. This was a time when the
United States was the only superpower in the world.
2. The second of these is the fact that the
United States was the only country in the world
which was not a member of the United Nations.
3. The third of these is the fact that the
United States was the only country in the world
which was not a member of the Organization for
Economic Cooperation and Development.

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

Dear Mr. Nelson,

Soc. 1, Tr. 4, Pgs. 4, T. 4th M.

I have your letter of the 11th ultimo, your reference No. 534-1918, regarding the above land.

In my letter of the 17th ultimo
I asked you whether the whole of this section
was required for police purposes, but in your
reply it is not stated that the N.Y. quarter of
the section is not required for your purposes.
Kindly inform me whether I am correct in
assuming that the balance of the section, the
N.Y. quarter and South half, should continue to
be reserved for police purposes.

Yours sincerely,

Density Minister.

Memorandum:

Mr. Hume.

General Check of Records.
Sec. 1-8-4 W. 4th M.

QUESTION: Advisability of taking steps to
have an Order-in-Council passed revesting the
above land in the Department of Interior.

According to file hereunder, the
above land was transferred to the Department
of Royal North West Mounted Police by Order-in-
Council of the 4th April, 1895.

In the course of the general check
of records that Department was asked if the
reservation was still required for their purposes,
and in answer thereto stated that the reserve was
no longer required for police purposes. See their
letter of the 6th instant hereunder.

As this land was invested in the De-
partment of Royal North West Mounted Police by
Order-in-Council, it would apparently require
similar action to have it revested in this De-
partment before it could be made available for
settlement and I would ask if you would not
consider it advisable that steps be immediately
taken towards this end, the land being a full
section in a long settled district.

should be taken by the Land Patent Branch —*

Extract from a Report of the Committee of the
Honourable the Privy Council, approved by His
Excellency on the 11th April, 1895.

P.C. No. 1048.

On a Memorandum dated 30th March, 1895, from the
Minister of the Interior, stating that the President of the
Council having so directed the Comptroller of the North-West
Mounted Police has requested that Section 1, Township 8,
Range 4 West of the 4th Meridian, be reserved for Mounted
Police purposes, and that he (the Comptroller) states that
the location is known as Medicine Lodge near the head of
the Cypress Hills in the North-West Territories; that an old
trail runs through Section 1, but that it will not be inter-
fered with by the police, the object of the reserve being
merely to have justifiable authority for the erection of a
log hut and the prevention of squatting in close proximity
thereto.

The Minister recommends, as the land in question is
at the disposal of the Government, that he be authorized
to reserve it for the Mounted Police purposes as requested.

The Committee submit the above recommendation for Your
Excellency's approval.

Clerk of the Privy Council.

Reserved for Mounted Police purposes.

File 374493 cannot be located, although a careful search has been made.

It appears that by Order-in-Council dated the 11th April, 1895, the above land was set apart for Mounted Police purposes.

In the course of the general check of records some time prior to February, 1920, the Department of the Royal North West Mounted Police stated that this land was no longer required for police purposes. This letter is attached to the missing file No. 374493.

On the 28th February, 1920, Mr. Scott submitted the question as to whether a memo to Council should be prepared suggesting that the land be reverted in this Department. Copy of memo attached hereunder.

Without the missing file I am unable to furnish details regarding the subsequent correspondence, but it appears that in due course a memo to Council was prepared and an Order-in-Council subsequently passed re-vesting this Section in this Department. Attached to this temporary file is a copy of the Order-in-Council in question, and you will note that through an error the land in both the Order-in-Council in question and in the memo to Council, was described as being West of the 5th Meridian instead of the 4th Meridian.

The registers of the Registration Branch show that file 374493 relates to Section 1, Township 8, Range 4, West of the 4th Meridian, and the records of the Deputy Minister's office show that the Order-in-Council of the 29th March, 1920, referred to the same section West of the 5th Meridian.

The Order-in-Council of the 11th April, 1895, ~~also~~ refers to the land as West of the 4th Meridian.

so it is apparent that the parcel which was described in the Order-in-Council of the 29th March, 1920, should have referred to the land as West of the 4th Meridian, and not West of the 5th Meridian.

Under the circumstances, I assume that the next step will be to prepare a memo to Council requesting that the Order-in-Council of the 29th March, 1920, be amended in the particular above referred to.

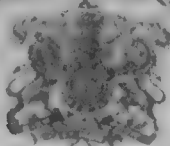

Mr. York, of the Timber & Grazing Lands Branch, desires that a decision be arrived at as to the disposal of this Section as he has received an application for a lease of the same.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report that by Order-in-Council bearing date the 11th April, 1896, a reservation was made of Section 1, Township 8, Range 4, West of the 4th Meridian, for Mounted Police purposes.

The undersigned now recommends that the Order-in-Council of the 29th March, 1920, be rescinded and that your Excellency in Council be pleased to order that the reservation of Section 1, Township 8, Range 4, West of the 4th Meridian, for Mounted Police purposes be withdrawn, so that this land may be made available for settlement.

Respectfully submitted,

Mr Hume.

General Check of Records.
Sec.1, Tp.8, Rge.4, W-4th M.
.....

Question: File missing. Should action concerning the disposition of land be further delayed?

The original papers cannot be located, although a search has been maintained for some six months past.

This Section was reserved for the Royal North West Mounted Police by Order-in-Council dated 11th April, 1895.

In reply to a letter prepared in this office the R.N.W.M.P. Department wrote on the 6th February, 1920, that the land was no longer required for police purposes. This letter is on the missing file, but a certified copy of it is attached hereunder.

On the 29th March, 1920, an Order-in-Council was put through re-vesting the whole section in this Department. Unfortunately the land in the Order-in-Council was wrongly described and a further Order-in-Council was passed on the 22nd August last.

Action concerning the disposition of the land has been withheld pending the receipt of the missing file, but as it has not yet been found and is apparently lost it is thought that some action might now be taken.

The Agent reports he has not received any instructions from Head Office concerning the land since 1895 when he was notified of the reservation for police purposes.

-The.

The land is not near any very large settlement and there is nothing on this temporary file to indicate that it is of unusual value.

.....

The Timber and Grazing Lands Branch has received several inquiries as to the standing of the land from Mr. John Dempster, who is anxious to lease the whole section. In a letter, dated 3rd ultimo, to Timber and Grazing Lands Branch (T.&G. file herewith) he claims that when the police left they put him in charge of the buildings and corrals and for looking after them he was to secure the use of the pasture. He also claims the land is absolutely unfit for agricultural purposes.

.....

Until the Department decides what is to be done with the land Mr. York cannot take any action on Mr. Dempster's application.

Under the circumstances I would suggest that this section be placed on the list of lands which are being withheld pending a decision as to their disposition, and at the same time that a Homestead Inspector be instructed to furnish an individual report upon each quarter section as to the character of the land, its value, whether there is anyone in occupation, what improvements, if any, have been made and by whom, etc.

Suggest getting this report before any other action is taken, meanwhile Mr. Roberts to be asked to continue search for missing file.

Sec. 1, Tn. 8, Rge. 4, W-4th E.
Agency Files - 1884 - 10065.

Referring to your letter of the 11th November last, I beg to inform you that this section was reserved for the Royal North West Mounted Police by order-in-Council dated the 11th April, 1885. It has been ascertained that the land is no longer required for Police purposes and on the 12th August last an order-in-Council was put through releasing the land from this reservation.

Before taking any action with regard to the disposition of the land the Department desires to have a full and separate report by a Homestead Inspector on each of the four quarters of the section. Such report should show clearly the character of the land; its value; whether there is anyone in occupation; what improvements, if any, have been made on the land; by whom such improvements were made; etc., etc.

Please issue the necessary instructions to the Inspector and have him attend to the matter as soon as possible without making a special trip for the purpose.

In any event as this land is south of the main line of the Canadian Pacific Railway no lease can be issued or entry granted pending further instructions.

MEMORANDUM:

Mr. Greenway.

The Department has under consideration improved methods for disposing of lands which heretofore have been subject to ordinary homestead entry.

Pending a definite pronouncement of policy, it has been decided to reserve all lands that under ordinary circumstances would be posted for ten days. This will, of course, not affect newly surveyed townships nor will it interfere with the granting of homestead entries where there is an applicant for cancellation.

You might instruct the Agents of Dominion Lands to refer for the consideration of Head Office all cases where under ordinary circumstances the lands would be automatically posted for ten days, and if there is any one pressing to have the land made available, we can submit the matter for the consideration of the Minister. But where there is no one pressing to have the land posted, there is no reason why any submission should be made and the files should be noted to be brought up for consideration on say the 1st of December, next.

Sir,-

I beg to inform you that Section 1, Town-

for some time stood as a reservation in favour of
the Royal North West Mounted Police was released
in this department by Order-in-Council passed on
the 2nd August last.

Your enquiry with a view to having considered
for a grazing lease of the West half of Section 1, has
been kept before the Department.

At the present time, however, an application
for a lease of Section 1, or any portion thereof could
not be considered because, pending further consideration
of the settlement policy of the Department, it has been
decided to withhold from entry, sale or lease all
Dominion lands south of the southern boundary of Town-
ships 16 in the provinces of Saskatchewan and Alberta
and, consequently, it will not be possible to deal
further with your enquiry just now.

An inspection of Section 1, has recently been
called for and if at a later date it is decided to make
the same available for leasing purposes the Agent of

give you accurate and up-to-date information in regard

With further reference to your enquiry regarding section 1, Township 1, Range 4, East of the 4th Meridian, which you desire to lease for grazing purposes and which section was for some time reserved for the Royal North West Mounted Police, I beg to inform you that by an order of Council passed on the 22nd August 1911, these lands were again reverted in this Department.

The above section is not, however, at the present time, available for disposal because, pending further consideration of the allotment policy of the Department, it has been decided to reserve from sale, lease or license all Dominion lands south of the southern boundary of Township 16 in the Province of Saskatchewan and Alberta and, consequently, it will not be possible to deal further with your enquiry just now.

MEMORANDUM: Mr. Pereira,

Section 1, Township 8, Range 4, West of the 4th Meridian, was reserved for the Royal North West Mounted Police by Order-in-Council dated the 11th of April, 1895. This land was subsequently relinquished by the R.N.W.P., and on the 22nd of August, 1921, a further Order-in-Council was passed whereby the section was transferred to the jurisdiction of this Department in order that the lands might be available for settlement. Thereafter section 1 was placed on a list of lands which were being withheld from disposition pending a decision in connection with the Department's settlement policy and also until such time as the report of a Homestead Inspector was furnished.

Under date of the 10th ultimo Mr. Homestead Inspector Mayberry has furnished reports on each of the quarter-sections and sets forth that they are much more suitable for grazing than for farming. The report indicates that three of the quarter-sections are worth about \$3.00 per acre and that the South East quarter is only worth \$2.50 per acre.

Mr. John Dempster has been corresponding with the Department for some considerable time with a view to being considered for a grazing lease of the lands.

As Section 1, Township 8, Range 4, West of the 4th Meridian, is situated in Area "A"; as the lands are reported by a Homestead Inspector to be more suitable for grazing and pasture purposes than for farming this case is submitted for instructions as to whether or not the Agent of Dominion Lands for the district may now be requested to post the same for leasing.

Timber and Grazing Lands Branch

Ottawa, Oct. 20, 1922.

TO: The Deputy Minister.

In your memorandum of the 1st instant
concerning a request for the grant of an
application for a timber lease covering the NW 1/4
of Section 4, Township 1, Range 4, West of the 4th
Meridian, being received no action be taken, unless your
office is satisfied. I presume the intention was that
a timber lease will not be issued before submitting
the case for your consideration.

At the present time we have two conflicting
applications for the same land, one from Mr. Dempster
and another from Mr. John Dempster. Mr.
Dempster's application covers the whole of Section 4
and there is a conflict with the application from Mr. William
Dempster for the NW 1/4.

I presume these applications will be
considered with the usual delay when the
Department's report is received. The case will
be brought to your attention.

Respectfully,
Yours truly,

Referring to your application for a grazing lease of

I beg to inform you that the Regulations require that notice

the end of the thirty days. Forms for the purpose are en-

Sir

My preemption is payable
during June 1895 - I want to know
do the Government allow any time
for payment in instalments or is it
spot cash, at the end of two years from
time of issue of Homestead Patent
I suppose I shall have to let my
preemption go as I do not know whether
I can pay for it or not there is 100
acres broke and all fenced with 3
wires but the crop has been a complete
failure and I shall have to dispose of
some cattle to live, what the end is
going to be I do not know I have about
\$4000.00 here and I cannot make a
living without assistance from my
father. I cannot hold more than 75
head of cattle and feed everything I
own and that is not enough to keep
myself and family in the event
I am not being able to pay for
it. I think then will the Government
allow any thing for instalments
one thing I am fully persuaded
on and that is, farming is a complete
failure on 15 years experience here
as Homesteader would be better for not
to break a furrow

Would you kindly let me know
what course the Government intend
pursuing with the settlers here

Sir,

I beg to acknowledge the receipt of your letter of the 20th instant, and in reply to say that you appear to have misunderstood mine of the 27th ultimo.

It appears that payment for your pre-emption, the S.E. 1/4 of Section 4, Township 21, Range 1, W.5 will not become due until July next, and what I intended to convey was that if you ~~would~~ would inform the commissioner what amount you would then be prepared to pay an account of the purchase of your pre-emption, you would be advised what terms might be granted you for payment of the balance. The price chargeable for your pre-emption is \$2.50 per acre, and there is no way of reducing this rate.

your obedient servant,

Secretary.

could spread the payments of Prescriptions
over P.E.M. of Dec. 20, I will be prepared
to pay \$20.00 in July next, and the
Balance in four equal installments &
might possibly have more but have had

way of acting at present there are good

Sir

Your notification Re Payment of
 Preemption received by me on June 12th
 and in Reply would say. it is impossible
 for me to comply with the regulations of
 the Department of $\$2.30$ per acre under the
 present conditions I have about 25 acres
 in with crops. A hail storm on the 12th not
 cut everything to pieces, there is somewhere
 about 70 acres broke on the grass perhaps
 100 acres. I never measured it. I have had no good
 grain for 4 years. Last 1896 I bought my seed threshed
 300 bu of 60 acres. I put $\$600$ this year for seed. I do
 not suppose I will have any grain. may have some
 green feed if the department allows me to take it off
 if not they will have to take everything. I have put all
 I ever made in here and according to present appearances
 I will have to go somewhere else to take out an existence
 until I have to face eternity. If the land were not
 broken and left in its primal state to grow
 even with the dry years which we have here it
 would be of more value than in its ^{present} state today
 I may say there is not one acre in cultivation for
 every 10 there was five years ago taking a Radius of
 20 miles east of here. the only thing I have now
 moments is a shed full of implements and machinery
 for which I gave over $\$1200$ in hard work and I doubt
 if I will realize $\$100$ at an auction sale. now then
 now I do not complain. I do my best to make a
 success and have a competency in my old days and
 it is a failure. and the only idea I have at the
 present moment is to sell what chattel and
 personal property I have here and go somewhere else

else and start afresh. I have the deed for homestead
 but I could not get \$100 per acre for it with good dwelling
 house and grainery and stable and a shedding which were
 rated by insurance agent at \$1000.00 and fenced with
 3 wire Barb fence. I have some cattle here but they were
 given to me on condition of my leaving here I should turn
 them back again on their rateable value in lieu thereof
 and there are hundreds of horses and cattle grazing on
 the lands here who belong to people who have no place of
 their own. so I am under the impression I should be
 eaten out of grass for a horse will live where a cow
 would starve, and I will never have any irrigation
 here, or not in my day at any rate, so I cannot live
 on one gr. sec. for I cannot cultivate over ^{8 my prescription} 10 acres
 of it for to grow feed it being all a very steep hill.
 So if you will leave the prescription with me
 until I get the crop of so I will have some feed
 for next winter. I shall be very thankful if you
 kindly write and say so and I will understand
 what to do. I have no fault to find with the place
 but a man cannot do anything in the shape of making
 a living on 100 acres of land in Alberta if he is
 holding stock and depending on them entirely for a
 living. I would add the East half sec 3 was sold for \$5.00 per
 acre in 1888 or 9 and I believe it to be sold for School lands
 the E. half sec. 10 was sold last week for \$25.00 320 acres
 land for 40 cents per acre or less, now I do not want you
 to reduce the price of land I myself fully understood
 the conditions on which the Government gave the
 land and they have fulfilled their part I only wish
 I could fulfill my part

See Commissioner's File 1551a. I enclose herewith statement of account in connection with Mr. Donald Gray's pre-emption entry, the S. E. 1/4 of T. 1 - 31 - 1, West of the 1st, as I think it should appear in the books. There appears to have been a mistake made when Mr. Gray made a payment of \$10.00 on the 25th July, 1905, the interest amounting to \$2.17 should have been \$1.77, the same being calculated from the 25th June of that year to the 25th July, when it should have been calculated from the 25th June. The sum of \$2.00 has this day been paid into this Office in scrip by Mr. Gray's agent, and same will appear in this Office Weekly Return of the 30th instant.

At Mr. Gray's request I forward herewith certificate of redemption for pre-emption entry of T. 1 - 31 - 1 for the Commissioner's signature and issue of patent.

I am directed to return, herewith, the patent in favor of Mr. George W. Hawththner, which you forwarded for correction of the error mentioned in your letter of the 2nd ultimo. As there is no such Township as "number 11-11-11" and as Mr. Hawththner's identity is otherwise sufficiently described in his patent, and the error in question does not therefore invalidate or, in fact, affect his title, in any way, to the land granted by such patent, I am directed to return it, herewith, and to authorize you to ignore this mis-description in the issue of the certificate of title for this land, in which certificate you have authority to describe the Township referred to by its correct number.

Sir,

with
I am directed to acknowledge the receipt of your letter addressed to the Minister of the Interior on the 2nd ultimo, signed by yourself, Mr. V. F. Stewart, and Mr. Samuel J. Layton, asking to have Section 18, Township 2, Range 27 West of the 4th Meridian, made a town-site, and to say that this matter will be enquired into and you will, at the earliest possible moment, be informed of the decision which may be come to.

My dear Pearce,

Mr. Burgess asks me to send you the enclosed copy of a letter requesting that a reservation of Section 14, Township 2, Range 27 east of the 4th Meridian, be made for a townsite. This land under ordinary circumstances would go to the Calgary & Edmonton Railway, but we must not transfer it to them without looking into the matter, and in the meantime the applicants have been told that enquiry will be made about it. You might take the opportunity of your next visit to that locality to find out something about this proposed townsite. I need hardly say to you that we are so busy just at present that it is unlikely a decision could be reached on the question for several months yet.

Yours sincerely,

My dear Hall;-

See your Ref. 375.672 with yours

of the 8th instant to me under private cover. I am fairly well acquainted with the district generally in which Sec. 19 - 2 - 27 west of the 4th is located and although I have not made a detailed examination of this particular section, I have a fair idea of what it is like. I cannot foresee any possibility of there ever being anything but a very small village at that point, consisting of probably a blacksmith shop, a stopping place, school house, one or two general stores, a church and perhaps three or four residences. The neighbourhood is chiefly settled by Mormons and it may be that they desire to create a hamlet settlement at this point. They are from the United States and evidently familiar with the provisions of the American act respecting townsite settlement, which provisions we have not followed in our regulations. Of course, if you desire it I can make the inspection; but I do not consider it necessary, as there will hardly be sufficient in it to warrant the expense involved.

Dear Sir, I have to hand and must say that it surprised us after considering the straight deal that we made.

Since we received the sales we have sold a certain portion of this land to parties for the purpose of building on in blocks of 8 acres each 4 lots in a block, as far as improvements that have been done on the section since it came into our possession a few houses have been put up and about 8 acres planted and planted with garden stuff, a creamery has been built and is about ready to start making butter. A list of the settlers thus names & improvements we enclose.

The community is composed of part Protestant and part Roman. There are only three men in the settlement that are not satisfied with us as owners and our arrangements, we have given time to settlers extremely in

allowing them 5 years to pay for their lots. We have been
the means of bringing in a creamery and other parties
into this section who are all personal friends of ours
if it should be possible for you to take this land from
us a gift it to the mormons the rest of the settlers will
move away including the creamery as there is a certain
few head out of the mormon church who wish to make
money out of it detrimental to the settlers as it is not
Cardston a town 15 miles away it is not desirable for any
settler to be mormon to become a lot this as there
has been several tried

The reason we desired to have a settlement
here was not to make money out of it but that we
might have a school for our children and a post office
handy to our homes. The government have at once
granted us a district but the leaders of the mormon
Church are opposed to a government school and are
endeavouring to influence the people in favour of a
mormon school and we have had a mormon
school here last winter but owing to the excessive charges
the people had to give it up after 3 months trial.

If this land is to be turned back into the

hands of the Government the only satisfactory way to
settle the matter would be for the Government to place
a trusted Agent who will deal honestly between mormon
and non mormon whether mormon or protestant as this
land has just been turned over by Sir Cochrane
who has held it for a term of years we cannot under-
stand how there can be any dispute in our deal with
any we have written to the minister of the interior
stating a copy of your letter stating all particulars
and a copy of our answer

I am directed to acknowledge the receipt of your communication of the 3rd. inst., signed by yourself and Mr. D. A. Cox and addressed to the Hon. the Minister of the Interior. In reply I am to say that the statements made therein are so widely at variance with those contained in a petition presented to this Department by Mr. Joseph A. Mr. Bruce, the Superintendent of Mines, has been instructed to proceed to Mountain View and make the necessary enquiries into the matter, and on his report being received you will be further advised.

LETTER NO. 11.031

REFERENCE NO. 10.696

Sirs:-

In conformity with your instructions of the 21st of May last Ref. 380.340 and 375.672, I visited Mountain View on the 20th ultimo. On the day upon which I reached there, a public meeting was being held respecting the formation of a school district and I was fortunate in finding everybody interested; unfortunate, however, in meeting them at a time when their feelings had been much aroused owing to the discussion of school matters. There are two elements in that village, which, while I was there, were very antagonistic towards each other, namely, the Mormon and the anti-mormon. The former desires a school to be run by the church and the latter desires a public school under the control of the Educational Department. The latter faction largely outnumbered the former at the meeting in question.

Messrs. Gold, Layton and Stewart, the applicants on the one side, are all Mormons who have had homesteads. Gold and Stewart came to Alberta in 1892, Layton in 1889. Gold's homestead is the N.W. 1/4 of 18 - 2 - 27 W. 4th M.. He never resided on it but lives in Mountain View, within a very short distance of his homestead. Layton has a homestead on the N.E. 1/4 of 12 - 3 - 26 W. 4th M., has resided on it since April 1894 and has very considerable

The Secretary of the
Department of the Interior,

(2)

considerable improvements on it. From the autumn of 1894 to March 1895, he resided in the hamlet. Taylor is bishop of the community and he commenced his residence on the S.E. of 19 in November 1893 and has lived on it ever since. He has a homestead entry to the S.W. of 22 adjacent. Cox, one of the other party, is a Kentuckian by birth and a non-Mormon, although it is stated his wife is a Mormon. He came to Alberta from Idaho in July 1891, lived on a rented place for about two years and the spring of 1894 bought out a claim of one Fallis to the N.E. of 18 - 2 - 27 w. 4th M. and has resided thereon ever since. Wm. Payne, Cox's partner, is an ex-Mounted Policeman, a non-mormon and has a homestead on the N.E. of 12 - 2 - 28 w. 4th M., where he has lived since 1890, excepting two years, when he was working elsewhere. He had a claim prior to this on the Walrond leasehold, which, however, he abandoned.

One Homer Peese, a Mormon, erected a house on the S.E. of 19 in 1893 which Mr. Gold now owns, and applied as stated to the Calgary & Edmonton Land Corporation to purchase the said quarter section. In April 1894, however, he sold out his claim to Mr. Gold for the sum of \$50.00, including the building, some lumber, etc., etc.. After he applied to purchase it, he had a plan of a proposed subdivision made on paper, it had two tiers of blocks and was staked out along the south side of the quarter section in conformity with this subdivision. The Mormon faction states that owing to it being within the leasehold of the Cochrane Rancho Company, the land company would not carry out the sale to them. On the other hand, Cox alleges evidence of his good intentions, that at one time he obtained permission from the Cochrane Rancho Company

Company to settle within its leasehold and that he was thus enabled to effect entry at any time should he so desire and he concluded that if the Rancho Company gave the necessary permission to the Land Corporation, the latter would carry out the sale at any time. He urged Messrs. Gold, Taylor and Layton to take action on these lines. At all events, the Mormon portion never completed the purchase and it would appear that last spring when it was first proposed to establish a creamery, trouble arose owing to Messrs. Gold & Company refusing to give more than one lot to this enterprise. Cox & Company further allege that no one but Mormons could obtain lots. ^{He} They had offered \$30.00 for three acres which would give ^{him} them access to the creek near the S.E. ^{1/4} of 19 from his house which was on the N.E. ^{1/4} of 18 and that they refused to meet his wishes. He then began to make inquiries and found that Messrs. Gold & Company had no title. He at once applied to the railway company for the S. ^{1/4} of 19 by wire through their Agent Mr. Duncan Campbell at Macleod. He received a reply to the effect that there was a prior application for the land and asked him what he would tender for it per acre. He, I understand, offered \$3.50 per acre for the half section and in the course of a few days he was informed that his tender had been accepted and he presumed it must have been higher than that tendered by the other party. He says that he desires to carry out the Pease subdivision modified so that the alleyway in the center of the blocks will be done away with, the north and south streets to be made 1.50 ch. wide and each block divided into four equal ~~blocks~~ lots, which would give upwards of 1.8 acres per lot, and these lots he agrees to sell at \$25.00 a piece and he would sell as many lots to one man as he desired

(4)

desired, give them five years to pay for it with interest on the unpaid balance at the rate of 8% p.a.. He undertakes to carry out those conditions now. There are now some 16 families living in the hamlet and if this matter can be speedily arranged, probably the hamlet will at once improve rapidly. There is a creamery ^{in the hamlet} conducting operations ^{for} the neighbourhood, which is particularly well situated for the ^{production} manufacture of dairy products.

I think, I have in the foregoing given all the facts of the case. The question is now, "what is to be done?" Assuming that the Government takes the half section in question and subdivides it and sell at the price Cox agrees to. Will it pay? If the whole half section was sold at the rate of \$25.00 per lot of the size mentioned, which would make about 128 lots and the Government would probably not sell more than half of that quantity number, as the balance would on one pretext or another, be given away ^{publicly} for charitable institutions, etc., etc., so that not more than \$1600.00 would be obtained; which might not pay the cost of subdivision, administration, etc.. This, of course, is assuming that the Calgary & Edmonton Land Corporation had not an equitable right to this land. It might be argued that these lots need not necessarily be sold for \$25.00 a piece. ^{& price much increased} Such would create dissatisfaction at once and probably prevent the hamlet or village being built at that particular point; as the people would simply wait until title had been acquired to some homestead or other in the vicinity, say Sections 18 or 30 and erect the hamlet there. If the railway company would see that Cox & Company carried out the conditions they allege are willing to submit to, would it not be well to let land go to the railway company? I would point out

386695

(5)

out, however, that it is warmly urged by the opposite party. That the Government should take the affair in hand. This is likely but the outcome of the feeling that has been aroused over this matter.

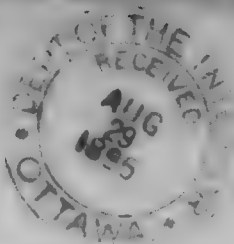

Respectfully submitted,

Wm Pearce

after considering the matter fully, as I thought it would
clear the atmosphere, & once we could get down to facts,
as it was that subject. However, one of the parties named
Goldman, since written to me to send him a copy of the letter
written to Cox and Payne; I replied that I could not do so
without the permission of the Minister, whom I had applied
for. I do not think that it is a question whether he wants
it or not, but if Cox and Payne's letter is to be sent to
Goldman Co., copy of Goldman Co's. letter should be sent to
Cox and Payne. I am anxious to send to Mr. Goldman's receipt,
which also seems to be to Cox and Payne, but will refrain
from taking any action until advised by you.

Ref. 375572.

Memorandum:-

The trouble in this case arises over the ownership of South East quarter of Section 19, Township 2, Range 27, West of the 4th Meridian, near Mountain View, which has been laid out into a townsite. Briefly, as gathered from Mr. Sup't. Pearce's report of inspection underneath, the facts are these:-

One Homer Peese built a house on this land in 1883, and applied to the Calgary and Edmonton Land Corporation to purchase, afterwards dividing up the quarter-section into town lots. In April, 1894, Peese sold to one Gold, a Mormon, and matters remained in that position until last spring when trouble began to brew between Gold, as representing the Mormon element of the Colony, and Cox, as representing the non-Mormon party, in connection with the establishment of a creamery in the townsite. Gold & Co., it is alleged refused to give more than one lot for this enterprise, and Cox, who further represents that unfair discrimination was shown to non-Mormons, thereupon made enquiry as to the position of the land. Having ascertained that Gold had yet no recorded title to it, he applied to the Calgary and Edmonton Railway Company to purchase. The Company replied that there was a prior application and asked what he would be prepared to tender for the land. He offered \$3.00 per acre, and subsequently received a notice that his tender had been accepted.

Gold contends that he would have purchased the quarter-section long ago had it not been for the fact that the Company refused to sell to him on the ground of the land being within the Cochrane Ranch. Cox, however, maintains that this should not have been an objection, as he had offered to use on behalf of Gold's scheme the permission which he (Cox) had to make an entry within the land, and that he had urged Gold & Co. to take action on these lines.

Cox, if permitted to buy, intends to carry out the original Peese subdivision with some slight changes, and to sell at a uniform price of \$25 per lot, payable in five years, with interest on unpaid balance at 6 per cent, purchasers being permitted to buy more than one lot if so desired.

Mr. Pearce submits that assuming that the Railway Company had not an equitable right to the land, and the Government were to take the half section itself, subdivide and sell at the price agreed by Cox, it would hardly pay the expenses of subdivision, administration &c., and with the price increased, this would create dissatisfaction, and probably prevent the hamlet or village being built. I quote very dim the concluding remarks of Mr. Pearce:-

"If the Railway Company would see that Cox & Co. carried out the conditions they allege they are willing to submit to, would it not be well to let the land go to the railway company. I would point out, however, that it is warmly urged by the opposite party that the Government should take the affair in hand. This is likely but the outcome of the feeling that has been aroused over this matter."

A.M. Burgess, Esq.,

Deputy Minister of the Interior.

Respectfully submitted,

Arthur Cote.

Sir,

I am pleased to acknowledge the receipt of your
letters dated respectively the 1st August and 2nd October,
1905, in relation to the No. 10556, which related to the con-
flicting claims of Messrs. Cox & Payne and Joseph T. Gold to
the South Half of Section 19, Township 2, Range 17, West of the
4th Meridian, and to state that in view of all the facts con-
nected with the case, as detailed in your report of the 1st
August last above referred to, the Deputy Minister is inclined
to concur in your view that xxxxx it would be advisable to
set aside the land in question to the Calgary and Edmonton
Railway Company as part of their main line. It is well
known, however, that this land is only conveyed in 1906,
the plan of which has only been approved on the 2nd of April,
1906. Mr. Burgess is now preparing to receive royalty upon the
conveyance of the above land, and the same is contained in the
order of the Public Lands Commission, dated the 1st of April,
1906, and the fact of his having applied upon the same
prior to the conveyance.

Dear Mr. Burgess:-

See yours of the 23rd instant Ref.

375.672.

On the 21st and 22nd of July I made a close inspection of Tps. 2 and 3 Rgs. 26, 27 & 28 west 4th M. in company with Mr. W. F. Cochrane until such inspection was made purposed buying lands in these townships under the lease-winding-up-settlement then proposed.

I am confident at that date that there was no one on the section, 19-2-27 west 4th M.

My notes make mention of squatters only on Secs. 6-327, 35-2-28, 30-2-27, 24-2-28, 14-2-27, 14-2-28, 12-2-28, 12-3-28, 17-2-28, 25-2-27 and 21-2-27. On many of these sections were four squatters or claimants. On the 25th July 1893 Mr. W. F. Cochrane notified me that he had abandoned all intention of purchasing lands in the townships mentioned, therefore, I never reported in detail the results of my inspection.

The surveyors' plans show no squatters on the said section at the time of survey.

In the evidence taken by me at the investigation in July last, Gould first commenced residence on said section in May 1894.

Homer Payne first took possession, whether by residence or only by making improvements, in the autumn of 1893 and left the country in the spring of 1894. I notice in copying out my notes that the words "in the autumn" are omitted in the copy sent you.

Until the lease was cancelled the Calgary & Edmonton would not sell to Payne & Cox and to enable them to ~~sell~~ to purchase from the company, a relinquishment was obtained from Mr. Cochrane. When the Cochrane Ranch Co. relinquished its lease your records will show, I have nothing here, but until such time, unless the party was in possession by that company's permission, no claim as squatters could be preferred and Cox appears to be the only party who has any claim to possession by reason of the permission of the said ranch company, prior to the cancellation of its lease and this claim is not a very strong one.

Therefore, I am fully satisfied, that neither Mr. Gold nor Mr. Homer Payne had any legal or equitable claim to the section in question.

Sir,

Re S.E. 1/4 16-2-27-3.4th Meridian

I beg to inform you that representations have been made to this Department that a seed grain lien for \$37.75 given by Ernest M. Going, of Mountain View, Alberta, to His Majesty, in the right of the Dominion of Canada, wrongly described his land as part of the S.E. 1/4 of Section 16, Township 2, Range 27, West 4th Meridian, instead of part of the S.E. 1/4 of Section 19, Township 2, Range 27, West 4th Meridian, which may be described as follows: The south part of that un-numbered parcel containing fifty-four and eighty-two hundredths (54.82) acres, as the same is shown on plan of Mountain View of record in Calgary Land Titles Office as No. 6035-L.

You are, therefore, hereby authorized and requested to remove the said lien from the S.E. 1/4 of Section 16, Township 2, Range 27, West 4th Meridian, in which Mr. Going has no interest, and register the same against that part of the S.E. 1/4 of Section 19, Township 2, Range 27, West 4th Meridian, more particularly above described.

Dear Sir:-

Re your file 375672---727722.

I beg to acknowledge receipt of yours of the 25th. ultimo, and note what you say, with respect to the Seed Grain lien given by Ernest M. Going to the Crown for \$37.75. and regret to state that your instructions are not sufficiently clear to be followed out, and I should be glad if you will advise me further.

I might state that the plan of Mountain View, registered as 5035-L contains few lots now standing in the registered name of the original owner of the sub-division, and it would appear to me that it is not the intention to place this lien in the titles of the numerous individuals who purchased single or small numbers of lots in this plan.

Gentlemen,

I am directed to say in answer to your letter of the 23rd ultimo, that owing to the irregular manner in which Mr. William Duke's homestead duties upon the S.W. 1/4 of Section 30, Township 54, Range 23, T. 54. N., were performed under the two miles radius clause, it was impossible to approve his application in the usual way; inasmuch, however, as the equitable requirements of the law have been fully complied with, the Commissioner made a special recommendation.

The certificate of recommendation does not issue in these cases, and I am asking the Secretary of the Department to advise you about what time Mr. Lake may ~~soon~~ expect to receive his Letters Patent.

Dear Sir

The way I run up my place
then the West 2d section 30
Township 34 Range 23 was of 4 M
I was on the 3 year section
of the papers & I had to
live six months in each year
within 2 miles of it & about all
I had to do was to
was 3 months in each year
Don that I allowed to
with my 15 acres in the
cornes. Then the 6th months
in each year & cut up & work
on my own place

I would have to wait the
hours before the first
15 acres crop didn't grow & my
next crop got worse so I had
to work out to get money

to build & improve the
place. So I can explain
any thing I read and better
than I did in the letter of

 Sir,

It seems from the report of the Home-
 -stead Inspector recently received here that the culti-
 -vation upon your homestead the S. W. 1 of Section 30--
 54--23 W 4 is not sufficient to meet the requirements
 of the 2 mile radius clause of the Act under which you
 propose to apply for patent being in extent only 35
 acres instead of 40 acres which the law requires.
 When you have brought the latter area under cultivation
 you must again put in your three months residence and then
 apply for patent.

It would be appreciated if you would advise whether you have any record of letters patent being issued to Ludger (aka Charles) Guenette near the vicinity of Drumheller, Alberta, prior to 1900.

Dear Sir:

Re: Luther (aka Charles) Guenette

I have your letter of the 7th of May, 1956, relative to your enquiry as to Letters Patent having been issued in favour of the above-named.

In reply, I wish to inform you that we are unable to trace any record of Letters Patent having been issued in the name of Luther (aka Charles) Guenette from 1900 to 1930. We do however have a record of one Louis Adolphe Guenette having obtained Letters Patent No. 200,000 of February, 1903, for the North-west quarter of Section 7, Township 51N, Range 20W, County of Peace, Province of Alberta. In his sworn statement dated 1st of December, 1904, in support of his application for Letters Patent for the said invention, he stated that he was 37 years of age at that time and was born in the County of Peace, Province of Alberta. His family consisted of his wife and one child. His address at that time was Spruce Grove, Alberta. I may add that Spruce Grove is approximately 150 miles north of Drumheller, Alberta.

Sir,

Referring to your letter of the 20th instant, Ref 376619, addressed to Mr. W. E. Smith, of Livingstone, Alberta. I am directed to say that in a statement filled up on the 27th of November last Mr. Smith shewed that he had obtained entry for the S.E. 1/4 of Section 10, Township 9, Range 2, W. 5 M. on the 4th of October, 1894; that he had built a house upon it in 1891; that he had resided upon the land at intervals for the past three years, and almost constantly for the past four years within 1 1/2 miles, but had done no ploughing except fireguards, and claimed to have 150 head of stock and 3 horses. His house measured 12 x 16 and was valued at \$75.

In view of the foregoing Mr. Smith was advised from this office that his residence within 1 1/2 miles of his homestead could not be counted to his advantage under the two miles radius clause of the Act, which required 40 acres of cultivation, and that in order to become entitled he must perform the duties as to cultivation and residence required thereunder; otherwise he must live upon the land for six months in each of three years.

Mr. Smith's letter addressed to the Minister does not disclose any particulars which would justify the Department in arriving at a different decision from that already communicated to him.

Sir,

I beg to say with reference to your statement of the 27th ultimo, that residence within one and a half miles of your homestead, the S.E. 1/4 of Section 10, Township 9, Range 2, W. 3. N., cannot be counted to your advantage under the two miles radius clause of the Act. This clause requires 40 acres to be brought under cultivation, but you have cultivated no part of the land. It is necessary that you shall either bring your cultivation in conformity with the two miles radius clause and then reside for three months in a habitable house erected upon the homestead, or that you shall reside upon and cultivate the land for at least six months in each year for three years.

It is impossible to issue a patent in your favor until one or other of these conditions has been fulfilled.

Department of the Interior,

Ottawa,

14th July, 1897.

Sir,

I am directed by the Commissioner to acknowledge the receipt of your letter of the 10th ultimo, No. 8858, enclosing the application for homestead patent of Wm. E. Smith for the North East quarter of Section 10, Township 9, Range 2, West of the 5th Meridian, which you have not recommended in consequence of his not having complied with the requirements of the Act, in respect of breaking and cultivation.

Upon examining the evidence it is observed that Mr. Smith, in the year 1896, broke and cultivated 15 acres, and in 1897 cropped the same area. It is assumed that your objection is in consequence of there not having been cultivation in each of three years, but I am to point out that it was decided some time ago in a similar case that as the applicant had been bona fide residing upon and cultivating the land in accordance with the spirit and intent of the law, it would be inequitable to invoke the letter of the law to his prejudice, even if it were against him, which, in the opinion of the Deputy Minister, was open to doubt.

I return herewith the application which, in the light of this explanation, you may probable see your way to recommend.

I am, Sir,

Your obedient servant,

The Agent of Dominion Lands,
Lethbridge, N. W. T.

Assistant Secretary.

and the homestead entry therefor by
Owen Pascal Thomson

Edward

I, Theodore Galvert of Innisfail in the Provis-

ional District of Alberta, Farmer, make oath and say:-

1. I was born in England and received my education at a public school there. I left school in 1892 to come to Canada when not seventeen years of age and had no business training whatever.
2. I stayed a few months with a relative in Ontario and came to the North West with the intention of taking up a homestead either in Manitoba or the North West Territories when of sufficient age to do so.
3. In December 1893- being then over 18- I went to Innisfail intending to take up a homestead and found a quarter section open for homestead entry about five miles south of Innisfail.
4. Before entering for same one Owen Pascal Thomson tried several times to get me to buy his land east of Innisfail viz:- the south east quarter of section 31 township 34 range 27 west 4th meridian bought originally from the Calgary and Edmonton Railway Company and on which two payments of the ten instalments were said to have been made and the south west quarter of said section 4. He told me he could get a good title to the homesteaded land in a short time and I was entirely ignorant at that time and for some time later that he could not obtain title at any time he chose to apply for it.
5. Negotiations went on between us during December 1893: and

and as I expected my mother and sisters to come from England early in 1894 to live with me and on the said homestead land there was a fairly comfortable house ready for them to occupy I decided to buy the said two quarter sections. on the 29th day of December 1893 I agreed to pay the said Thomson for the two quartersections of land the sum of \$700-00 assuming the unpaid instalments : said to be \$384-00 on the land bought from the Calgary and Edmonton Railway Company.

On that day said Thomson being in a great hurry as he said to get sufficient money to cover charges on a car load of oats obtained from me on account of the purchase money of said land the sum of \$200-00 which I gave him relying on his word that the proper papers should be drawn up without delay so that I might obtain title to the homestead and as far as possible to the Railway land subject to the unpaid purchase money due as aforesaid to the Railway Company.

7. From time to time up to the 22nd of March 1894 the said Thomason obtained from me sums of money on account of the said purchase money: but found excuses for not giving me the proper papers to secure my title. On that day however upon being pressed he executed an instrument which he hereto annexed by which he agreed to sell me the lands above described and said he would complete the title shortly.
8. During the year 1894 I continually asked Thomson to fulfil his contract and get me the necessary papers: but it was not till some time in October 1894 that I discovered the said Thomson had no right to contract to sell me the said homestead land as his homestead duties in respect of

-3-

residence had not been completed. I had however paid him at that time the sum of \$615.16 on account of said purchase money and discovered that instead of two payments having been made on the said railway land one payment only had been made: And I have since paid the said Railway Company \$172-00 for the second instalment and interest payable therewith.

9. I repeat that I was entirely ignorant at the time of contracting with the said Thomson to buy said homestead land and for months afterwards that he could not give me a title to said lands but dealt with him expecting him to be an honest man who would not take advantage of my ignorance of the land laws.

10. At the time of the sale by Thomson to me of the said south west quarter of section four there were on it the following improvements viz acres broken values
at \$ mile of fencing valued at \$ a frame
house 18 feet by 24 feet valued at \$500-00 and log stable
\$25 in all the improvements on said homestead quarter
section were worth about \$525-00 .

Memorandum.

A copy of a letter dated the 18th ultimo from the Secretary of the Land Board to the Agent at Red Deer, instructing him to cancel Mr. Owen P. Thomson's entry for the S.W.¼ of Section 4, Township 35, Range 27, West of the 4th Meridian, and to grant re-entry therefor to Mr. Edward Theodore Calvert on payment of a fee of \$10, together with a copy of a statutory declaration made by Mr. Calvert, have been received here.

Mr. Burpe also makes the following statement in his letter above referred to:-

"Subject to the approval of the Minister to whom the matter is referred, the value of the improvements on the land need not be collected from Mr. Calvert, he having already paid Thomson for them, under the impression that such action was in accord with the provisions of the Land Act--and that Mr. Thomson represented that he had the right to dispose of them."

Mr. Calvert states in the declaration, among other things, that all the improvements on Mr. Thomson's homestead quarter-section were worth about \$125, such improvements consisting of a house valued at \$500 and a log stable at \$25.00.

I beg to recommend that the action taken by the Commissioner in this matter be approved.

Sir:-

See yours of the 26th ultimo 404,574 re application of the Pincher Creek Agricultural Society to acquire the N.E. 1/4, 24 - 6 - 30 west 4th Meridian.

I would refer you to copy of letter from this office to the Lethbridge Agent dated the 19th March 1895 No. 10,748 on 595 sent you. On the 25th of the same month this office received notification from the Agent to the effect that the lands stood vacant in the books of his office and at the same date Capt. N.F. Scobie, who was looking after the interest of the widow of the late Hon. Justice Macleod was written to as follows:-

"I am advised by the Lethbridge Agent that the N.E. 1/4, 24 - 6 - 30 west 4th Meridian stand vacant in his books. If the heirs of the late Colonel Macleod desire to acquire the same, having been originally claimed by him, I would suggest that they make application for the same at once"

It is to be presumed that the heirs of Col. Macleod do not now desire to obtain this land, so that it may be disposed of without reference to them.

them.

There are two points in connection with this application to which I may be permitted to direct attention.

One is that for the purpose of an Agricultural Society 160 acres is an extravagant area. Many district societies in Ontario have not 40 acres, Calgary has 94 but of that 50^{per cent} is waste land and the eligible area including a mile race track is found amply sufficient. Macleod has 80 acres and has a mile race track. The Winnipeg Industrial has not more than 60 acres I should judge; but do not know the exact area. It may be argued that as land there is of comparative little value, a large area might as well be granted; but it has frequently occurred to the writer, that we in the west are often extravagant in our ideas of area of cemeteries, church sites, agricultural grounds, etc., ⁱⁿ and these parcels which are obtained as free grants or practically such. A much smaller area well fenced and kept in a neat, tidy condition, which could be done at a reasonable outlay, would be much better than those large areas slovenly kept.

The second point is, that grants for Agricultural Societies ~~which~~ should be held in trust by the Government for the purposes intended and when their usefulness for such ceased, they should revert to the Crown. Take the grant to the Calgary Agricultural Society for instance. After very considerable solicitation it was sold them at \$2.50 per acre. I It was at once mortgaged and now the society is striving to have the corporation of Calgary come to its rescue and purchase it for a park, the mortgage with interest now amounts to \$4,500.00. If the title had been retained in the Crown,

Crown, the Society would today probably have been in a much better position than it is. Societies in small communities are difficult to manage from the fact, that frequently it is well nigh impossible to obtain an efficient directorate. I It may start out all right; but after a few years, everything becomes changed and public interest and enthusiasm in promoting its aims become apathetic.

On the 8th ultimo, Mr. A. M. That application was referred to Mr. Pearce for his report, and Mr. Pearce give his opinion upon the merits of the application.

He states in the first place that he thinks the area asked for is extravagant, and alludes to other places, especially to Calgary, Macleod and Winnipeg, where each of these places they appear to be satisfied with an area half as large as the one now applied for, and in the second place he thinks grants to Agricultural Societies should be held in trust by the Government for the purpose for which they are intended, and when their usefulness ceases they should revert to the Crown, and instances the Agricultural Society of Calgary who purchased a piece of land near that town at the rate of \$2.50 per acre, which has now he says practically passed out of their hands as it is mortgaged for a large amount. Mr. Pearce alludes to this quarter having at one time been claimed by the late Judge McLeod, but he

I am to add that your suggestion is strictly in accordance with the practice of the Department in making grants under clause 31 of the Dominion Lands Act, but in the case of the grant to the Calgary Agricultural Society the transaction was in the form of a sale, to which no conditions were attached, the price being fixed at \$2.50 per acre.

THE INFORMATION OF
HONORABLE

Sir.

In reply to yours of the 12th inst' regarding area required for agricultural grounds, having in view that the Winnipeg Industrial has only about 60 acres of ground many Exhibition Grounds in Ontario, where large shows are held contain far less than 40 acres. The Calgary Agric'l Society had 94 acres of which more than 50% is waste.

Do you not think 40 acres ample?

When large areas are acquired the fences are permitted to fall in disrepair, and the buildings consequently soon follow suit.

As a speeding track, a standard track one half mile in length 100 feet in width, parallel sides and circular ends, length of sides 600 ft., radius of curves for establishing inside rail 228 ft., can be laid out on a legal subdivision, so that no point of the track will come within 130 ft. of the boundaries of the said L.S., and there is ample room for buildings outside the track and stock rings can be placed within. A $\frac{1}{4}$ mile bicycle track, also lawn tennis, cricket, and base-ball grounds.

If a mile speeding track is desired by your Society, possibly the Gov't would sell to you the additional area required.

Public opinion would probably not sanction the gift of the public domain for horseracing purposes.

We went over the quarter section of land carefully that we have applied for and which you say we can have any subdivision for our Agricultural Society. We would like to get the S.E. and S.W. subdivisions very much. It would be a nice ground and we guarantee that we will keep it in good shape. Already we have enough of the best posts to be had in the country to fence it in with. How much per acre would we have to pay for the remainder of $\frac{1}{4}$ section in case we could buy it. Now I trust you will see your way to let us have the two L.S. asked for above. We would prefer or chose the S.W. one if we could get no more; but I think you will do what you can for us in getting the two.

Sir:-

2
See yours of the 6th May last Ref. 404.574. I enclose herewith copy of a letter I have received from Mr. A. M. Morden and a copy of my reply. Their application has been reduced to the S. & T. of the N. E. & T., and if they are to be limited further to a grant of 40 acres, they desire to obtain Legal Subdivision 10 of said section. I think, the department might reasonably sell them what lands they desire over and above the grant of 40 acres at \$3.00 per acre.

I don't imagine they will be pleased by the price.

I am, Sir,

Your obedient servant,

W. L. M. Morden
Superintendent,

The Secretary of the

Memorandum.

Shall I prepare a report to Council in this matter of the application of the Pincher Creek Agricultural Society for a grant of land? Mr. Pearce says that the application has been reduced to the South half of the North East quarter of Section 24, Township 6, Range 30, West of the 4th Meridian, that is, 40 acres as a grant and the balance as a sale. It appears to me that 80 acres is a pretty large site for the kind of Show Grounds they will require at Pincher Creek for a long time to come.

The undersigned has the honour to report that an application was received from the Pincher Creek Agricultural Society for a grant of ~~100~~ acres of land, being the North East quarter of Section 21, Township 6, Range 30, West of the 4th Meridian, for the purposes of that Society. The application having been referred to Mr. Superintendent Pearce, a member of the Land Board, he reported the area of forty acres, or one legal subdivision, as being ample sufficient for the needs of the Society.

The undersigned has therefore the honour to recommend that he be authorized to make a grant to the Pincher Creek Agricultural Society, under Clause 51 of the Dominion Lands Act, which provides for the appropriation of land by Your Excellency for public purposes such as the one in question, of one legal subdivision of forty acres, being legal subdivision 10 of Section 21, Township 6, Range 30, West of the 4th Meridian, for the purposes of the Society.

Respectfully submitted,

Mr. Hall Secy. Dept. Interior

Sir

On the 8th of May last I wrote your
Dept. asking if you would grant us the N.E. 1/4
Section 24 Twp 6 Range 30 W of 4, for our Agricultural
Society here. You informed me sometime after that
the matter was referred to Mr. Pearce, Calgary.
He, Mr. Pearce, wrote me on the 8th of August
offering me ^{one} subdivision of the 1/4 section.
I replied by saying that it was a very small
portion of land and that at least we should
get the half of it the two subdivisions the South East
and South West ones (80 acres). He offered no objections but
said he referred the matter to the Dept. at Ottawa
since then we have heard nothing more about it.
Now we hope that the Dept. will kindly grant us the
request. It is not very much land. And we are obliged
to make a road to it and along side of it. And we could
then have it in a proper shape and could and will make
it a very nice property for our purposes. Besides we
wish to get the Posts & Timber on the ground thereon
to fence it properly. We ask your Dept. to give us a kindly answer
and grant us the two subdivisions. We ask for.

Respectfully yours

Pincher Creek Agricultural Society

The Pincher Creek Agricultural Society desire to obtain sufficient land for the purpose of a show ground &c. Application having been made to the Dept of the Interior the matter was referred to Mr Pearce who objects to giving more than forty acres.

The application has been renewed but without other result.

Forty acres is clearly insufficient for all the purposes of such Society and in view of ~~the~~ the large amount of ~~land~~ unoccupied land in the district and the large Grants made to other Towns both for agricultural grounds and also for parks, it is hoped that you will interest yourself to obtain for us the land we require, that is the ~~South~~ ^{North} half of sec 27 Township 6 Range 30 West of 4th. or at least the ~~North~~ ^{South} half of 1/4 quarter of the same section

Hon. Clifford Sifton,

Dear Sir:-

I beg to enclose resolution of Pincher Creek Agricultural Society endorsed by the Citizens of Pincher Creek asking for a grant of 80 acres of the present police reserve in the vicinity of the Town as agricultural grounds for the use of the Society. An offer has been made of 40 acres by the Department, but the Society object, that this is inadequate for their purposes, which position I beg to sustain. It will easily be understood that where the Agricultural exhibits are chiefly ranch cattle and horses, and do not admit of being stabled as ordinary domestic animals, ^{they} ~~and~~ require a much larger area for being kept for exhibition purposes than such domestic animals. In other words, where a few stalls along the fence of the grounds is adequate for the accommodation of domestic cattle and horses, Corrals or small fields are necessary for ranch cattle and horses.

Hoping that you will be able to grant the prayer of the petition.

Yours,

Frank Oliver

Dear Sir,

I beg to acknowledge the receipt of your letter of the 5th instant enclosing a copy of a Resolution passed by the Pincher Creek Agriculture Society asking for a grant of 60 acres for the use of the Society, and to say that a definite reply in this connection will be sent on in the course of a few days. At first sight it appears to me that 60 acres is quite a large tract of land to be granted any ordinary Agricultural Society for this purpose, and if my memory serves me rightly the ground occupied by the Winnipeg Industrial Exhibition Association is only about 60 acres. However, I will enquire into the matter at once and do the best I can to meet your wishes.

Ref. 377163:

Ottawa, 24th April, 1897.

Memorandum:-

Mr. Oliver, M.P., applies on behalf of the Pincher Creek Agricultural Society for a grant of 80 acres of the present police reserve in the vicinity of the town as agricultural grounds for the use of the Society. The only grant which the Department appears to have made heretofore for purposes of this kind is one of 8 acres to the Qu'Appelle Agricultural Society as a site for their buildings, and the grant of 40 acres to the Pincher Creek Agricultural Society which they now desire to have extended to 80 acres, on the ground that where agricultural exhibits are chiefly ranche cattle and horses, and do not admit of being stabled as ordinary domestic animals, a much larger area is required. Authority was obtained for making this grant of 40 acres to the Society by Order in Council of the 10th November last, but owing to the application of the Society for a larger area no patent has as yet issued. The Society was advised at the time the Order in Council was passed that the free grant could not exceed 40 acres, but that if a larger area were desired any additional land could be purchased at the regulation price of \$3.00 per acre.

I submit the facts for your consideration, believing that the offer of the Department in favour of the Society was a most liberal one, and I beg to recommend that Mr. Oliver be advised accordingly.

Respectfully submitted,

Dear Sir,

Referring again to your letter of the 6th ultimo, respecting the application of the Pincher Creek Agricultural Society for a grant of 30 acres in the vicinity of the town as agricultural grounds for the use of the Society, I beg to say that I have brought the matter before the Minister, and called his notice particularly to the point which you raised as to the necessity of a larger area being required where the exhibits are chiefly ranch cattle and horses.

I may remind you that while the Order in Council of the 10th November, 1906, restricted the Society to 40 acres as a free grant, the Department is quite willing to allow them to acquire by ordinary purchase, at the current rate of \$3 per acre, the additional 40 acres if it is needed. As a matter of fact the area offered free is much larger than has

Dear Sir:-

I beg to acknowledge receipt of yours of the 14th stating that Mr. Sifton considers \$3.00 per acre a reasonable price for the 40 acres of land applied for by Pincher Creek Agricultural Society, considering its location.

I would like to say that the location does not give this land any particular value for any reason, or for any purpose of the Government or any private party, more than any other land in that district. This land as I have stated before has been sold in large and small quantities at \$1.25 per acre, although an artificial price has been fixed at \$3.00 per acre.

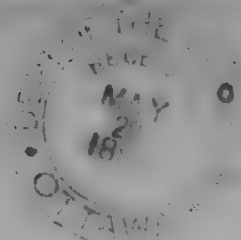

I humbly submit that where the land is required for ~~the~~ public and ~~useful~~ ^{minimum} purposes the ~~price~~ and not the maximum price should be charged. Hoping for a re-consideration of the price charged I am,

Dear Sir

The Agricultural Society of
 Sec 24 T^h 6 R. South of 4. You gave us Sub. 9. and offered us
 10. ~~at \$1.25~~ \$1.25 per acre which we accept. These two
 subdivisions are very nice and level and will answer
 the purpose well in fact this $\frac{1}{4}$ section is the only
 available one that we could get. Now as President
 of the Society I am instructed to apply to you for the
 two subdivisions 15 & 16. We are quite willing to pay
 the \$1.25 per acre for them. By getting these two 15 & 16 we
 can save a distance of a mile in travel every time
 we have occasion to go to the fair ground. There
 is no road allowance south of Sec. 24. besides there is a
 road which the late Govt had laid out some distance
 west of this ~~the~~ $\frac{1}{4}$ section which ^{we} will also have to travel.
 This road runs north east from Pincher Creek and is the main
 road. This may seem somewhat of a large area for an
 agricultural fair ground. But we are quite willing
 to buy it. and if we do not succeed in getting it we
 will at a disadvantage in having to travel so far.
 Our idea is to make it into a Park in connection with
 the fair ground. And I may say that an Irrigation

Ditch has been successfully completed by which
we could have a good chance to put a stream of
water thro. it and have every opportunity to make it a fine
resort and a park that would be a credit as well as
a benefit to this locality for all time
Now I hope that you will give this matter your
kind consideration and see your way to grant us
this request.

I have not heard from the society in the matter and am, therefore, unable to state what their special reason is for requiring the large tract. The land, however, is reserved at the present time and unless the government has some special object in view for the near future, the Agricultural Society might just as well have it as that it should remain reserved, as it is now.

Sir,

Referring to your letter of the 8th instant, applying on behalf of the Pincher Creek Agricultural Society for the North East quarter of Section 24, Township 6, Range 30, West of the 4th Meridian, I am directed to inform you that the matter has been referred to Mr. W. Pearson, Superintendent of Mines, Calgary, for report. As soon as his reply is received you will be further communicated with.

Sir:-

See yours of the 26th ultimo 404,574 re application
-on of the Pincher Creek Agricultural Society to acquire the
N.E. 1/4, 24 - 6 - 30 west 4th Meridian.

X I would refer you to copy of letter from this office
to the Lethbridge Agent dated the 19th March 1895 No. 10,746
on 1895 sent you. On the 25th of the same month this office
received notification from the Agent to the effect that the
lands stood vacant in the books of his office and at the same
date Capt. N.F. Scobie, who was looking after the interest
of the widow of the late Hon. Justice Macleod was written to
as follows:-

See 24 & 25 Sec 25 1/4 of
"I am advised by the Lethbridge Agent that the N.E. 1/4 of
S. 1 and 2 of Sec. 25 - 6 - 30 west 4th Meridian stand va-
cant in his books. If the heirs of the late Colonel Macleod
desire to acquire the same, having been originally claimed by
him, I would suggest that they make application for the same
at once"

(It is to be presumed that the heirs of Col. Macleod
do not now desire to obtain this land, so that it may be dis-
posed of without reference to them.

then.

There are two points in connection with this application to which I may be permitted to direct attention.

One is that for the purpose of an Agricultural Society 160 acres is an extravagant area. Many district societies in Ontario have not 40 acres, Calgary has 94 but of that 50 per cent is waste land and the eligible area including a mile race track is found amply sufficient. Macleod has 80 acres and has a mile race track. The Winnipeg Industrial has not more than 60 acres I should judge; but do not know the exact area. It may be argued that as land there is of comparatively little value, a large area might as well be granted; but it has frequently occurred to the writer, that we in the west are often extravagant in our ideas of area of cemeteries, church sites, agricultural grounds, etc., ⁱⁿ and these parcels which are obtained as free grants or practically such. A much smaller area well fenced and kept in a neat, tidy condition, which could be done at a reasonable outlay, would be much better than these large areas slovenly kept.

The second point is, that grants for Agricultural Societies ~~will~~ should be held in trust by the Government for the purposes intended and when their usefulness for such ceased, they should revert to the Crown. Take the grant to the Calgary Agricultural Society for instance. After very considerable solicitation it was sold them at \$2.50 per acre. It was at once mortgaged and now the society is striving to have the corporation of Calgary come to its rescue and purchase it for a park, the mortgage with interest now amounts to \$4,500.00. If the title had been retained in the Crown,

Crown, the Society would today probably have been in a much better position than it is. Societies in small communities are difficult to manage from the fact, that frequently it is well nigh impossible to obtain an efficient directorate. I It may start out all right; but after a few years, everything becomes changed and public interest and enthusiasm in promoting its aims become apathetic.

Sir:-

We went over the quarter section of land carefully that we have applied for and which you say we can have by subdivision for our Agricultural Society. We would like to get the S.E. and S.W. subdivisions very much. It would be a nice ground and we guarantee that we will keep it in good shape. Already we have enough of the best posts to be had in the country to fence it in with. How much per acre would we have to pay for the remainder of the section in case we could buy it. Now I trust you will see your way to let us have the two N.E. asked for above. We shall prefer to choose the S.W. one if we could get no more; but I think you will do what you can for us in getting the two.

Dear Sir,

The Govt. has granted to the Pincher Creek Agricultural Society the legal subdivisions 9, & 10, of the North East $\frac{1}{4}$ of Sec. 24, - Tp. 6, - Range 30, - west of 4th; they as you are aware gave us one subdivision free, the other we are to pay \$1.25, per acre.

Now they the Society have requested me to see if we cannot get the two subdivisions north of these two at the same price, that would give us the quarter Section complete.

It is the only available piece of land to be had anyway near the town and it would be a very nice property for the town, and neighbourhood. We would fence it all at once and I will guarantee to you that we will make it a very nice property. I am certain that you can do this for us, and I kindly ask you to do so.

We intend holding our first exhibition on the 8th of October. The crops in this vicinity are excellent, and there is a great deal of business and work going on caused principally by the Railway construction.

Yours truly,

It might be well to direct your attention to a letter from George Levasseur regarding the said legal subdivisions, see mine of the 2nd of February, last, 1897, Ref. 590, addressed him a copy of which was sent you.

I have already expressed my views fully, regarding this matter, see mine of the 3rd of June 1896, 1844, Ref. 590, addressed you, also mine of the 17th of August, 1896, 1844, Ref. 590, addressed Mr. A. M. Morden, a copy of which was sent you. See your Ref 377163

In reply to your verbal enquiry in connection with the payment to be made by the Pincher Creek Agricultural Society for the North half of the North East quarter of Section 24, Township 6, Range 30 West of the 4th Meridian, at the rate of \$3.00 per acre, I beg to say that this Society can pay the amount of the purchase money either at the Head Office here, or to the Agent of Dominion Lands at Lethbridge. The first instalment is one fourth of the purchase money, and the conditions of sale are that the balance is to be paid in three equal annual instalments, with interest at the rate of 6% per annum.

Memorandum: -

The Registrar at Calgary, in his letter of the 21st ultimo, raises the question of the responsibility of the Department in ascertaining in the cases of Societies, or Companies, in the North West Territories, on their applying to purchase land, whether such Society or Company is qualified to acquire and hold real estate. Do you think the responsibility in this matter rests upon the Department, or whether the Society or Company should assume the responsibility in a matter of this kind. The Registrar also draws attention to the case of the Pincher Creek Agricultural Society, and states that, under Section 12, of Ordinance No. 20 of 1892, it is provided that the incorporated name shall be-"the Agricultural Society of--".

When carrying out the sale to this Society, I took it for granted that the applicants knew the correct name under which the Society existed, but should there be any mistake of course the patent will have to be recalled, and a new one issued. Will you kindly communicate with Mr. Harvey.

Memorandum :- 377163 -

The view I take with regard to the issue of letters-patent to any Company is that although such Company must assume all risk in so far as the Company is concerned in purchasing land and receiving letters-patent therefor, when the Company has no power to acquire and hold real estate, and all risk where the Company has such power and gives the Department an incorrect name, it is the duty of the Department before issuing letters patent to a Company to obtain from the Company a copy of the act of incorporation or authority for acquiring and holding real estate, and also to make enquiry as to the Company's correct name.

My reasons for this view are that if no patent is issued to a company having no authority to acquire or hold real estate that while no land would pass to the Company by the patent, it would prevent the land from being purchased from the Company after issue of certificate of title to the Company would have to be protected by the Crown in his title.

Again, as in the case to which the accompanying file relates, if the name is an incorrect one are put to the inconvenience of cancelling patent with the incorrect name, and issuing

Sir,

I am directed to acknowledge the receipt of your letter of the 21st ultimo, drawing attention to an error which was made here in issuing a patent in the name of "The Pincher Creek Agricultural Society," instead of the name provided by Section 12, of the North West Ordinance, No. 20 of 1892, and to advise you as follows :-

The view which is held here with regard to the issue of letters-patent to any Company is that although such Company must assume all risk in so far as the Company is concerned in purchasing land and receiving letters-patent therefor, when the Company has no power to acquire and hold real estate, and all risk where the Company has such power and gives the Department an incorrect name, it is the duty of the Department before issuing letters-patent to a Company to obtain from the Company a copy of the Act of incorporation or authority for acquiring and holding real estate, and also to make enquiry as to the Company's correct name; and while no duty or responsibility devolves upon the Registrar in these matters there is no reason why he should not look into them as they arise.

With regard to the patent to the Agricultural Society before referred to I am to say that the name inserted in the patent was the name which the president of the Society stated to be the correct name. It was assumed that he should know, and the patent was issued accordingly. Possibly the patent may have to be cancelled and a new one issued in which the name authorized by the provisions of the Ordinance referred to will be inserted.

Sir,

I have the honour to request advice upon the following matter : -

Letters-patent were recently issued by this Department, upon payment of the purchase money, \$50.00, for legal Subdivision No. 9, of Section 24, Township 6, Range 30, West of the 4th Meridian, in favour of "The Pincher Creek Agricultural Society," and, in accordance with the provisions of Section 39 of "The Land Titles Act, 1894," were transmitted to the Registrar of the District in which the land is situated for the issue of a certificate of title in favour of the Society, under the provisions of the Act.

The Registrar has pointed out that the name of this Agricultural Society, as set out in the patent, is not in accordance with the provisions of Section 12 of the North West Ordinance, No. 20, of 1892, and that he is, therefore, in doubt as to the action he should take. He has also reported that he has ascertained that the Society, notwithstanding the provisions of the Ordinance referred to, was actually incorporated under the name set out in the patent, and that, as a matter of fact, it is the practice to ignore such provisions.

The points with regard to which your opinion is particularly desired are :-

(1) Has the Registrar power under the Land Titles Act to issue a certificate of title in favour of the Society in that name, for the land mentioned in the patent, although such name is not the name which the Society should have been incorporated under, under the provisions of the Ordinance before referred to ?

(2) In the event of the issue of a certificate to the Society under the name mentioned in the patent, would any title pass to a transferee or mortgagee from the Society, of the land in question, which upon registration of a transfer or mortgage the Registrar would be called upon to deal with ?

(3) In view of the provisions of the Ordinance in question has this Society, being incorporated only under the name "The Pincher Creek Agricultural Society," any legal existence ?

I have the honour to be,

Sir,

Your obedient servant,

Acting Deputy Minister.

APR 15 1895 8.

S i r;

I have the honour to acknowledge the receipt of Mr Rothwell's letter of the 6th instant - 468941 - with respect to certain letters patent recently issued by your Department in favour of the Pincher Creek Agricultural Society.

The Registrar of Titles, it appears, has pointed out that the name under which this grant has been made to the Society is not in accordance with the provisions of Section 12 of the Ordinance No. 20 of 1892; and he is, therefore, in doubt, as to the action he should take. He states that he has ascertained that the Society notwithstanding the provisions of the Ordinance was actually incorporated by the name used in the letters patent, and that as a matter of fact it is the practice to ignore such provisions.

Section 12, referred to by the Registrar, provides that each Society formed under the Ordinance shall be a corporation, with a corporate seal, under the name of the Agricultural Society of (inserting the name of the Society).

Under these circumstances you submit certain questions for opinion, and as to these, I would say as follows:- I think that the Society in question became a corporation upon complying with the provisions of the Ordinance by forwarding to the Lieutenant Governor in Council a declaration provided for by Section 1, and upon receiving from the Lieutenant

The Deputy Minister

Governor

Department of the Interior,

O T T A W A.

470414

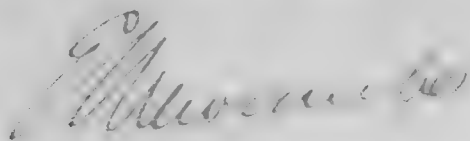

Governor the acknowledgement provided for by Section 5, notwithstanding that in the declaration a name may have been proposed for the Society which was not in accordance with the provisions of Section 12, but I think that the true name of the Society when so incorporated would be not that proposed in the declaration but the one prescribed by the Ordinance, and that the name of the Society now in question would be The Agricultural Society of Pincher Creek. The letters patent having been issued to it by a wrong name, however, the grant is not, in my opinion, on that account inoperative, the name "Pincher Creek Agricultural Society" being sufficient as a descriptio personae to indentify the Society.

If a certificate of title is issued, I think it should be in favour of the Society by its statutory name.

I am,

S i r,

Your obedient servant,

Deputy Minister of Justice.

Dear Sir:-

Re Hon. Peter McLaren Estate.
Part of the NE $\frac{1}{4}$ of 25-6-30 West 4th.
Part of the SE $\frac{1}{4}$ of 25-6-30 West 4th.

This is a matter in which the late Colonel J. F. Macleod homesteaded the above land on the 9th July 1888 and patent for same appears to have issued in 1889. This land was subsequently sold to the late Honorable Peter McLaren and it was thought at the time that the sale included the South Half of the South Half of Legal Subdivisions 1 and 2 in Section 25-6-30 West of the 4th. When the Executors of the honorable Peter McLaren's Will effected a sale of the property it was found that this last mentioned land was not included in the ranch, although it had always been looked upon as part of the estate.

It appears that there is a recent order of the Department to the effect that all vacant lands South of the South Boundary of Township 16 in this Province have been reserved from entry or sale. The Executors of the Will are anxious to acquire this property for the purpose of carrying out their agreement with the purchasers and I shall be glad to know if the Department will consider an application for the purchase of this parcel of land notwithstanding the ruling in question.

These circumstances have only just come to light otherwise I have no doubt that the Honorable Peter McLaren would have obtained title to this property before this ruling went into effect.

Yours faithfully,

B.C.

Agency file No. 968.

I enclose herewith copy of a letter dated the 20th November last from Mr. R. F. Barnes, Barrister of Macleod, Alberta, in reference to the land above mentioned, in regard to which I would refer you to yours of the 18th ultimo.

Before deciding what disposition should be made of this land you will please detail a Homestead Inspector to report as to the value and character thereof and particularly what use has been made of the same, and by whom. The Homestead Inspector should also report whether the disposal of this land as suggested by Mr. Barnes would be detrimental to other interests in the community.

From the records here it is not clear how it came about that this small parcel of land was eliminated from the homestead entry of the late James F. Macleod or under what circumstances the reservation of this and a portion of the North East quarter of Section 24 for the late Colonel Macleod was effected. If your records give any indication of this please report fully and in the meantime expedite the report.

Re S. 1/2 of S. 1/2 of L.S. 1 & 2
of Section 25-6-30-W. 4th M.

Do your records give any indication as to the circumstances under which the late Superintendent Pearce of the Mines Branch, Calgary, wrote the letter of the 20th August, 1907, (copy marked).

I should judge that Mr. Justice Macleod (otherwise referred to as Colonel Macleod) had some interest in the fractional East half of Section 25 south of Pincher Creek as I observe that Superintendent Pearce refers to improvements valued at \$2000.00.

Representations have now been made to the Department on behalf of the estate of the late Hon. Peter McLaren to acquire the South half of the South half of legal subdivisions 1 and 2, which for some reason was not included in the late Colonel Macleod's entry. This parcel of land is shown in pink on the sketch on Head Office file No. 377153 (marked) but from information furnished by Mr. R. F. Barnes of Macleod, Solicitor for the estate, the piece of land referred to has long been regarded as forming part of the property of the estate and, as a matter of fact, a transfer would appear to have been made thereof and in order to enable the executors of the estate to carry out their agreement with the purchasers of the Rancho, Mr. Barnes has been instructed to approach the Department with a view to purchasing this parcel of land.

...So...

So far we have been unable to find out why the South half of the South half of legal subdivisions 1 and 2 was not applied for by the late Colonel Macleod and in view of the action of Superintendent Pearce it has occurred to me that possibly the deceased may have had some interest in the mining rights under the fractional East half of Section 35 or possibly a grazing lease. Would you kindly let me have a report in the matter at your convenience.

Memorandum.

Mr. Barnes.

Re S. 1 of S. 4 of L.S. 1 & 2 of
Section 25-6-30, W. 4th M.

Mr. R. F. Barnes, Barrister of Macleod, made application on the 20th November last, on behalf of the executors of the estate of the late Hon. Peter McLaren to purchase the land above mentioned.

The late James F. Macleod was granted letters-patent on the 18th February, 1889, for the north three-quarters of L.S. 1 & 2; L.S. 7 & 8; and part of L.S. 9 & 10, of Section 25-6-30, W. 4th M., south of Pincher Creek, as a homestead and Time Sale.

It is further indicated by the correspondence that the late Colonel Macleod made some claim to the remainder of L.S. 1 & 2 (the subject of this reference) and the N.E. 1/4 of Section 24 lying south thereof in the same Township, but I have been unable to find out just what this claim was. In any event by letter of the 28th October, 1896 (marked) the Agent of Dominion Lands at Lethbridge was notified by the Department as the heirs of the late Colonel Macleod had not substantiated the claim, whatever interest the estate might have in the land might be regarded as extinguished and that the land might be disposed of without further reference to the persons concerned.

The Pincher Creek Agricultural Society obtained a grant of forty acres of the N.E. 1/4 of Section 24, comprising L.S. 10, by Order-in-Council of the 10th November, 1896, for agricultural purposes and the Society subsequently obtained patent for the remainder of the quarter-section, namely, L.S. 9, 15 & 16, by purchase.

No disposition has been made of the strip of land comprising the S. 1/4 of the S. 4 of L.S. 1 & 2, lying between the property of the late Colonel Macleod and the Society's land. Please see sketch hereunder.

Mr. Barnes states that the late Peter McLaren bought out the interests of the late Colonel Macleod

and

and that it was always understood that the sale included the piece of land in question. However, when the executors of the estate of the late Peter McLaren effected a sale of the property it was found that this land was still Dominion Lands although actually included in the ranche. The executors are anxious, it is stated, to acquire this property for the purpose of carrying out their agreement with the purchasers, and Mr. Barnes, on their behalf, desires to be informed whether the Department would consider an application to purchase.

The land is vacant and available, and Homestead Inspector Wilcox has reported as follows in connection therewith:-

"The above described land is enclosed with the balance of the quarter section under fence and has been used for grazing purposes by the said Hon. Peter McLaren and the McLaren estate for over 20 years according to the statements of some of the old settlers in the district. They all had the idea that the said land belonged to Mr. McLaren. It would in no way be detrimental to the interests of the community if this land were disposed of to the estate of the Hon. Peter McLaren and I think that they should be allowed to purchase same. I would value the said land at \$20.00 per acre."

The late Colonel Macleod never pre-empted land apparently, and it is possible that he may have intended to apply for the land reserved for him as a pre-emption under the old law. In that case he would probably have been able to purchase at less than \$5.00 an acre (the price under the old regulations varied). The Pincher Creek Agricultural Society purchased L.S. 9 at \$1.25 an acre and L.S. 15 & 16 at \$3.00 an acre, and it may be considered that the estate of the late Peter McLaren should be given the privilege of purchasing the S. 1 of the S. 1 of L.S. 1 & 2 at the minimum price of \$5.00 an acre, notwithstanding its present value.

However, under all the circumstances of the case, I would recommend a sale of this land at the Homestead Inspector's valuation of \$20.00 per acre to the estate of the late Peter McLaren on receipt of a properly certified copy of Letters of Administration and proof of ownership of the balance of the quarter-section, the original homestead of the late Colonel Macleod. This price would seem to be justified in view of the fact that the estate has had the use and benefit of the land for many years and the persons concerned will no doubt be glad to get it on these terms.

The present Agent of Dominion Lands at Lethbridge is unable to throw any light from his records on the alleged claim of the estate of the late Colonel Macleod although no doubt former Superintendent Pearce of the Mines Branch, Calgary, is, or was, at one time, thoroughly familiar with the circumstances of the case, but I see no good reason for pursuing the matter from this angle in view of the decision set out in Head Office letter referred to herein.

Dear Sir,

Will you kindly give me the terms and price per acre for the S.W. $\frac{1}{4}$ 16 - 39 - 26 West of 4 M., as I wish to purchase it. I find that 160 acres will be too small to carry my stock, and as this $\frac{1}{4}$ joins mine it will be very convenient to me.

Hoping this will meet with your usual prompt attention.

Sir,

I have the honour to enclose herewith an application of Mr. S.W. Paisley to be permitted to purchase the S.W. $\frac{1}{4}$ 16 - 39 - 26 W. 4. N., Mr. Paisley's homestead is the N.W. $\frac{1}{4}$ of the same section. He is possessed of no other Government land in the district. His nephew has homesteaded the N.E. $\frac{1}{4}$ of the section. The S.W. $\frac{1}{4}$ was originally taken up by Mr. Paisley's father, but being too old and infirm to leave Ontario, he was permitted recently to abandon it. Mr. Paisley is an excellent settler, and has brought into the District some superior stock, and, as his present allowance of 160 acres is too small for his purposes, is anxious to secure an additional quarter-section.

I strongly recommend his application.

Sir,

You have been recommended for patent for the N. E 1/4 of Sec 16, T4 3 R9C23 West of 4th Meridian which, according to the official plan of survey contains an area of 106 acres, the remainder of it being covered by the waters of a certain lake. As the waters of this lake may have recession, making the land which was then covered by water more or less fit for cultivation, it is possible that you may wish to have the patent for years' term extended in order to cover the full theoretical area of 160 acres, which includes the lake and the land covered by water.

If you desire the patent issued in this way, on your filing with the Department here a solemn declaration, a form of which is herewith enclosed, to be made in accordance with the provisions of "The Land Act of 1900," and the land covered by the waters of the lake, as shown on the official survey plan, to be surveyed, the patent can then be issued for the full theoretical area of 160 acres, more or less.

Your obedient servant,

Letter,

File. 377005

Department of the Interior,

Ottawa, 30 June, 1904

Sir,

You have been recommended for patent for the
E. 1/4 of Sec. 16, T. 4 S., R. 2 E. West of
4th Meridian which, according to the official
plan of survey contains an area of 100 acres, the
remainder of it being covered by the waters of a certain
lake. As the waters of this lake may now recede,
making the land which was then covered by water more or
less fit for cultivation, it is possible that you may wish
to have the patent for your homestead issued to cover the
full theoretical area of 100 acres, which includes
the land and the land covered by water.

If you desire the patent issued in this way, on
your return with the Department here a signed declaration,
a form of which is enclosed, must be submitted in
accordance with the provisions of "The Land Act,
1902," and the land covered by the plan of survey
as shown on the official township plan, is now the
area of 100 acres, more or less.

Very cordially,
Erley J. Hayes,

Secretary.

The Olson Range, E. 9.

Chapman,

Little Rock.

Dear Sir:

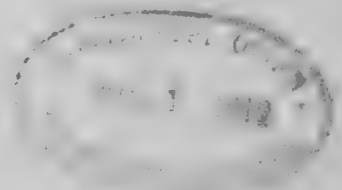

I beg to drop you a line regarding the N E 1/4 of Sect 43 Twp 4 N.

I am now through purchase the owner of said land and what I wish to know is if a new patent could be issued in any form covering the said 16 acres. The former owner neglecting to take advantage of that opportunity (not wanting to be taxed for same).

I enclose your letter to him in reference. I am also in possession of the form mentioned but I may say that said sale has not yet been made and it is doubtful if it will unless it be done by extensive draining.

Hoping to hear from you in the matter I remain your obedient servant

Dear Sirs:

As I understand the department will sometimes dispose of dried up lakes, to the land-owners, I take the liberty of writing you, to the effect that I have such a lake on my place N. 6. 4 sec. 16. T. 43 R. 23 W. 4. m. The lake was no doubt at the high water mark at the time of surveying but with a few more or less dry seasons has now become worthless for anything of watering purpose; so if the department wishes to dispose of same and will let me know the amount I will send same by approved check. Awaiting your favorable reply I remain your obedient servant

Referring to your memorandum dated 14th February on file 377255 herewith the lake which affects the northeast quarter of section 16, township 43-23-4 was surveyed last season by P.M.H. LeBlanc, D.L.S.

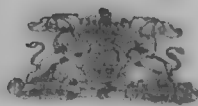

He reports that the lake contains clear fresh water from two to three feet deep. It has no inlet nor outlet. The shore is marshy and muddy. Residents in the vicinity state that in the past twenty years it has not been completely dry. It was classified as a permanent lake having banks subject to moderate variations.

Mr. T. H. Hogan asks at what price he may purchase the S. 1/2 of Section 32, Township 2, Range 20, West of the 4th Meridian; and states: "I have a homestead entry on the S. W. 1/4 of this section, but owing to lack of water on both halves of this section and the height it lies at makes it a very undesirable place to live in. I own all the land lying on a line with half-section and meeting Pincher Creek and have enclosed the half-section as a pasture. I may state that I bought the 70 acres on the creek where my homestead is from the Government some 7 years ago.

The S.W. ^{2d} 1/4 of this section was entered as a homestead by Mr. Hagan on the 14th January, 1880. The S. E. 1/4 is vacant, but is held under grazing lease by Mr. Hagan.

There does not appear to be any objection to either or both of these quarter-sections being sold to Mr. Hagan at the current rate and on the usual terms.

Memorandum.

An application was received, some time ago from Mr. T. H. Hogan, of Pincher Creek, to purchase the South half of 32, 6, 29, West 4th. It appears the S. W. quarter of this section was homesteaded in January, 1899, by Mr. Nicholas L. H. Hogan. Whether the entrant is the same person as the applicant is not very clear, but I imagine such to be the case. The Inspector reports there are no improvements on the quarter section with the exception of $1\frac{1}{2}$ miles of post and wire fence, erected by Mr. T. H. Hogan, and valued at \$125. The soil is reported to be a light gravelly clay with a considerable amount of rock and stones. About 10 acres of the S. W. quarter are fit for cultivation, the balance being only fit for grazing purposes. The quarter section is valued by the Inspector at \$1.50 per acre. I would recommend that under the circumstances the entry for the S. W. quarter be cancelled and Mr. Hogan be allowed to purchase the half section at the Inspector's valuation.

Respectfully submitted,

I have the honor to inform you that at a meeting of the Trustees of the Holy Cross Roman Catholic Separate School Dist. No 8. I was requested to communicate with you and ask for a free gift of four (4) lots in the Town of Macleod, for the purpose of forming a School Site, on which to build a School House and provide suitable play grounds.

I may say that the Catholics of Macleod are a small community and cannot afford to purchase from the Government and there are so many vacant lots in Macleod which will never be used.

If you can grant to us these four lots you will be conferring a very great favor on the Catholics of Macleod.

Mr. Hall,

The Minister agrees that there is no reason why this application should not be granted. In his opinion it is necessary to ask authority from Council under the provisions of Section 31 of the Dominion Lands Act. There seems to be some uncertainty as to whether previous applications of this nature have received the sanction of Council. I would like you to look some of them up and make sure, but in the meantime I see no reason why we should not lay this particular case before Council. *Kindly prepare a memo.*

We have granted some lots in Calgary for school purposes without an Order in Council, but the latest precedent seems to be the case at Battleford in which we got an Order in Council on the 19th ~~January~~ June last (Ref. 328456, referred to in Mr. Goodeve's memo of 13th April last). That Order described the lots to be granted, and I think that in this Macleod case we should be able to state the numbers of the lots, unless you think it would be sufficient to take authority to grant them four lots to be selected hereafter with the concurrence of the Minister.

Dear Sir,

I herewith submit for your signature, a Memorandum to Council, recommending a grant of four lots in the town of Macleod, N.T., to the Roman Catholic School Trustees as a site for school and play ground. I send you two papers in this connection in case you may wish to look over them. The papers are briefly to the effect that the Board of Trustees of this district represents that the Catholics of Macleod are a small community, and cannot afford to purchase from the Government. In case the question of roadways should be raised, I may say that grants similar to this have been made to the separate School District of St. Michael's at Lethbridge, and in Calgary to the Bishop of Saskatchewan. Grants of town lots in Macleod and Calgary have also been made for public School purposes. Section 16 of the Dominion Lands Act, to which reference is made, is as follows,-

"The Governor in Council may, in his discretion, appropriate such

Memorandum:- Mr. Smart.

As near as we can judge by looking at the townsite plan, there would be no objection to making the exchange of lots with the Holy Cross Separate School asked for. The lots they wish to relinquish are a little further from the centre of the town, but I do not know that they are of less value.

We wrote the Agent on the 16th instant, to ascertain if the lands wanted were vacant and available, and until his reply comes we could hardly give a definite answer.

Respectfully submitted.

I would recommend also that the exchange should be made on the understanding that lot 14, is purchased by the above authorities for the granting to them of the above lots will kill the sale of Lot No 14.

Sir,

With reference to your letter of the 11th ultimo,
addressed to the Agent of Dominion Lands, at Lethbridge, and
referred to me, I have to inform you that there is objection

As evidence has been submitted to the Department to the effect that this site has been seized for taxes, and as this raises the question of whether or not the provincial authorities have the power to seize sites granted by this Department with the restriction that they are retainable only so long as used for the purpose for which granted and cannot be disposed of under any conditions without the consent of this Department, which presumably would be necessary before registration in the Land Titles Office subsequent to seizure and sale, in view of developments anticipated which, if effected, will render any consideration of this question unnecessary, I would recommend that consideration of the information submitted in this case remain in abeyance for the present and the file be noted for October 1st, 1930.

This case extends about 5 chains south of the southern boundary of this land in the winter there is no water the lake freezes to the bottom and in the summer the water is not so deep as it is in fall and I am certain that the public interest would not suffer as the water is not so far from the shore.

1. The first thing I noticed when I stepped out of the plane was the cold. It was a sharp contrast to the warm, humid air of the tropics. I had heard that the weather in the mountains was unpredictable, but I didn't realize it would be so cold. I was wearing a light jacket, but it wasn't enough. I shivered as I walked towards the entrance of the hotel. The lobby was dimly lit, and the air was stale. I looked around, trying to find a familiar face, but everyone seemed to be a stranger. I felt a bit lost and alone. I went to the reception desk and asked for a room. The clerk looked at me and said, "Room 101. It's on the second floor. The elevator is over there." I thanked him and went to the room. It was a small, simple room with a bed, a desk, and a chair. I took a shower and got ready for bed. I was tired from the long flight, but I couldn't sleep. I kept thinking about the people I was about to meet. I was nervous, but I was also excited. I had heard that the conference was going to be a great experience, and I was going to meet some of the best people in the industry. I closed my eyes and tried to relax. I was going to do this. I was going to make it work.

See our letter of 20 April 95 to Commr Comstock ^{was} area to 19.20 acres.

In letter of 28 July, Commr again makes mistake in area, & tells Gibbon he will have to pay for 1800 ac, whereas a matter of fact he would be required to pay for 19.20 ac.

Note The 24000 ac (19.20 ac) out of 5846 has not been added to Gibbon's Hom in our books. It only has been noted.

Memorandum:-

I desire to submit for your decision the following case:-

Mr. John G. Sinton of Lewisville, Alberta, under homestead entry part of Section 34-45-17, upon which he has lived continuously since the 27th July, 1894. The quarter-section is represented as to be unsuitable for grain raising, but the homesteader claims to have eighteen acres under cultivation, besides which he has a large number of stock.

Mr. Sinton is entitled to a free homestead patent having fulfilled the necessary conditions, but, he represents, that in becoming a British subject, which is necessary in order to acquire patent, his wife will lose her share of property in the State of Indiana, U.S.A., and in order to avoid this he urges that he be granted permission to purchase his homestead. Under the circumstances, I would recommend that Mr. Sinton be allowed to acquire the land by purchase, at the current price of \$1 per acre.

Respectfully submitted,

Ref. 378430.

Ottawa, 25th October, 1900.

Memo to the Commissioner
of Dominion Lands.

On the 9th March last we told Mr. John G. Gibbon, of Lewisville, Alberta, that he would be allowed to purchase his home land, being a part of Section 6, Township 44, Range 22 West of the 4th Meridian, and that payment therefor might be made to the West at Edmonton by the 15th of April last. A copy of this letter was mailed to the Agent. On the 9th May we wrote the Agent that as, apparently, he (the Agent) had not received a copy of our letter, the first payment would be postponed till the 15th June.

The Agent now forwards a letter from Mr. Gibbon, dated the 9th instant, in which he states that the Agent's letter to him did not reach him before June 15th. He asks whether he can pay in money scrip, which of course he can do. The point raised, however, is from which date is interest to be charged, --from the 15th April, or 15th June. Or, considering that Mr. Gibbon is entitled to a free homestead patent, and is simply purchasing to avoid becoming a British subject so as to save certain property in the States belonging to his wife, do you think that all interest should be waived.

Sir; Re Frac. East half of section 6 Township 45 Range 22 wes of the 4th Meridian covered by water.

On the 14th of October 1901 recd letter from Dept. File No. 378420. in which you said it would be impossible for me to purchase that portion of land covered by water in this section, and which divides my farm in three parcels.

This lake is only a shallow basin and germ for swamp fever, I have lost hundreds of dollars worth of horses by this stagnant water. It is valueless for drinking water for stock and would deprive no one by being drained. I enclosed this water by fence nearly sixteen years ago by permission from department after being inspected by Homestead Inspector.

Now since Irrigation Acts have been changed I would like to either purchase it or if possible Homestead it.

I filed on my homestead in 1894 and then found that it would endanger my wife's property in Indiana by proving up on it so had to commute it by paying Scrip for it.

Now I could use my homestead right on it if allow to do so, have been Post Master at Lewisville for nearly seven years and residing one half mile from my farm, where I keep my stock; cattle horses and hogs.

Kindly let me hear from you at your earliest convenience

LAND PATENTS BRANCH,

Ref.378430.

Ottawa,

25th March, 1911.

Mr.N.O.Coté:

Re the application of J.G.Gibbon to purchase that portion of the E.½ 6-45-22,W. 4th M., formerly covered by water and containing 140.8.acres.

Mr.Gibbon made homestead entry in July,1894,for the fractional N.E.¼ of the above section,to which was added the fractional S.E.¼,the excess area of 19.20 acres to be paid for.

In January,1901,Mr.Gibbon was permitted to purchase the 179.20 acres of the fractional half section as shown on the then plan of survey,at the rate of \$1.00 an acre.

By the plan approved on the 26th November,1903, the area of this half section is shown to be 320 acres. Mr. Gibbon states in his application to purchase,or if possible to homestead,that the former lake is a shallow basin and fever swamp and that he wishes to drain the same. He adds that,by permission from the Department,he fenced this portion sixteen years ago.

I think that Mr.Gibbon might be advised that, upon filing here an abstract of title showing him to be the registered owner of the portion for which he obtained patent, it will be in accordance with the present practice of the Department to permit him to purchase the balance at the current rate of \$3.00 an acre and on the usual terms of payment.

DOMINION LANDS ADMINISTRATION

Ottawa, 24th November, 1930.

Sir,-

Re: John Geo. Gibbon.
Ardrossan, Alberta.
Your File 4209.

In reply to your communication of the 11th instant I am to inform you that Mr. Gibbon obtained entry for the Fractional East half of Section 6, Township 45, Range 22, West of the 4th Meridian as a Homestead and according to his statement of the 23rd February, 1900, when he wished to obtain Patent for this land, he claimed to be a naturalized citizen of the United States.

He was advised that before Patent could issue for this land it would be necessary for him to become a British subject by naturalization. He stated that in becoming a British subject his wife would lose her share of property in the State of Indiana, U.S.A. and requested that he be granted permission to purchase his Homestead in lieu of furnishing a Certificate of Naturalization as a British subject.

He was permitted to purchase this land and was not required to furnish a Certificate of Naturalization.

I might add that in the above referred to he gave his age as

A. Blackie, Esq.,
Superintendent,
The Old Age Pensions Department,
Edmonton,
Alberta.

Sir,

8-7-99

Referring to the notice sent you on the 30th ultimo, of the issue of certificate of recommendation for patent in favour of Michael Albuschies, for the N.W. 1/4 13--49--24, W. 4th M., I am directed to say that it was overlooked, when the papers were examined, that on the 1st of December, 1898, the Agent at Wetaskiwin was informed Mr Albuschies might be granted another entry in lieu of the one he held for the land above mentioned, which was to be cancelled to allow the Norchest to acquire it. Cancellation was duly carried out in the Land Office books, but re-entry not having been granted it is possible that the then Agent did not give effect to the instructions and that the land still stands in Albuschies' name. Be good enough to report at once on the matter, as if a mistake has been made steps should be immediately taken to obtain the return of the certificate of recommendation.

Assistant Secretary.

Sir,

I am directed to acknowledge the receipt of your letter of the 26th ultimo, File No. 25393, and in reply to say that it is to be regretted the letter to the Agent at Wetaskiwin from Michael Albushie, dated the 2nd November, 1898, was not forwarded to the Commissioner for consideration, as there is little doubt, had this been done, that he would have been restored in his entry. Under the circumstances, therefore, I am to authorise you to annul the cancellation and to treat the entry as if it had never been disturbed. The application for patent will thus stand good and the certificate of recommendation be allowed to remain in Mr. Albushie's possession.

MEMORANDUM.

Mr. Cote,

A patent was issued in 1897 for the North-East quarter of Section 4, Township 26, Range 4 West 5th Meridian to Joseph Howard for 160 acres, whereas it should have been for 160 acres, less area for Right of Way of the main line of the Canadian Pacific Railway, (8 acres.) This reserve for Right of Way is shown in Homestead application, No. 3732, and in Agent's return for July, 1893, but is not entered in other records of the Department. The printed Township plan issued in 1892 shows the Railway as crossing Section 9, whereas it should cross Section 4, which I imagine, aided considerably in allowing the fiat to pass. We now have a patent issued to the Canadian Pacific Railway Company for Right of Way through Section 4, which, of course, is valueless until we learn whether we can recover the patent issued to Mr. Howard. We are holding the Canadian Pacific Railway patent.

MEMORANDUM:

T.G. Rothwell, Esq.,

Law Clerk and Acting Deputy Minister of the Interior.

I beg to call your attention to Mr. Hubbell's Memorandum of the 26th ultimo, addressed to me, respecting a patent which was issued in 1897 for the whole of the NE 4-26-4 W. 5th M., to Joseph Howard, while the Right of Way of the main line of the C.P.R., containing 8 acres, should have been reserved thereout. Recently, when issuing patents for the C.P.R. Right of Way, the fact that the Right of Way through the above mentioned quarter section had not been reserved, was overlooked and a patent was issued to that Company for the said 8 acres covered by their Right of Way across the land in question ^{but} such patent ^{has not been} forwarded to the Registrar. In this connection please see also the Registrar's letter of the 26th ultimo, and advise me as to what action should be taken to revert in the Crown, if possible, the 8 acres in question.

Madam,

I am directed to say that it appears that you hold a certificate of title to the N.E. 1/4 4--26--4 W. 5th M., a patent for which was issued in 1897 in the name of Joseph Howard, to cover 160 acres, whereas it should have been for 160 acres, less the area for the right of way of the Main Line of the Canadian Pacific Railway, amounting to 8 acres. It is understood that you have mortgaged this quarter section to the North of Scotland Canadian Mortgage Company, Limited, and I am to ask if you are willing to execute a surrender to the Crown of the 8 acres in question. The surrender will be prepared here and the matter will not involve any expense to yourself, and the request is made merely to save the legal proceedings which would have to be taken to cancel the patent and certificate of title if you were unwilling to comply with the Department's request. The Mortgage Company are also being asked to execute a surrender of the mortgage so far as relates to the 8 acres in question.

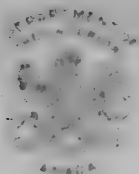

Your obedient servant,

Mrs Catherine Bevan,

Gentlemen,

I am directed to say that it appears that Mrs. Catherine Devan, who holds certificate of title to the N.E. 1/4 4--26--4 W. 5th M., a patent for which was issued in 1897 in the name of Joseph Howard, has executed a mortgage on the security of the land in favour of the North of Scotland Canadian Mortgage Company, Limited. The patent describes the land as 160 acres, whereas it should have been described as 160 acres, less the area for right of way of the Main Line of the Canadian Pacific Railway, amounting to 8 acres. This reserve for right of way is shown in the homestead application. The matter has been explained to Mrs. Devan, who has been asked if she is willing to execute a surrender of the 8 acres in question, and I am to ask if the Company will execute a discharge of the mortgage as to the 8 acres in question. The surrender will be prepared here and the transaction will be without any expense to Mrs. Devan, and I am to say that it is hoped the Company will consent to the discharge so as to save the legal proceedings which would be necessary to cancel the patent and certificate of title. The Department would be glad to hear from you on the subject at your earliest convenience.

I have the honour to acknowledge receipt of your letter of the 8th instant - No 378581 - and in reply beg to state that Mrs Bevan should convey the land in question by a transfer in the form J in the schedule to the Land Titles Act. I am directed to enclose you herewith a description for the right of way of the main line of the Canadian Pacific Railway through the N. E.  $\frac{1}{4}$  4-26-4 W. 5th N. The whole of this quarter section was patented on the 10th September, 1887, in the name of JAMES HOWARD, but according to a letter dated the 26th September last, from the Registrar at Calgary, Mrs. Catherine Howar, nee Howar, is now the registered owner of the said land. There is a mortgage given by her to the North of Scotland Canadian Mortgage Company, Limited, for \$100.00, and there are being taken to have such mortgage discharged in so far as it relates to the land in the right of way. ~~You will therefore~~ ~~have to~~ obtain from Mrs. Howar a transfer in favour of His Majesty King Edward VII., of the land covered by the right of way, in the form "J" in the schedule to the Land Titles Act. This transfer should then be filed with the Registrar in order that the certificate of title may be issued by him in favour of the Crown. The Deputy Minister of Justice, on whose authority this action is taken, suggests that you might, in case of need, consult with the Agents of that Department, Messrs. Sifton & Short, Calgary.

N.E. 1/4 Sec. 16, T. 26, R. 14, W. 6<sup>th</sup> m.

Referring to my letter to you of the 26<sup>th</sup> September 1902 I beg to inform you that I have now received from the Agent of Dominion Lands here a transfer to His Majesty the King, for the 8 acre parcel of the land above mentioned being the land forming the right of way of the Canadian Pacific Railway Company. The Agent states that he has been instructed to file the transfer with me in order that the Certificate of Title may be issued in favor of the Crown.

Parbel

In order to register the transfer it is necessary that the duplicate Certificate of Title of the owner (Mrs. A. Morris Brown) should be sent to this Office, and as the property is subject to the Mortgage mentioned in my letter of the 26<sup>th</sup> September above referred to, and which I assume is to be discharged, as to this parcel, a partial discharge of the Mortgage should also be sent to me.

The matter being one in which the Crown is interested <sup>in this procedure</sup> and the occasion having arisen a charge by through an oversight of the Department, I presume no fees are to be charged for such services as are rendered by this Office.

Sir,

With reference to your letter of the 13th  
September, 1904, No. 26506, Ref. 214039, asking  
what the papers which accompanied a copy of a  
letter dated 2nd July last addressed to Mr. Super-  
intendent Bruce be returned to you, three papers  
were returned without copies being kept here. I am  
directed to say that these papers relate to the  
application made by Mr. J. S. Steele for a right of  
way across certain lands in Township 32, Range 17,  
West of the 4th Meridian, according to the  
North West quarter of Section 3. The Canadian  
Pacific Railway Company now ask what portions of  
this Section are now available for the land grant  
of their company. It appears that the North half  
of the North West quarter was reserved as a side  
of Mr. Steele, and the North half of the North West  
quarter was reserved for him. Do you know whether  
any portion of the South half of the North half is  
claimed by Mr. Steele.

Land Agent

Sir,

I am the owner of the East half of Sec 18, Tp 8 & 7 Range 21 West of 11<sup>th</sup> Meridian and would like to acquire from the Government the fractional N.W. quarter of the same section, in return for which I would give the Government a strip equal in superficies to the said fractional N.W. quarter the strip to be surveyed at my expense and to be taken off the Southern end of the S.E. quarter of Sec 18 and lying immediately North of the Southern boundary thereof.

I understand that the portion I want to acquire is reserved for the purpose of watering stock, but a glance at the plan will show that when the East half of Sec 18 is fenced, the place I would cede to the Government would be a much more advantageous place for watering purposes, as the way in which cattle would have no other way of getting <sup>out</sup> than the way they would come in which would be from the South, and the West portion of Sec 18 would form a pasture bounded on the North and West by the St. Mary's River and on the East by a fence.

Trusting that my suggestion may be favorably considered,

I am

Sir

Very Obedient Servant.

dated 13th ultimo, No. 324512, Ref. 77361, which was for-

application of Mr. J. J. Russell's to acquire a portion of section 18,  
Township 7, Range 21 West of the 4th Meridian, which has  
been set apart for permanent stockwatering purposes, to

Sir:-

See yours of the 14th May last Ref. 378.849

addressed to the Secretary of the Dominion Lands Board at Winnipeg; in July last I visited this locality and could see no objections to changing the boundaries of the reservation to some extent which will make it equally valuable for the purposes intended and will accommodate Mr. Russell, that is, to grant Mr. Russell the fractional N.W. 1/4 of 21 and all of the S.W. 1/4 excepting a strip five chains in width lying along the river on the S.E. 1/4. The portion of the West half which we would then be able to dispose of to Mr. Russell would equal about 30 acres, that area, whatever it may be, to be taken out of the S.E. 1/4 of 18 already patented to Mr. Russell, which would be a strip of about fourteen chains in width bounded on the south by the southerly limit of said quarter section, on the east by the easterly limit thereof and on the west by the five chain reservation already mentioned.

If it be decided to make the exchange, you might advise Mr. Russell.

With further reference to mine of the 4th ultime (see your Ref. 378,848) regarding the application of Mr. Geo. I would state, that a few days since passing this locality, I took the opportunity of making an inspection of the lands involved in said exchange, and would desire to somewhat amend my letter. He desires to acquire the frac. W. 1/2 of the section containing 40.5 acres, and to do away with a portion of the five chain reservation along the river from off the S.E. 1/4, and would give the Government in lieu thereof that portion of the E.E. 1/4 lying north of Pothole Creek and sufficient from off the S.E. 1/4 to make the area equal to that of the reserve. That portion lying north of Pothole Creek of the E.E. 1/4 would equal about 10 acres and is very well suited for stockwatering purposes in giving access to the St. Mary's River, in fact, of no value for any other purpose, being merely a stone heap. If a strip 15 chains in width reserved from off the S.E. 1/4, it would make the area about 4 acres, a total of, say 51 acres, which is rather less than the area of the frac. W. 1/2 of the section

Dear Sir

I received a letter from the Land Agent here asking me to furnish the field notes of the plan of survey of the north of Pot Hole creek. I am sorry to say that the field notes cannot be had as Mr Ritchie has left the country some four years ago. However if you will let me know the particular information you require I think Mr McEachern will let you as he knows the locality well.

As he is the only D.L.S. man near than Calgary and has told me he cannot possibly spare the time to make a survey I hope this will be satisfactory. As you know the value of bringing a surveyor from Calgary would be more than the land was worth and I am giving the government the benefit of the exchange as some of my buildings are on the former station. I am hoping this may be all I require & remain  
Sincerely yours

Memorandum.

Referring to your memorandum of the 2nd ultimo, respecting the field notes in connection with the plan made by Mr. J. F. Ritchie, D. L. S., of Pot Hole River from the eastern boundary of Section 18 to its junction with the St. Mary's River, I beg to inform you that Mr. Geo. F. Russell, on whose behalf the survey was made, now writes to say that the field notes cannot be obtained, as Mr. Ritchie left the North-West Territories some years ago. Mr. Ritchie desires to know the particular information required in connection with this survey, as he thinks that Mr. McGrath will be in a position to furnish it. Will you accept the plan without the notes of survey?

The part of the N.E.  $\frac{1}{4}$  Sec 18 lying north of Pothole River is to be surrendered by Mr. Russell. I have seen Mr. Goodene and he considers that for this purpose a sufficient description can be made without referring to Ritchie's plan, if you will place a statement on file that you consider the evidence sufficient as to the area, 13.4 acres.

This area is correct according to the plotting on Ritchie's plan.

Sir,

With reference to your letter of the 26th February last, in the matter of a piece of land north of the Pot Hole River on the north east corner of Section 12, Township 7, Range 21 West of the 4th Meridian, which it is your desire to reserve for the Crown, <sup>reserving</sup> place of it certain other land, and the five chain strip reserved along the river on the southern portion of the South east quarter of Section 12; I beg to say that the Surveyor General, in view of the plan of survey made of the Pot Hole River, and inasmuch as it is section 12, T. 7, R. 21, W. 4, M. 4, as referred, states that the plan is sufficient as evidence for the area of the land on the north east quarter of Section 12, lying north of the Pot Hole River, is 12.4 acres, and therefore it can be accepted as it is. Before proceeding to draft out a form of request for your signature, it is desired to know whether you will rather release the whole of the half section to the Crown and have a new patent issue to you for that portion of the section south of the

Memorandum:

T.G.R.

As Pat. is now in this case it was  
sent to Mr. Russell, in which case a certificate  
has been issued to Mr. Russell. Therefore before I  
can prepare money as I should have that certificate.  
Hence, therefore, no particular as to patent, i.e. if  
date is it was sent to Russell. R. Russell, the Regis-  
trary, who is now in the hands of the law by Mr. Russell.  
I have no doubt as to this.

Mr. George Frank Russell has patented  
the right and East half of Section 18,  
Range 7, Range 22 West of the 4th Meridian,  
Twp. 18 North, R. 22 West, in the  
County of York, Ont. Mr. Russell is anxious to  
sell the right and East half of the  
Section, which will include the East half of the West  
half of the said section, and a portion of the  
of the five mile reservation; and to compensate  
the Government he is willing to surrender to the  
Government a portion of the North East quarter, lying  
North of the East half of the said section, and the  
East half of the said section.

As Mr. Russell has been authorized  
to sell the right and East half of the  
Section, and the Government has been authorized  
to surrender a portion of the North East quarter  
of the said section, it is suggested that the por-  
tion of the North East quarter, lying North of the  
East half of the said section, be surrendered to the  
Government, and the right and East half of the  
Section be sold to Mr. Russell. It is suggested  
that the portion of the North East quarter, lying  
North of the East half of the said section, be  
surrendered to the Government, and the right and  
East half of the said section be sold to Mr. Russell.

Sir,

As the simplest way of explaining to you certain action which has to be taken to carry into effect an agreement whereby Mr. J.F. Russell of Pot Hole Rancho, Lethbridge, Alberta, is to be permitted to exchange certain lands he now owns for other lands he desires to possess, I beg to enclose, herewith, a form of surrender which has been prepared here and which has been forwarded to him, this day, to be executed by him, and a copy of the letter under cover of which such form has been forwarded to him.

The purpose of this letter to you and its enclosure is to make certain that no obstacle exists in your office to the surrender of the lands in question to the Crown, the registration of the surrender, the issue of the new certificates, one to the Crown and the other to Mr. Russell, after you have received the surrender, the certificate of the 11th January, 1892, and his new patent, or to any other action which has to be taken to effect the exchange of lands which has been agreed upon. The only obstacle which is likely to exist in such a case, is the registration in your office of an encumbrance against the lands to be surrendered, and if such an obstacle does exist

Mr. Russell's statement as to exchange  
is correct & only 15 chains were to be  
taken off the sou'ly side of the S.P.L. of

patent issued the S.P. 24 chains only  
were granted instead of the S.P. 25 chains.  
~~Thus leaving the S.P. 10 chains out of the~~

## Department of the Interior,

Ottawa, 30th November, 1899.

Sir,

I beg to acknowledge your letter of the 14th instant, saying that the certificate of title for fractional Section 18, Township 7, Range 21 West of the 4th Meridian does not contain all the land which was agreed upon between yourself and the Department. You were surrendered to the Crown your patent bearing date the 5th <sup>January</sup> 1898, in the agreement you say that the small part on the west of Section 18 was to have been a full quarter section, less 15 chains, instead of which you have been granted a full quarter section less 16 chains.

In reply I am to say that upon perusal of the papers composing the file relative to this case it is found that you are right, ~~and~~ the description prepared was incorrect, reserving from out of the quarter section the southerly 16 chains instead of the southerly 15 chains. This, however, might be rectified by a further grant to you of the one chain in question.

Relative to your certificate of title, which you say reserves to the Crown all the mines and minerals, I beg to say that there must have been some error here also, as the patent conveyed to you the under rights as well as the surface rights, and consequently the certificate of title which you hold should grant to you the rights to the minerals as well as the surface rights.

I am directed to inform you that Mr. George F. Mr Russell is in error in saying

I beg to acknowledge the receipt of your letter of the 16th ultimo, and in reply to say that the fractional area lying north of the E. 1/4 of the above section, containing 15.4 acres, and the fractional area to the south of the E. 1/4 of the section, containing an area of 38.62 acres, being apparently the portions which you apply to purchase, are not for sale, as they are reserved for stock-watering purposes.

Your obedient servant,

Assistant Secretary.

Geo. F. Russell, Esq.,

N.T.

File No. 593,019 T&O.

November 29th, 1917.

MEMORANDUM--Mr. York.

The fractional portions of the east half of section 18, township 7, range 21, west of the 4th meridian, hatched in blue on the sketch hereunder, are reserved for stock-watering purposes.

Mr. George F. Russell, of Lethbridge, made application to secure these lands, and represented that he owned the balance of the section in question lying east of St. Mary's River.

On the 28th day last you submitted a memorandum to the Deputy Minister pointing out that the lands in question had been examined by the Inspector of Ranches who reported that they were no longer required for stock-watering purposes, and you recommended that an Order-in-Council be passed cancelling the reservation. The Deputy Minister referred the matter to the Irrigation Branch for consideration in connection with the proposed arrangement for a better water supply for the settlers in Southern Alberta. Mr. Drake called for a report from the Commissioner of Irrigation at Calgary, and the latter's report has been received and referred here by the Deputy Minister.

The Commissioner of Irrigation recommends that the water reserve in the north east quarter be cancelled, but that the reserve in the south east quarter be maintained. Regarding Mr. Russell's application, the Irrigation Commissioner suggests that the land reserved for stock-watering purposes on the north east quarter, comprising approximately 13 acres, be traded to Mr. Russell for 10 acres of his land adjoining the land reserved for stock-watering purposes on the south east quarter of section 18. The Commissioner points out that the advantage of this arrangement would be the consolidation of Mr. Russell's holdings and also the consolidation of two water reserves, and he is of the opinion that Mr. Russell would be agreeable to the arrangement.

The Inspector of Ranches in his report on the lands in question recommended the withdrawal of both parcels from the stock-watering reserve and the

disposal

disposal of the same to Mr. Russell at \$6.00 an acre. It has always been the practice, as you are aware, to dispose of this class of lands at public auction only.

The matter is submitted again for consideration as to whether or not both parcels on the north east and south east quarters will be withdrawn from the stock-watering reservation as suggested by the Inspector of Ranches, or only the parcel on the north east quarter as suggested by the Commissioner of Irrigation.

Sir,

As requested by you, not seeing any objection to allowing Mr. C. Thomas to interchange his entries to B. 1/2 4-22-24 W. 4th, his time already put in not to count, I have this day forwarded him the enclosure with yours of the 20th ultimo, 175500 on 19086.

While on this point, I would like to be furnished with a ruling by the late Hon. Thos. White on a point similar to this.

To illustrate AB. desires to homestead and pre-empt a fractional half section as shown in sketch; desired to erect his house near the river, and wanted 160 acres as a homestead.

He decided the best that could be done would be to allow him to homestead the north or south half of the half section

and pre-empt the balance.

This ruling was effected on a case submitted by me, done in your office in I think the

autumn of 1885

I cannot find any record of it in the Agent's office, and think it was in his district; it was prior to the establishment of my office here, hence I have no record

Sir,

I have the honor to enclose an application for Homestead Patent, received from Mr. Robert Cado gan Thomas, relating to the North East  $\frac{1}{4}$  of Section 4, - Township 22, - Range 29, - West of the 4th Mn. ( the part South of the Bow River) ;Pre-emption South East  $\frac{1}{4}$  .

This case is somewhat complicated, entry was obtained nearly ten years ago, an interchange of entry has been allowed &c. and consequently I have not recommended it, but I will do so should you consider that every thing is in order.

The residence of the Homesteader is of great length, he says that he has lived on the land continuously from the 1st of July 1884, until December 1893.

LETTER No. 10.683

REFERENCE No. 5382

Sir:-

See Reference of your office No. 89.752  
Robert C. Thomas east half of Sec. 4 - 22 - 28 west of the  
the 4th Meridian lying south of the Bow River. Mr.  
Thomas settled on what is now the N.E. 1/4 in the au-  
tumn of 1884. At that time, the land along the river  
was laid out in River Lots. In 1885 they were changed  
to the present system. At the time he settled, he  
thought he would run back about a mile from the river,  
which would have given him about 160 acres of land. Owing  
to change in survey, the N.E. 1/4 of said section which lies  
south of the Bow River contains 90.3/10 acres. This  
has been further diminished by laying out a trail ac-  
ross it to the extent of probably 5 or 6 acres more.  
On the 20th August (See 175.561 on 182.038) you au-  
thorised him to make an interchange of entries, that is  
homestead the S.E. 1/4 which contains about the full 160  
acres, and pre-empt the fractional quarter section. This  
he did on the 22nd July 1891; he paid an office fee of  
\$10.00, being \$5 for the homestead and \$5.00 for the pre-  
emption; however, he has not resided on his ~~place~~ home-  
stead, the S.E. 1/4, at all; he claims to have had 23 acres

acres under cultivation and fenced on it for the past 6 years. You will observe that he has not qualified under the two-mile-radius-clause (See yours of the 18th December 1891 No. 211.641). Owing to the illhealth of his wife in the autumn of 1893 he had to move to town. He has resided continuously on the said N.W.  $\frac{1}{4}$  from the fall of 1884 to the fall of 1893 and has on it some 26 acres cultivated and fenced besides his buildings which are valued at \$500.00. He desires to obtain patent and asks if his entry cannot be considered as embracing the fractional N.W.  $\frac{1}{4}$  of 15 and 15 chains of the northerly portion of the S.W.  $\frac{1}{4}$  which would make in all about 150 acres as a homestead and leave 100 acres of the S.W.  $\frac{1}{4}$  which he may afterwards acquire by purchase or as a second homestead, to which he would appear to be entitled

The applicant seems to be a respectable man and has had hard times through illness in his family and had to bring his wife to town (Calgary) he is now trying to make a livelihood here as best he can and I would recommend this case to your most favourable consideration. If the change could be effected without the payment of any further fees, I would recommend it be done.

Dear Sir,

In November 1885 I effected entry for that part of the N E 1/4 of 4- 22- 29- W 4th and preempted the S E 1/4 of 4. I commenced to reside on the homestead in July 1884 and lived on it continuously till the autumn of 1893 living there upwards of 9 ~~1/2~~ years . My entry was changed so that I obtained the northerly 15 chains of the S E 1/4 as a homestead leaving the southerly 25 chains or 100 acres as my preemption.

This has all been fenced worth today at least \$ 175.- There were also 26 acres cultivated. I am entitled to make a second homestead entry and ask that if I effect same to the said 100 acres that patent issue to me without any further residence or improvements.

I consider I am entitled to same/ as the law now stands I need not reside on a preemption aken as a second homestead by the pary who held the preemption , therefore having already put in more than the necessary 3 years residence for the second entry, why should not such time count as if put in subsequent to entry. It might be contended that the Act does allow it.

Trusting you will give my case consideration I remain

Sir,

In reply to your letter of the 22d inst., file 5003, I am directed to say that Mr. R.C. Thomas seems to be entitled to the privilege of a second homestead entry, and apparently there is no reason why he should not exercise the privilege in connection with the same land he holds as a preemption, part of the S.E. 1/4 of 4, T. 29, N. 42, W., but it is impossible to consider that he has fulfilled the duties to entitle him to patent. In every case where a second homestead entry has been made for land which the entrant has previously held as a preemption, it is required that the duties be performed subsequent to the date of entry. Besides this, in the case of Mr. Thomas, he apparently has put in no residence whatever upon his homestead since he acquired certificate of recommendation for patent.

I beg to inform you that the same was submitted to Field Office and I have been advised by the Department that as you seem to be entitled to the privilege of a second homestead entry there is apparently no reason why you should not exercise that privilege in connection with the above mentioned land, but it is impossible to consider that you have fulfilled the duties to entitle you to patent. Dear Sir;

I am in receipt of your favor of the 3rd Oct., #30572 file 3503, and regret that the Board cannot recommend my application for 2nd homestead without residence. Referring to your note as to having put in no residence since acquiring Certificate of Recommendation for Patent - I may point out that I had completed my duties on my first homestead by the summer of 1887 and surely the remaining 7 years in which I resided on my first homestead and worked on my second homestead should entitle me to patent. I would point out that my first homestead entry was for about 95 acres only and on the completion of my duties in 1887 the law allowing 2nd homestead entries was revoked, which caused the delay in getting ~~in~~ my first homestead patent as I was trying to get my present preemption as my first homestead, my first homestead being a fraction. I would like to point out to the Board that I am not a speculator, but that I have resided 11 years on my farm as a bonafide settler and I am still running my farm under hired help as a stock ranch.

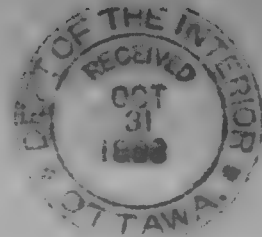

If you would kindly submit these facts to your Board I think they would reconsider my case.

The Board are no doubt aware that the experiences gained in cropping by the early settlers were not gained without cost and I consider that losses involved in trying to grow crops (Especially hay) would more than pay for the small piece of land. I am asking the Board to grant me as I consider that if anybody is entitled to second homestead I am.

In reply to your letter of the 27th ult., file 3503, I am directed to point out that there is no provision in the law by which the application of Mr. R. C. Dominion Lands Office

Dear Sir,  
I am in receipt of your favor  
of the 9th inst. & 30800 & 3500 and report  
that the Minister cannot grant me a second  
homestead except upon further evidence as to  
the SE 1/4 of 4-22-29-W4 -  
I am not in a position to again reside on  
the farm but will endeavor to give the  
Department one dollar per acre for the  
100 acres remaining on the above quarter -  
in three annual payments with the usual interest.  
The land is exceptionally broken,  
the soil is of a light sandy nature, and  
only fit for pasture land.

In considering my offer I beg  
to refer you to my correspondence on the  
subject and to take into account the term  
of my actual residence on my first homestead  
of about 11 years.

I shall be obliged if you would  
allow the Inspector to report on the land  
at your earliest convenience  
Yours truly,

R. G. Telman

## Department of the Interior,

Ottawa, January 21st, 1899.

Sir,

Referring to my letter of the 17th instant I find that it was stated therein that Mr. R. C. Thomas had obtained a second homestead entry for the S. E.  $\frac{1}{4}$  of 4, 22, 29, West 4th. It appears, however, that the entry has never really been granted, he having only applied for the quarter section as a second homestead. Of course, this will not interfere in any way with the terms on which Mr. Thomas has been granted permission to purchase the land.

I am, Sir,

RECEIVED

Sir,

Referring to my letter of the 17th ultimo and to the subsequent correspondence with regard to the application of Mr. R. C. Thomas to purchase his pre-emption, the S. E. 1/4 of 4, 22, 29, West 4th, it is found that when the instructions in the letter above referred to were given your attention was not directed to the fact that it would be necessary for Mr. Thomas to pay interest at 6% from the time that payment for the land became due. This appears to have been the 1st of April, 1897, and he should be required to pay the interest from that date upon the purchase money collected at the reduced rate of \$1.25 per acre.

I am, Sir,

Your obedient servant,

Assistant Secretary.

The Agent of Dominion Lands,

Sir,

On the 21st instant Mr. Arthur addressed a letter to the Director General with reference to the P.W. 174 and 175, which was forwarded to me to be considered. In the reply of the 21st inst. (P.W. 174) he says "The Director of the Toronto had not been notified to your country because it is doubtful whether it comes within the 'Foreign' title or not. The limits within which the subject is entitled to consideration is the point." The fact that this and also the fact that it is not mentioned for consideration between sheets, I think, dispose of this question. I cannot say that at all, however, as there are many who would not enter into an argument of this for this reason, and if at the time of the issue of the title for the purpose of the subject in the said country, they would take it as the subject of the title.

Yours faithfully,

Memorandum.

Department of the Interior,

Ottawa, 15th May, 1896.

Mr. Chipman in his letter of the 23rd ultimo makes an inquiry regarding the South West quarter of Section 20, Township 1, Range 10, West of the 4th Meridian, whether it is to be transferred to the Hudson's Bay Company as a portion of its one-twentieth. He states that the Surveyor General has informed him that the land survey of this Township has not been notified to the Company because it is doubtful whether it comes within the "fertile belt" or beyond the limits within which the Company is entitled to its one-twentieth. He goes on to say that, <sup>the fact of</sup> the land being purchased for agricultural purposes should, he thinks, dispose of the question, and asks whether there is any reason why the Company should not ~~transfer~~ <sup>be allowed</sup> to take it into an ~~arrangement~~ <sup>arrangement</sup> of sale for the quarter-section in question, and if at the time of the issue of the deed the title had not passed to the Company in the usual course they could take it on the current balance sheet. Is the request of Mr. Chipman to be acceded to to allow him to sell the land, and

[should

should it afterwards be ascertained that it is not within the 'fertile belt,' the land can, as he states, be accepted as lands coming to the Company on the balance sheet.

*Approved  
18.6.95*

On the 17th of April, 1891, Sir Donald Smith, Governor of the Hudson's Bay Company, was informed by direction of your predecessor, after consulting the Minister of Justice, that the question of the western boundary of the tract of land referred to in the surrender from the Hudson's Bay Company as the Fertile Belt, had been under consideration, and that the decision arrived at was that the proper boundary of that tract should be placed at the limit of cultivatable and grazing lands, or lands fit for settlement, which terminate at the foot hills or base of the Rocky Mountains; that if his Company were not disposed to accept this view of the boundary question, the Minister requested him to favour him with an intimation as to the boundary line for which they contend; and that if any serious difference of opinion should be found to exist on this subject the Minister would be glad to have the matter settled by the Courts, and would be willing to co-operate with the Company in such proceedings as might be necessary to raise the points for adjudication.

In

The Hon. T. Mayne Daly,  
Minister of the Interior,  
Ottawa.

In reply Sir Donald Smith stated that he had communicated the contents of the Departmental letter to his colleagues, and would without unnecessary delay advise the Department of the decision of the Board in the matter, which, he stated, was one of great importance to the Company. No further communication, however, has been received from Sir Donald, nor has the Department taken any further action in the matter.

Mr. Chipman, Commissioner of the Hudson's Bay Company, *in a letter dated the 23<sup>rd</sup> of April 1871* states that the Surveyor General has not furnished him with a copy of the plan of the survey of Township 1, Range 26, West of the 4th Meridian, as he thinks it is doubtful whether this township comes within the fertile Belt or beyond the limits which the Company are entitled to one-twentieth.

By referring to the annexed plan of the Township in question, it will be seen that at the time the survey of the township was made there were six settlers in this township, and one Mr. John Furman living next to the land the Hudson's Bay Company desire to sell to him. I think we could, therefore, safely assume that the lands in this township may be classed amongst those specified by the Department of Justice as being within the Fertile Belt.

It might be well, however, to inform the Company that pending the settlement of the question as to the boundary of the Fertile Belt, the land in

question

question will be conveyed to them without prejudice  
to the claim of the Crown thereto, and that in the  
event of it being decided that this land did not  
belong to the Company, they will transfer to the  
Crown other land of equal area and value.

*I enclose herewith the time  
ought to pass the Hudson's Bay  
Company for a definite reply,  
and letter of the same.*

Yours faithfully,

Memorandum

In reply to your memorandum of the 20th instant, Township 12, Range 29, West of the 4th Meridian was subdivided in 1888. There is an error of a quarter of a mile in this township which we have been trying time and again to locate and correct. Mr. Wilkins is going there this summer and I hope to have everything in proper shape for approving the survey next winter.

Mr. Lyndon has certainly good ground for a complaint: all I can say is that this is perhaps the most troublesome case I have yet found. Several surveyors went over the lines without discovering where the discrepancy is. In any event, we will bring the matter to a close when Mr. Wilkins returns.

On the 11th ultimo we informed Mr. Charles A. Lyndon, a copy of which was sent to the Agent at Lethbridge, that the survey of township 12, range 20 west of the 4th meridian, having been completed and the plan sent to the Agent at that place, there would be no further difficulty in his making entry as a homestead for the North East quarter of Section 27, Township 12, Range 20 West of the 4th Meridian, and purchasing the South East quarter of section 34 of the same township. The Agent now asks to be informed of the price and terms upon which Mr. Lyndon may be allowed to purchase the South East quarter of Section 34. In the affidavit made by Mr. Lyndon before Mr. G. W. MacMartin, D.L.S., in August, 1888, he states that he went into ~~the~~ residence upon the land making it his home and ~~residence~~ it in August, 1882, and has lived there ever since.

Sir,

I beg to inform you that an application to lease the S.1 and N.W.1 of Section 27, Township 12, Range 29, W.4th M. has been received at this office from C.A. The Superintendent of Mines, writing under date the 11th instant, informs the Commissioner that the Glengarry Rancho Company relinquished their leasehold of Rancho 157 with the exception of Township 12, Range 29, W.4th M., and that being the case he assumes the said sections will go to the Calgary and Edmonton Railway Company. Re. Chas. A. Lyndon's Claim to

I know of no reason why his homestead, the former, should not be granted him, as he settled there long prior to survey and, I think, the Department can grant him an entry without reference to any rights to this land which may be claimed by the Calgary & Edmonton Land Corporation. As to the S.E. of 34, a sale might be made to him at the price ruling at date of settlement, namely \$2.50 per acre. He claims he should get it at \$1.00; but, of course, the regulations would not admit of such. He states he settled in 1882. I have not his declaration before me; but in any event, I know that he was a squatter there in 1885 and had been in occupation some two or three years prior to that.

Sir:-

I received a letter from Chas. J. Norton of London, Alberta, who had from his letter desired to preempt his preemption under his right and second home land. I also gather that he is barred from the use of these rights on the fact that there was a mistake in the original location where his buildings are on his homestead and his breaking on his preemption. And his breaking as well as buildings been on his homestead as he supposed they were he would have had a right to second homestead his preemption. I think it is desirable that some arrangement be made so that he will not suffer by reason of the mistake for which he was not solely responsible. It seems hard that a settler who has been 10 years in the country and has made substantial improvements as this man has should be barred from the right to second homestead his preemption by a mistake which is not material to the spirit of the law.

Yours respectfully,

Frank Oliver

He claimed to be entitled to purchase  
the S.E. 1/4 31, on which were his improvements, at  
\$1.00 per acre but was told that the best the  
Department could do was to sell it to him at  
82.50 per acre, the rate ruling at the time  
he squatted.

Mr Lyndon made Homestead entry  
for the N.E. 1/4 27 on the 19 Dec 1896 but has paid  
nothing on account of the S.E. 1/4 31 up to the 8<sup>th</sup>

Sir:-

See yours of the 12th instant Ref.369.915 - 6.

In yours of the 8th ult. in you enclosed copy of a letter addressed Mr. Lynlon and I inferred from that, that you had had some communication from him, and that was what I desired to see. The declaration or statement of which you enclose a copy is, you will observe, upwards of six years old. In that he claims the right to pre-empt the S.E. 1/4 of 27. Now, I am positive that this is not the quarter section he desires to purchase; but the S.W. 1/4 of Sec. 34. Mr. Lynlon never has had an entry and the land lies within the Lethbridge Agency. Of course, I am not positive; but I think it probable.

There is nothing, so far as I know, to prevent Mr. Lynlon from acquiring the N.E. 1/4 of 27 as a homestead and the S.E. 1/4 of 34 adjoining as a purchase..

I am sending a copy of this letter to the Lethbridge Agent, so that if his records reveal anything which is not brought out in this or in which this may be erroneous, especially regarding entry, he can correct the same without delay.

I know of no person who has been in the former, should not be there, as he settled there long prior to my arrival. I think, the Department can track him as easily as I can. I have no right to this land which may be obtained by the Government and corporation. As to the price of the land, I only wish to make to him at the price of \$1.00 per acre, which is \$1.00 per acre. He claims he would not pay it, but of course the ruling of the court of appeals is final. He states he settled in 1880, I have not his declaration before me; but in a year, I think that he was a squatter there in 1880, and that he was in occupation some two or three years prior to 1880.

He claims the former as a homestead and desires to purchase the latter. I quote the following from a report made by me upon his case.

2 I know of no reason why his homestead, the former, should not be granted him, as he settled there long prior to survey, and I think the Department can grant him an entry without reference to any rights to this land, which may be claimed by the C.A.E. Dear Sir

In 1882 I came to Alto to settle down with my family. I have settled in this place. As it was left to the Government to let me to settle where I pleased, I chose to settle in Section 27 Township 12 Range 29 east of the 4th Meridian. I made my Entry on 1st bridge of the North East 1/4 Section. The Homestead Inspector was here which his office I suppose, was the office I supposed it was right. I received a letter from the Government, stating that I would have to take 80 acres of A and 80 acres of B for my Homestead and they would

Sell me the balance when I sell the  
here it was not surveyed when  
surveyed it fell to me to get all  
hills and now fit for cultivation,  
and the government could have it  
or if it was in Hudson Bay and I could  
have it. in 1888 the government sent a  
man out and I showed up on my  
homestead had two witnesses and  
myself then in the second homestead  
act that was passed I took a  
second homestead on 27 joining 27  
fenced it cultivated it and had  
water ditch in so I have about a  
second homestead which is to be seen  
so Mr. Dighton I want protection  
from you in this matter. I have  
worked hard on the homestead  
myself and I have a comfortable  
one. I intended to go a few months to  
my place of birth Ireland in the  
city of Dublin but cannot go while

Memorandum.

Re Mr. A. Lyndon's application for a lease of land in the City of Ottawa, Ontario.

The particulars of this case are fully set forth in Mr. Dixon's memorandum of the 14th day last (marked) On the 17th day last Mr. Burpe forwarded here a copy of the memorandum in question and a copy of Mr. Homestead Inspector Thompson's report, referred to therein, and on the same being submitted to you you authorised Mr. Lyndon's entry to be changed, as suggested by Mr. Pearce, and Mr. Burpe was informed that Mr. Lyndon might be permitted to enter for the N. 1/4 of the N.E. 1/4 of Section 37 and the S. 1/4 of the S.E. 1/4 of Section 34. His entry was accordingly altered in the records here, and he was advised that he would be permitted to purchase the remaining halves of the quarter-section at such price as might be decided by the Government.

Mr. Lyndon, in his letter of the 20th instant, which you have referred to me for report, objects to this arrangement, as he claims to be entitled to second homestead the S.E. 1/4 of Section 34, which is a quarter-section he has fenced and cultivated and built a house thereon. He concludes his letter as follows:— "I intended to go a few months to the City of Dublin, but I cannot go until I get

Deputy Minister of the Interior,  
Ottawa, 31st August, 1897.

...patent. So if they would ask me if I had any land in  
"Canada I would tell them I had."

And when he was asked for the reason, Mr. Lyndon

has been at home since the N.E. 1/4 of Section 27 from 1882  
to the date of his application, the 1st of the last. He has in  
1882 and 1883 160 head of cattle and 125 horses. His present improvements he values  
at \$1300, but he has done no cultivation of the said N.E. 1/4  
of Section 27.

Mr. Homestead Inspector Thompson says in his report  
that the area fit for cultivation is about five acres and in  
his general remarks says, "There is value in the cultivated being  
"not only, good pasture land with good supply of water." He

values his improvements at \$1500, and says that he has 22 acres  
broken in the S.E. 1/4 of Section 34.

The survey of this township was approved on the 2nd  
March, 1896, the delay having occurred owing to an error in  
the first survey, and Mr. Lyndon's entry was made on the 19th  
September of the same year.

Unless Mr. Lyndon accepts the proposed arrangement  
he will not be entitled to make second homestead entry, as he  
could not be granted a homestead patent without having done  
cultivation thereon, nor could he, in the event of patent  
issuing for the N.E. 1/4 of the N.E. 1/4 of Section 27 and the S.E.  
1/4 of the S.E. 1/4 of Section 34, be granted a second homestead  
for the remaining halves of these quarter-sections, as they

are not adjoining, but he might be permitted to homestead 80  
acres and purchase the other 80 acres. Again, an Order-in-  
Council might be passed authorizing the issue of his patent  
for the N.E. 1/4 of Section 27, but I do not think that he would  
then be entitled to make a second homestead entry.

Wm. Lyndon

Memorandum :-

As requested in your memorandum of 10th instant however, I beg to explain that in the last paragraph ~~there~~ in the memorandum to you of the 31st ultimo, I meant to say that if Mr. Lyndon's entry were to remain as originally entered for, that is to say, the North East quarter of Section 27, he would not even be entitled to a patent for his first homestead. It is only by shifting - so to speak - his homestead so as to include the South half of the South East quarter of Section 34, on which latter land he has broken 32 acres, ~~that~~ that he can obtain his patent for his first homestead.

On a report dated 7th October, 1897, from the  
Minister of the Interior, stating that Mr. Charles A.  
Lyndon, who on the 19th December, 1896, was granted a  
homestead entry for the North-East quarter of Section  
27, Township 12, Range 29, West of the 4th Meridian,  
has applied for a patent therefor under the following  
circumstances:-

Mr. Lyndon settled upon the land in question  
during the year 1882, long before the survey, erected  
buildings, corrals, &c., valued at \$4,000, and cultivated  
25 acres.

On the subdivision of the Township it was  
discovered that his cultivated land was all within the  
South-East quarter of Section 34, while his buildings  
were upon the North-East quarter of Section 27. There  
is very little or no cultivable land upon his homestead  
proper. Mr. Lyndon has at the present time upon his  
homestead 160 head of cattle and 125 horses.

The Minister therefore recommends that Mr.

Lyndon be granted a patent for his homestead, the North-

Your obedient servant,

I am, Sir,

With reference to your application for patent  
for the North East quarter of Section 27, Township 12,  
Range 20 West of 10th Meridian, I beg to say that as it  
is not clear from your application that you had earned  
a title to your homestead from actual compliance with the  
terms of the Dominion Lands Act in that respect, the matter  
was submitted to His Excellency in Council, and an Order  
passed recommending that you be granted a patent for  
your homestead, the above mentioned land, notwithstanding  
the fact of there being <sup>no</sup> land cultivated upon it. The  
Order in Council also authorises that as you are entitled  
to a second entry you be granted such second entry upon  
the South West quarter of Section 34 in the same township.  
On your applying to the Agent of Dominion Lands at Leth-

mentioned parcel of land.

Dear Sir,

Ottawa, 24 April, 1899.

I beg to acknowledge the receipt of your favor of the 20th ult., enclosing a letter from Messrs. A. J. London, in which you complain about not getting the patent for his second machine at once, and also that the department has sent the second machine to take his application, evidently intending to give him his patent, but that they had since refused to do so. I beg to state in reply that the Honorable Secretary was sent at the request of Mr. London dated the 10th inst. last. It is quite impossible to give Mr. London his patent at the present time, as in no single case has a patent for a second machine been given to him until the first machine was in full operation. I beg to say that Mr. London appears to have been very fairly dealt with in connection with his first machine. He has not yet necessary cultivation, and a special Order in Council was passed giving him the patent and the right to make a second machine.

Yours truly,

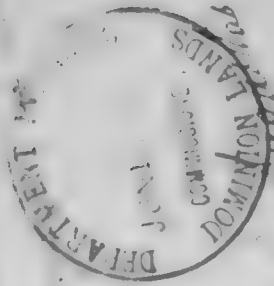

Commissioner.

MEMORANDUM:-

Mr. John Franklin Kratz was granted the SE 1/4 of Section 24, Township 2; Range 28, West 4th Meridian lying south and east of the Belly River, as a time sale in the year 1895. A payment of \$20.00 was made thereon February 21st, 1896. No subsequent payments were made. (See Letter December 10th-06, hereunder-marked)

Notified of his arrears Mr Kratz replied under date August 26th, 1896, that he would have no more to do with the land in question and intimated that he considered he had no further claim on the said land.

The Agent at Lethbridge now submits under date September 8th last, Homestead Inspector Link's report upon the land in question in which it is stated that on visiting the same he was informed by neighbours that Mr Kratz was not known in that part of the country, no one remembered when he resided there.

As Mr Kratz has apparently abandoned the parcel and does not intend to complete the purchase, I think the said sale should be cancelled.

Area, 3.1, 3.4, 3.8, 3.4th Meridian, 1418  
South of River, and containing 22.4 acres, shown  
hatched in red on attached sketch. Land vacant.

I beg to submit the application of John Franklin Bradshaw

to purchase the above mentioned parcel.

r. Bradshaw claims ownership of the adjoining fractional  
3.1 of section 25, shown bordered red on sketch, which land  
was patented in June, 1907, to the Calgary and Edmonton Land

Company.

The Homestead Inspector values the parcel at \$7.00 an

acre, and states that he sees no reason why it should not be

sold to the applicant.

I might point out that the parcel in question was sold to  
John Franklin Kratz in the year 1895, but that, as it had been  
ascertained that he did not intend to carry out the purchase,

the sale was cancelled in November, 1908.

If a sale is authorized, it will be necessary, of course,

for Mr. Bradshaw to file here an abstract of title proving  
ownership of the adjoining fractional 3.1 of section 25.

Sir,

I am directed by Mr. Pearce to acknowledge the receipt of your letter of the 3rd instant, No. 147-295, ref. 154013, and to state, with respect to the last sentence thereof, that it was not to benefit Mr. Pearce, but the exclusion of the S.R. 1/4 of Sec. 17. The 7th of 1/4 was made, but for the benefit of the general public.

Mr. Pearce understands that the action of the Head Office was based on the belief that Mr. Pearce had valuable improvements on the S.R. 1/4 of the section, whereas in reality, they are inconsiderable.

I can also say that Mr. Pearce would be offered homestead and pre-emption entry to the north half, but if he objects he could be asked to homestead the S.R. 1/4 and a further increase will be made in order to a certain extent is necessary to reserve for a reasonable amount to the survey referred to.

LETTER NO. 9566

REFERENCE NO. 353 Copy for information Conn. Dom. Lands.

Sir:-

Enclosed herewith find copy of a letter addressed the Agent at Lethbridge.

With reference to the first described parcel, there are no squatters or improvements on the land. There is, however, one Abram, a brother of the Ararat squatter on the spring in Sec. 32 in the same township. He has object to the reservation of the S. 1/4 of S. 31 on the ground that it will reduce his land to 160 acres; if it is considered convenient that the whole section be sold 160 acres it might be given out of the S. 1/4 of the same section, leaving, for say, the northerly quarter of S. 31 and S. 32 of the same section.

As to the second parcel; there are no squatters on that or other claimants that I am aware of. It would be best that it should be reserved.

Respecting to the last tract, the S. 1/4 of 17 - 7 - 1 N. 50 E. See letter from your office of the 14th August 1892 of 141.375 in regard to. Mr. Camerand who claims a right to this quarter section, sold out his claim long ago. I don't think he ever made homestead entry

entry for the N.E. 1/4. One Max. Blonette purchased his right and is desirous of acquiring title to the N.E. 1/4 of the said section. There are now no improvements of any value on the land, owned by Camarand and I don't think there ever were any of much value; but one L. Fortier who entered as a homestead about a year ago the N.E. 1/4 - 7 - 13. 511 took possession of the same on 17 or at least of a portion of it and has broken and fenced some fifteen acres thereof. There are two valuable springs thereon which should be kept open. Mr. Fortier was sent during my recent visit; but as the land there was held that he should be allowed to acquire this quarter section and stated that he was going to the Land Agent, informed him that he might eventually be sold. I pointed out to her, that had it not been for the action of the Government, this quarter section would long since have been acquired by parties who were here before they came to the country and that consequently she was having and had no influence whatever. She also understood that they had rented this land on account of the water they required for the house which is on the extreme west of the N.E. 1/4 of Sec. 13 opposite one of the springs. I told her I saw no objection to their putting in a 4" pipe and bringing down any water they required for the house and that this would give them ample supply for domestic purposes and at the same time protecting

protecting the spring for stock watering purposes and that on no account was her husband to make further improvements thereon in the shape of fencing and that I could give him no guarantee that he would not forthwith be required to remove what fence he has done such fence preventing the free access of stock to the water, <sup>is already enclosed</sup> in fact, one of the springs. I also explained that if stock was not very liberal access to water, particularly if there were houses in the vicinity as in the present case, which houses generally have done around them, they are scared to approach it.

The applicant from Camrose for the S.L.L. desires to acquire title for the same and is particularly desirous that the S.L.L. should be reserved for stock watering purposes, one of the springs thereon being one of the most valuable at present available in that township and which, if fenced up, would render a large tract of country absolutely waterless and worthless for pasture, the only purpose for which at present it is valuable.

If my recommendations are approved, could you kindly see that the lands mentioned are put on the list of stockwatering reserves to be made by Order-in-Council.

Replying to yours of the 11th inst. re  
the application of Mr. Phillip Westmore to purchase the S.E. 1/4  
of 17 - 7 - 1 west 5th Meridian. I have the honour to in-  
form you that this quarter section is reserved for stock-  
watering purposes and if your Company were ever notified  
that the same was available as a portion of your land grant,  
it must have been through an error as you will see from the  
following history of the section in question. One Harry  
Gairdner applied on the 11th inst. in March 1885. He presented  
a request to the S.E. 1/4 and pre-emption right to the S.E. 1/4  
Consolidated delay occurred in 1884 in granting an entry  
to the land which then under lease to: but in August  
1884 Gairdner was notified that he could obtain a pre-emption  
and pre-emption entry for the S.E. 1/4 of the section; but as the  
entire S.E. 1/4 had been selected for stock-watering  
purposes as early as 1887. It may, however, be the pre-emption  
claim of Gairdner and a mistake having occurred in which it  
was concluded that he was liable on the 11th inst. in 1885  
section was included in the list of lands reserved by  
Order-in-Council shortly after this. It appears, however,  
from Head Office letter to me of the 5th August 1885, that it

It was at that date intended to reserve as much out of the  
quarter section as was necessary to protect the spring and  
at the same time reserve as much as possible of land-  
road as far as possible. You will, therefore, observe that  
the S.E. 1/4 section is not available to your company; the  
there is a squatter on the S.E. 1/4 with whom the Government  
just deal and it was not until the action of the Government  
went to reserving the S.E. 1/4 title that the title was  
lost passed from the Crown, before the Calgary & Edmonton  
Railway Company came into existence. I may further add  
that instructions have been issued to the Northwest Mounted  
Police to see that the squatter is removed at an  
early date, so that he will be illegally trespassing on this  
reservation.

Dear Sir

Mr. Domicile has asked me to write to you once if by any means except buying of course she could obtain a patent for  $2\frac{1}{2}$  Sec 17, 18, 19 of 5<sup>th</sup> & also obtain a lease for  $2\frac{1}{4}$  of same section for grazing

I am afraid Mr. D. left them rather poorly off. This land was settled on for a considerable time before survey but as it has been transferred several times I doubt this would not be a good argument as I believe in case of a transfer of right in improvements the Gov. claims improvement on their property.

However if Mr. D. long & faithful service as mail carrier & the present poverty of his family could in any way be urged in the matter to obtain this land the Madam would consider it a great favor.

Thanks for your last letter & cannot think of any thing just at present that I can trouble you about this year on my own behalf. Thanks for offer all the same.

Dear Mr. Davis,

I duly received your letter of the 2<sup>nd</sup> ultimo, enclosing one from Mr. H. E. Wade on behalf of Mr. Bromillette, who is desirous of obtaining a patent for the East half of Section 1, Township 7, Range 1, East of the 1<sup>st</sup> Meridian, as well as a lease for grazing purposes on the North West quarter of the same section. On looking up the records I find that one Henry Girard obtained a homestead entry for the North East quarter of the Section mentioned, and also applied for the South East quarter as a pre-emption, reserving a small area of breaking thereon. Mr. Perrin, who was in Ottawa last week, informed me that Girard had left the land, and that the late Mr. Bromillette, husband of the present applicant, had some sort of arrangement with him, or secured or supposed he secured Girard's claim to the land. There is not  
enough

enough information here to enable me to see what risks, if any, Mr. Brosillette obtained from this arrangement, and I have accordingly referred the whole matter to the Bureau for investigation of his return to salary.

I may say that we have an application from Mr. Philippe Tardier to purchase the South East quarter of the section, which is at present under consideration.

26th July 1885

Sir;-

As executor under the will of my late father Maxim Brouillette, I desire my mother, Adelaide Brouillette, to make homestead entry in her own name for the N.W. 1/4 of Sec. 17 - 7 - 1 west 5th Meridian, the improvements upon which my father acquired from Henry Camirand some six years ago. My father died on or about the 4th March 1885.

Sir:-

Herewith file of your office No. 380.268. I attach copy of a letter from Geo. Brouillette to me dated the 26th ultimo asking that his mother may be granted entry to the N.E.t. 17 - 7 - 1 west of the 5th. He promised to send me a copy of the will of his late father and other documents showing that he was the executor of the estate to me, these I will forward as soon as I receive them. As soon as he can prove that he has taken the steps necessary to become the administrator of the estate, his request may, I presume, be granted. In any event, the land can be disposed of as the Department sees fit, so that such permission or request is not exactly necessary; but I presume, the Government will desire to carry out the wishes of the late Mr. Brouillette, as far as possible.. There can be no doubt that when Brouillette acquired the land from Camirand, in his ignorance, he thought that there was title to the land and the easiest way of settling the matter would be, I think, to grant the widow the entry as requested.

I would, however, specially direct your attention to the fact

Dear Sir:

I have the honor to acknowledge the receipt of your letter of the 27th inst. regarding the matter of the proposed extension of the public lands reservation in the State of California. The Department has given the matter careful consideration and has decided to grant the extension for a period of five years. The Department also wishes to state that the extension of the reservation is subject to the approval of the Congress. The matter is now being considered by the Committee on Public Lands of the House of Representatives. The Department is confident that the extension will be granted by the Congress. Dear Madam:-

You will recollect that when I met you and your son at Pincher Creek in July last the latter promised to send me copies of your late husband's will and other documents to show that he was executor thereunder and, therefore, his request that you should be granted Homestead entry for a portion of the S. 1. of 17 - 7 - 1 west 5th meridian might justly be given effect to by the Department of the Interior. Such copy of the will, etc. has not yet been received by me. As soon as that comes to hand and if it is found satisfactory the Agent will be instructed to grant you entry. I am, however, to advise you that it has not been deemed advisable to grant the request that one chain in width from off the southerly limit of the S. 1. be granted you as a Homestead, it having been reserved for stock-watering purposes, therefore, you will have to arrange your place of abode so that you may reside at least six months in each year on the R. 1. after you have effected entry for same.

Sir,

Referring to the list of proposed watering places which accompanied your letter of the 24th of June last, No. 4564 Ref.353, I beg to enquire whether the last four mentioned sections are in Township 17, Range 1 West of the 4th Meridian as therein stated. It is thought a mistake has been made in the number of the Meridian.

I am to say that it is thought advisable not to include in the list of watering places about to be submitted to Council, the S.E. 1/4, Section 17, Township 7, Range 1 West of the 5th Meridian, upon which Mr. Henry Camarand is residing, but if it is eventually decided to grant him an entry therefor, before doing so, a description of the land upon which the springs are situated can be obtained and the land so described can then be reserved for stock watering purposes. Please advise the Agent of Dominion Lands at Lethbridge to that effect.

As to the S.E.1/4, 17 - 7 - 1, the course suggested will, I think, meet the condition. You will observe that Camarand's improvements on the land in question are not of very much consequence; they are mainly on the N.E.1/4 of the same section.

*Extract of Letter from*

Office of the Superintendent of Mines,  
Calgary, 29th November, 1893.

Sir,

Enclosed herewith find copy of a letter addressed the Agent at Lethbridge.

Respecting to the last tract, the S.E. 1/4 of 17 - 7 - 1 W. 5th M. See letter from your office of the 9th August, 1890, Ref. 141,377 addressed me. Mr. Camarand who claims a right to this quarter-section, sold out his claim long ago. I don't think he ever made homestead entry for the N.E. 1/4. One Max. Frouette purchased his right and is desirous of acquiring title to the N.E. 1/4 of the said section. There are now no improvements of any value on the land viz. S.E. 1/4 owned by Camarand or his assignee and I don't think there ever were any of much value; but one P. Fortier who entered as a homestead about a year ago the S.W. 1/4 - 16 - 7 - 1 W. 5th took possession of the S.E. 1/4 of - 17 - or at least of a portion of it and has broken and fenced

some fifteen acres thereof. There are two valuable springs thereon which should be kept open. Mr. Fortier was absent during my recent visit ; but his wife was there and urged that he should be allowed to acquire this quarter-section and stated that when he made entry ~~to~~ Mr. Young, the then Land Agent, informed him that he had no doubt that the quarter-section might eventually be sold him. I pointed out to her, that had it not been for the action of the Government, this quarter-section would long since have been acquired by parties who were here before they came to the country and that consequently she and her husband had no grievance whatever. She also urged that they be granted this land on account of the water they required for the house which is on the extreme west of the edge of Section 16, opposite one of these springs. I told her I saw no objection to their putting in a  $\frac{1}{2}$  pipe and bringing down any water they required for the house and that this would give them ample supply for domestic purposes and at the same time protecting the spring for stock watering purposes and that on no account was her husband to make further improvements thereon in the shape of fencing and that I could give her no guarantee that he would not forthwith be required to remove what fencing he has done such fencing preventing the free access of stock to the water, in

fact

fact, one of the springs is already *enclosed*. I also explained that if the stock has not very liberal access to water, particularly if there were houses in the vicinity as in the present case, which houses generally have dogs around them, they are scared to approach it.

The purchaser from Mr. Camarand for the N.E.¼ desires to acquire title for the same and is particularly desirous that the S.E.¼ should be reserved for stock watering purposes, one of the springs thereon being one of the most valuable at present available in that township and which, if fenced up, would render a large tract of country absolutely waterless and worthless for pasturage, the only purpose for which at present it is valuable.

If my recommendations are approved, would you kindly see that the lands mentioned are put on the list of stockwatering reserves to be made by Order-in-Council.

Calgary,

4th February 1895

REFERENCE No. 353

Sir:-

I enclose herewith copy of a letter I have this day addressed one P. Fortiere of Pincher Creek, Alberta. In this connection I would refer you to mine of the 29th November 1893 on the subject of Stockwatering Reserves. My attention has been directed to this case by the stockmen of the district. As this is a case wholly within the jurisdiction of the Government not forming part of any leasehold, I would suggest that the Police be requested to remove any improvements there may be on this reserve after the date mentioned, if any.

The Secretary of the

Department of the Interior,

Ottawa, 5th April, 1895.

Mr. Pearson,

Mr. Pearce has reported that the stock men have called his attention to the fact that Mr. P. Fortiere still retains his fencing on the South East quarter of Section 17, Township 7, Range 1, West of the 5th Meridian, reserved for stock watering purposes; that he wrote to him on the 6th of February last reminding him that in November, 1893, he pointed out to his wife, that the reservation of the land must be enforced, and that the fencing could be removed forthwith; that the reservations were being strictly maintained, as it was in the interests of the small as well as the large ranchers that they should be; that if he were permitted to maintain his fencing the greater portion of the country in the stock country would be permitted to maintain theirs; and that he would advise him to remove the fencing in question on or before the first of May next, otherwise legal action would be taken, as it was considered to be forcibly removed the material might afterwards be as valuable to him as if he removed it himself, besides other incidental expenses in connection with such proceedings might be incurred.

Mr. Pearce suggested that as this is a matter wholly within the jurisdiction of the Government, the land not forming part of any leasehold, the

Mounted

Mounted Police should be requested to remove any  
improvements from any lot or the removal after the  
date mentioned, namely the 1st of May next.

In a letter from the Deputy Minister of Justice  
dated 3.7.14, of 3.7.14, in respect to the existence  
of the above described lot, the Minister receives in  
the statement of Alberta, he stated that two courses  
were given to the Department, first that he of pro-  
posed the matter, or possibly of removal of the  
lot, or the improvements, claiming to be  
without any right to remove the lot, and that it  
was a part of the lot to which the course  
it was given.

On receipt of a letter to Mr. White in  
the name of the Minister of Justice, it was  
stated that the Minister of Justice was  
not to be asked, and was requested to be  
asked to take possession of the lot, and for the  
lot to be removed, and for the lot to be  
removed, and for the lot to be removed, and for the  
lot to be removed, and for the lot to be removed,  
as it was found that the lot was not to be  
removed by the old form of fence.

I suppose Mr. Pearce may be asked that if  
Mr. Forde does not want the lot in question

Since I have up does not hinder stock

Sir;

I have the honor to submit for your consideration the following:

About the month of May 1892 I entered the South West quarter of Sec 17 T. 7 R. 1 W. of the 5<sup>th</sup> Meridian as a homestead, and at the same time asked the Dominion Land Agent if I could purchase the S.E. quarter of Sec 17. The land in question was entering being without water. He informed me that I could not do so at present, but that if I put some improvements on that land, I should have the first right to purchase, when the land could be purchased.

Requing on this, I broke about 20 acres on that quarter section, and fenced same, and have ever since kept up the fence; and am still willing to purchase the same, when it is possible.

I am now advised by Mr. Pease, the Superintendent of Mines at Calgary, to give up the land, as it is about to be reserved for watering.

I am a poor man, with a large family, and have been to considerable expense and labour fencing and breaking that land,

In reply to your memorandum of the 4th instant I find that the South East quarter of Section 17, Township 7, Range 1, West of the 5th Meridian, was claimed by Henry Camirand as a pre-emption in connection with the North East quarter of the same Section, he having been a squatter previous to survey, and claimed the land through bona fide residence from March, 1885, and from his affidavit made before James C. Macleod, S. M., he appears to have made improvements on the homestead portion, the North East quarter. Philippe Perrier now appears as a claimant to purchase, [see this file 379315.] I understand from Mr. Pyley that the land is now included in the schedule attached to the memorial to Council asking that it be reserved for stock watering purposes.

16th March 1895

Sir:-

In reply to your letter of the 6th instant  
February No.10.599 re my fencing on the S.W.t.of 17 - 7 - 1  
w.5th M.

I am sorry I did not see you when you were here and cal-  
led at my place last fall, as you could have pointed out to me  
just what you wished done. I am a poor man and have gone to  
quite an amount of expense in fencing this particular piece o  
of ground and in improving it and I wish to know if I could  
retain possession of it this summer so that I could put in a  
crop in order to repay myself in part for my outlay.

If this cannot be granted, can I retain my fencing on the  
other portion of the t section if I remove that part that now  
fences in the spring.

I am, etc. etc.,

LETTER No. 11.077

REFERENCE No. 10.972

Sir:-

Replying to yours of the 28th of May last.  
Ref. 141.376. I enclose you herewith copy of a letter I received from Mr. Fortier dated the 14th March last and copy of my reply thereto dated the 25th March last. You have a copy of mine of the 6th February last.. I saw Fortier a few days ago and although he did not promise to have his fencing removed on the 20th October next, he gave me to understand that he would. I have, however, very little faith in his word I informed him, that if it were not removed by that time, it would be done for him and that it would be economy on his part to do so himself. Would you, therefore, kindly request the Comptroller of the Northwest Mounted Police to instruct his officers to eject Fortier on that date, in case he is still there. He objected to the date on the ground that he had some cabbage planted on the land in question and that it would be too early to take them up. By next October, if it is an average season, the cabbage will not be injured in the slightest from being pulled.

I am, Sir,

Your obedient servant,

The Secretary of the  
 Department of the Interior,

26<sup>th</sup> July 1895

Sir,

Referring to your letter of the 29<sup>th</sup> April last, I beg to draw your attention to the fact that I have not received a further communication as promised.

With regard to your statement that there is another application for the land in question, I beg to draw your attention to the fact that my verbal application to the Agent at Lethbridge was made as early as May 1892 and that I have since then been in actual possession, believing from the Agent's statement that I should have the first chance of buying when a title could be given.

I have yesterday seen Mr Pearce, who told me that I should be invited by the 20<sup>th</sup> October. I wish to again respectfully draw your attention to the hardship I should suffer were that done. My expense in fencing and breaking would be lost, and I am not in a position to lose it.

I am anxious to purchase at least the 50 acres allotted from the spring. Justice's action cannot be divided, to purchase the whole, or the

to leave free access for cattle to the spring.

I beg also to draw your attention to the fact that my improvements on this land were made more than two years before my purchase of the spring arose, and that I could not at the time of making the improvements anticipate that any more would be made.

Trusting for your favorable consideration

I have the honor to be, Sir,

Yours obedient servant

This is a protest from Philippe Montier against a threatened eviction from the land around a certain spring which was reserved. He says now that he wants to buy the 50 acres furthest from the spring, or the whole quarter section undertaking to leave free access for cattle to the spring.

Question, what is the guarantee to leave free access to the spring on the

Sir:-

I presume you have received instructions respecting the ejection of Mr. Phillip Fortier who is squatting on the S.W. 1/4 of Sec. 17 - 7 - 1 west 5th Meridian. His trespass consists of enclosure and some cultivation. If you have not already taken action would you kindly defer the ejection until after the 20th of October next. I, to some extent, promised that if he on that date had his fencing removed, no action would be taken. I fixed on the date named in order to give him an opportunity of removing some vegetables and other garden stuff from off the land in question.

Head Office

Gentlemen:-

Replying to yours of the 10th instant re the application of Mr. Phillip Mortimer to purchase the S. 1.1. of 17 - 7 - 1 west 5th Meridian. I have the honour to inform you that this quarter section is reserved for stock-watering purposes and if your Company were ever notified that the same was available as a portion of your land grant, it must have been through an error as you will see from the following history of the section in question. One Henry Casirand squatted on the S. 1.1. in March 1845. He preferred homestead right to the S. 1.1. and pre-emption right to the S. 1.1. Considerable delay occurred in this regard and his entry was not made until the 1st of August 1849. Casirand was notified that he could obtain homestead and pre-emption entry for the S. 1.1. of the section; but not the east half as the S. 1.1. had been selected for stock-watering purposes as early as 1837. On this day, to the proposed claim of Casirand and a mistake having occurred in which it was concluded that he was living on the S. 1.1., the quarter section was not included in the list of lands reserved by Order-in-Council shortly after this. It appears, however, from Head Office letter to me of the 24th August 1849, that it

It was the intention of the Department to have the

Sir:-

I am in receipt of copy of a letter addressed to you from Sergeant Wilde dated the 24th instant, in which he asks if Phillip Fortier may be allowed to leave his fence where it is until next spring. In reply I may say that on similar pretences he has been granted a respite on former occasions and seeing that he was notified as early as the second week of February last and consequently had ample time to make provisions for moving this fall, I feel, that the time has come when patience ceased to be a virtue and I would, therefore, request you to cause the fence to be removed forthwith. The spring in question is particularly required for stock-watering purposes during the winter months and his fence prevents access thereto as well as ~~as well as~~ for a large area of country to the west and south-west.

Sir:-

I enclose herewith copy of a letter I have just received addressed to P. Fortin, of Indian Creek, Alberta. In this connection I would refer you to mine of the 21st November last on the subject of Stockwatering reserves. My attention has been directed to this case by the stockmen of the district. As there is a close connection with the jurisdiction of the Dominion and the Province, part of my letter is in French, and the Office is requested to remove any unnecessary part and to be this reserve when the copy is made, if any.

Sir,  
In reply to your letter of the 6<sup>th</sup> February, 1895, I enclose  
re my fencing on the S. E. 1/4 of 14-2-1 West  
of the 5<sup>th</sup> Meridian.

I am sorry I did not see you when you  
called at my place last fall, as you could  
have pointed out to me just what you wished done.  
I am a poor man and have gone to quite  
an amount of expense in fencing this  
particular piece of ground and in improving  
it, and I wish to know if I could retain  
possession of it for this summer so that  
I could put in a crop in order to  
repay myself in part for my outlay.

If this cannot be granted can I retain  
my fencing on the other portion of the 1/4  
Section if I remove that part that now  
fences in the Spring.

I am, Sir,

Yours very truly

Sir:-

I am in receipt of your favour of the 15th instant. If you will write me a letter promising that you will have the fencing off of the S.E. 1/4 of 17 - 7 - 1 west of the 5th Meridian not later than the 20th October next, I shall exert myself to obtain the necessary permission for you to retain your fence to the date in question. In the letter you must distinctly state, that failing the removal of the fence by that date, anyone else may remove the same and retain the material in lieu of their payment for such service.

P.S. I may further say, that the only good land I have  
under cultivation is that in question. I would not have

had I not believed I would obtain the other. I cannot  
live on the produce of the homestead.

Pincher Creek,  
Alberta, 20th April, 1895.

Sir,

I have the honour to submit for your consideration the following facts.

About the month of May, 1892, I entered for the South West quarter of Section 16, Township 7, Range 1 West of the 5th Meridian as a homestead, and at the same time asked the Dominion Lands Agent if I could purchase the South East quarter of Section 17, the land on which I was entering being without water. He informed that I could not do so at present, but that if I put some improvements on the land, I should have the first right to purchase, when the land could be sold.

Relying on this, I broke about 20 acres on that quarter section, and fenced same, and have ever since kept up the fence; and am still willing to purchase the land, when it is possible.

I am now required by Mr. Pearce, the Superintendent of Mines at Calgary, to give up the land, as it is about to be reserved for watering stock.

I am a poor man, with a large family, and have been to considerable expense and labour fencing and breaking that land, relying on what the land agent told me, and it would be a great hardship to me to have to give it up now.

The fence I have up does not hinder stock from watering at the springs, and I am quite willing to give any undertaking which may be required to leave the springs open. I beg to ask your Honour to consider the above facts and give such directions as may seem fit.

ENCLOSURE

I have the honour by direction to enclose herewith a copy of a communication which has been received in this Department from Mr. Philippe Fortier, of Pincher Creek, with reference to his application to be permitted to purchase the South East quarter of Section 17, Township 7, Range 1 West of the 5th Meridian, and to request that you will be good enough to furnish a report on the matter.

I am to point out that the records here show that one Henry Camirand also claims the quarter section in question and I am to add that the Agent of Dominion lands at Lethbridge has been requested to furnish an explanation with reference to the first paragraph of the letter in question.

I have the honour to be,

Sir,

Your obedient servant,

Assistant Secretary.

William Pearce, Esq.,  
Superintendent of Mines,

Ottawa, 5th May, 1915.

Memorandum to Mr. Burgess:-

There should be a very considerable correspondence in this office over the said S. E.  $\frac{1}{4}$  of Sec. 17. 7. 1 West 5th. Camirand desired it as a pre-emption entry; had a small amount of business on it. A protest was lodged by the stockmen in the vicinity against the closing of a most valuable spring on the quarter section in question, a spring which is now the sole supply of water for cattle grazing of 5000 acres. In other words if the spring were enclosed so that cattle had no free access to it 5000 acres of land now utilized as pasture would have its value diminished to the extent of probably 40%. If it had not been for the action taken at the time Camirand applied for it, it would have been disposed of long before Mr. Fortier reached Alberta. The party who now owns the homestead formerly claimed by Camirand, insists most strongly of anyone in that neighbourhood that this spring shall be allowed to remain open, and his contention is not only in his own interest, but in the interest of that district. That Mr. Fortier <sup>acquired the spring</sup> which he states from the agent of Dominion Lands at Lethbridge is I think doubtful. His wife told me the same story he repeats, but I told her that I thought they ~~must~~ must at least have misunderstood the then Agent, Mr. Youn. Of course what transpired subsequently it would be difficult to deny that Mr. Youn, probably did give the advice alleged, but there is no doubt of one thing, that the <sup>before he made any improvement on it</sup> settlers in the neighbourhood informed Mr. Fortier most vigorously that they would protest against his acquiring the quarter section in question. He has broken some few acres on it, and I recently wrote him requesting him to remove his fence. He has agreed to do so provided he is allowed to retain it so as to let

A.M.E.2.

the crop for this year off the broken land; as the spring is more valuable between the 1st of November and the 1st of April than at any other season of the year, I have advised him that I would recommend that no action be taken towards removing the fences prior to the 1st October next on the distinct understanding that he would cause the fences on that date to be removed. Until I left Calgary he had not replied. He appears to have decided to work the oracle from this end.

I called on Fortier in November, 1883. He was not at home, but I informed his wife that the quarter section in question was reserved, and by no possibility would her husband be allowed to acquire it. As to the value of that water to him the reservation does not diminish it in the slightest. He claimed that if it was reserved there would be so much cattle around the spring that it would be difficult to get water for their use on in to the tramping; that would occur. I replied that that was the strongest argument that could be used in favour of reserving for stock, but to meet her objection there would be nothing to prevent her husband running a pipe from the spring to the house. This pipe could take its supply from a little cribbing put in the centre of the spring encompassed in gravel which would be out of the reach of the stock, and the water therefrom would come perfectly pure without injury from the cattle.

Dear Sir/

Re Section 17-7-1-W.5th.

A man named Philip Fortier has made application to us for this Section. Fortier informs us that he squatted on the place some time ago and that you have now ordered him off saying that the section was reserved for Stock-Watering purposes. We do not appear to have advice of this reserve. Will you please let us hear from you on the subject?

Yours truly,

Osler, Hammond & Nanton,

Dear Sir/

Re S.E. 1/4. 17-7-1-W. 5th.

Referring to your favor of the 12th October last No. 11304 Ref. 10972 & 353 No. 4. We beg to say that Section 17 scheduled Range 1 West 5th has not been ~~marked~~ to us by the Department and we do not appear to have ever been advised that any portion of it was reserved for Stock Watering purposes. In September of '92 the Rev. Father Lacombe made application to us for this Section but as it was not then at our disposal the matter remained in abeyance until we received the letter from Mr. Fortier, which resulted in our letter to you. We have now marked the S.E. 1/4. as "reserved for stock Watering purposes".

Yours truly,

Re Section 17. 7. 1. N. 5th

We are now in communication with Mr. Pearce regarding this section being reserved for stock watering purposes. Will communicate with you further on hearing from him.

Sir,-

Re Section 17. 7. 11 W 5th

I have the honour to report having notified Philip Fortier to move off S.E.  $\frac{1}{2}$  of above section. He has only a fence on it which he has opened up. He is quite willing to do anything we demand, but has asked to be allowed to keep the fence standing open until the spring so that he can then move it on to his own land. I enclose copy of a letter sent him by the Calgary & Edmonton Land Co.

I have the honour to be,

Sir,

Sir,

Re yours of the 15th inst Ref 380268 addressed Mr Philippe Fortier, copy of which was sent me. I cannot do better than enclose with this my file in this case which shows exactly the position of affairs and I would particularly direct your attention to a memorandum of mine on the subject dated 9th May 1895 Ref 379315 and would also particularly direct your attention to the fact that if this had not been reserved for stock watering purposes it would have been disposed off long before Mr Fortier came to Alberta.

As to the advice which he said the Agent of Dominion Lands gave him, I think that is doubtful.

As to the statement in his letter of the 28th ult that owing to snow banking over the spring, it is not available for stock in winter, that is not correct. On 3 different occasions in winter I visited the quarter section in question and found that a large number of stock was watering thereon. It may be true that for a few days at a time following a high wind accompanied by snow drifts the access to the spring by stock may not be available, but that condition would only last for a short time and even that could be remedied at a very

slight expense. The vicinity of this spring is a particularly favorite one for winter pasturage.

There is no doubt that owing to the seepage of this spring a portion of the 1/4 section lying in the vicinity and under it receives moisture enough to mature crops, hence it is greatly to be desired on that account, but the provisions of the Irrigation Act permit Mr Fortier to conduct from that spring on his homestead 1/4 section any surplus water not utilised by the stock and this he can do by a very small outlay and this would render his 1/4 section as far as the water will go as valuable for the growth of crop as the portion thereof he desires to cultivate, and which lies on the reserved 1/4 section.

I think that you will agree with me that every consideration has been shown Mr Fortier in this matter.

Please return the file after you have made such extracts therefrom as you may desire.

RECEIVED

Sir

In reply to yours of July 19<sup>th</sup> 380268 relating to the intention  
of the Department to continue the reservation with S.E. 1/4 17-7  
145-77 I beg to say that when entering in my homestead  
in 1892 in the S.W. 1/4 16-7-145-77 the Clerk of both  
ranges, Mr. Goring, stated that if I did some improvements  
on the adjacent section, the S.E. 1/4 17-7-145-77 that I  
would secure the right to purchase it. I therefore made  
about 18 acres and culled it for 3 years, only then to  
find that it was reserved for stock watering purposes in  
the meantime, and I learned I would not be allowed  
to purchase it. I would not have homesteaded in the S.W.  
1/4 16. and depended on obtaining the water in the S.E. 1/4 17-7  
if there being some on my homestead. The S.E. 1/4 17-7 is  
of little use to some cattle as one spring runs all winter  
and the other is covered 15 ft deep with snow, and it is  
during the winter that cattle suffer for water. Under  
these circumstances I beg to ask if you can give me  
the right privilege of purchasing this section if and  
when it is thrown open.

The Secretary  
Dept of Interior  
Ottawa.

Yours Sir.  
I am obedient servant  
Philippe Fortier

DEPARTMENT OF INTERIOR.

MEMORANDUM.

To Mr. Pearce.

Will you kindly report whether you think that the reservation of the S.E $\frac{1}{4}$  17-7-1 W. 5th shd. be continued. Please see letter from Fortier hereunder.

Ottawa, 10th August, 1899.

Mr. Turriff :

Re S.E. 17 - 7 - 1 W. 5th -

Stock Watering Reservation.

It will be observed that Fortier merely asks that he be given the first right to purchase the S.E. 17 - 7 - 1 W. 5th "if and when it is thrown open" and bases his claim.

1st On certain assurances that he states were given him by the Agent when he homesteaded the S.W. 16 adjoining.

2nd That the quarter-section is necessary to him to furnish water for domestic purposes.

3rd. That it is of no value for stock-watering purposes

See my memo on this file dated 9th May, 1895.

An outlay of probably \$50 for piping and cribbing will give one of the finest supplies of water for household stock and fire protection, giving him at his house a ~~head~~ of probably 400-50 feet, and prevent contamination of the water by the stock.

As to spring not being accessible during the winter I have only to say that I have seen this spring several times in the winter and during every occasion there was a large number of stock watering at it. If occasionally it is drifted over it would only be for a very days at a time that water was not rendered attainable. It is true that the Spring

- itself -

itself may be covered with drifts but water from same soon thrusts out lower down the side hill.

See Homestead Inspector's report on it.

I think it well that Fortier should be advised that it is ~~not~~ probable the reservation will be reserved for such an indefinite period that the Department cannot accede to his request that he must necessarily have the 1st right to acquire same when thrown open.

If the principle be ever recognized that if one makes an application such as this, that he is to have the 1st right to same, then grave complications may ensue and it would be well to educate the public that such a policy or procedure will not be adopted. The Department should be left perfectly clear to deal with its lands as it sees fit when the time arrives for their disposal.

Respectfully submitted

In this event it will be offered for sale by public competition after due notice has been given, at an upset price of \$5 per acre.

Sir,

I have the honor to acknowledge the receipt of your letter dated the 17<sup>th</sup> January 1902.

relating to the S.E. 1/4 17-7-115<sup>th</sup> and stating that said land will probably be sold by public competition at an upset price of \$5<sup>00</sup> per acre. He earnestly requests me to rule on his behalf representing that when he obtained entry for the S.E. 1/4 in 1892 he was informed by the Agent on the ridge then, that the S.E. 1/4 could not be sold to him at that time, that he would require a first option the use of doing some improvement, that he took about 18 acres and cropped the same for 3 years, was whiffed in 1895, he removed his fence, the land being a stock watering reserve, removed his improvement, with the hope that in the future if the land were sold to anyone he would have the first option he depends entirely on the ruling on the S.E. 1/4 for his water supply, having laid 1700' of pipe laid to it, in 3 years, should the same pass with the land into the hands of another his homestead becomes valuable to him and he is prepared to pay the first instalment of the purchase price of \$5<sup>00</sup> or acre if under the circumstances of the case it may be said to him at once, without public competition.

Gentlemen,

I am directed to inform you that the S.E. 1/4 of section 17, township 7, range 1 west 6th Meridian, which was reserved for stock watering in 1895, was included in the Calgary and Edmonton Railway Company's revised selection to complete its land subsidy. One Phillip Fortier, whose homestead is the S.E. 1/4 of section 16 adjoining, was at one time a claimant for and had some improvements on the S.E. 1/4 of section 17. Mr. Fortier's claim to the S.E. 1/4 of section 17 was not allowed, but he was permitted to lay some iron piping leading from certain springs on the S.E. 1/4 of section 17 to his land, as he contended that without the water from these springs he would in dry years be unable to make a living on his homestead. It is considered desirable that Mr. Fortier should be allowed to obtain a license of occupation under the Irrigation Act if he wishes and it is provided the Railway Company will have no objection. The patent to be issued to the Calgary and Edmonton Railway Company's subsidy would then be issued subject to such license. The Department will be glad to hear from you in the matter as early as possible.

I beg to inform you that representations have been made to this Department that you have laid some iron piping for the diversion of water from certain springs on the South East quarter of Section 16, Township 7, Range 1, West of the 4th Meridian, for irrigation purposes. If you desire to secure the works which you appear to have constructed for the above purpose it will be necessary for you to comply with the provisions of the North West Irrigation Act, a copy of which is herewith enclosed, by filing a detailed plan and an application for permission to obtain right of way for your works over land not owned by yourself. Sir,

I am in receipt of your letter of the 12th instant, file 380268 enclosing copy of a letter addressed by your Department to Mr. Philip Fortier, of Cowley, Alta., with respect to the diversion of water from certain springs on the S.E. 1/4 of sec. 17, tp. 7, rg. 1 west of the 5th meridian, for irrigation purposes, and note the information contained therein.

In connection with this matter I would refer you to the letter of this office to your Department dated January 7, 1902, enclosing copy of a communication received from that gentleman, and the Departmental reply of January 17, 1902, file 380268, addressed to Mr. Fortier, to the effect that the lands which have been held under reservation for stockwatering and driftway purposes are receiving consideration, and it is probable that the S.E. 1/4 of 17--7--1--west 5th M., will no longer be held for such purposes, and in this event it will be offered for sale by public competition after due notice has been given, at an upset price of \$5.00 per acre. Will you please advise me what action, if any, has been taken along the lines above referred to.

Mr. Ryley,

I think there is some map in your office which will show just exactly what lands Mr. McLaren is claiming. Perhaps if you were to refer to Mr. Goodve what lands Mr. McLaren is in possession of, it would be possible then to find out whether or not any had been patented.

In reply to your note of the 15th ultimo I beg to say that the records of this Department are not to be disclosed and it is not possible as to the location of the land occupied by Mr. P. J. Ottawa, 15th Jan 1900.

Dear Sir,

In September 1887 permission was granted to me to place a small saw mill on an unused portion of the Mounted Police Reserve at Fort Macleod, and I have been in continuous occupation since that date.

The mill itself was destroyed by fire a couple of years ago, but the boarding house and other buildings still remain, together with a quantity of sawn lumber. I am being urged to rebuild the mill, which I am prepared to do provided I can obtain a title to not less than 25 acres of land for mill purposes, and piling grounds, and, in view of the convenience which the mill would be to the settlers in the vicinity, I submit that I am not unreasonable in asking a free grant of the land applied for, or under any circumstances that the price fixed shall be nominal.

I beg that you will give this early consideration, as this is the season of the year when arrangements should be made for the reconstruction of the mill and the getting out of the logs to be sawn into boards when Spring opens.

Yours truly,

To the Commissioner

Sir,

With reference to your letter  
advising me a plan of the ground occupied  
by the Saw-mill, I have the honor to state  
that it is not situated on the N.E.  $\frac{1}{4}$  of  
Sec. 11, as stated in the Commissioner's  
letter, but on the N.W.  $\frac{1}{4}$  section.

I have gone over the ground  
personally, and find that 25 acres  
are wanted where the mill is, it will  
under the remainder of the bottom  
under for Police purposes, as it will cover  
the Rifle Range.

On looking over the ground  
I find that 25 acres are ample for all  
the requirements of the mill, and Const.  
Sutton

Seaton, who surveyed the Plot was with me when the representative of the Mill Co stated that 25 acres would be all they would require.

I have therefore had 25 acres surveyed and marked off on a plan of Sec. 11. enclosed herewith. The plan enclosed with the complimentary letter is very incorrect as regards the situation of the Plot, and the shape taken by the River's course, therefore I have not marked it thereon.

The sketch enclosed shows the land at present occupied by the Mill buildings, and the 25 acres surveyed off, takes in the rough in which their logs are allowed to float during the Summer.

I have the honor to be

Sir,

Referring to your letter No. 380804 T&M. of 11th instant, respecting the application of the Hon. Peter McLaren to be allowed to purchase not exceeding 25 acres of the Mounted Police Reserve at Macleod for mill purposes and piling grounds.

I am able to corroborate the statement made by Mr. McLaren as to his having been in occupation since the Autumn of 1887, and I am authorized by the Hon. the President of the Privy Council to say that he has no objection to the disposal of 25 acres of the Mounted Police Reserve at Macleod in the vicinity of the McLaren mill site and piling grounds at such price as the Hon. the Minister of the Interior may decide.

In connection with this matter I transmit herewith a report made by Supt. Steele on the 17th July 1889, to which is attached a rough plan showing the piece of the Reserve which can be disposed of without inconvenience to Police requirements. May I ask you to be good enough to return this plan, or a copy thereof.

Hon. Peter McLaren,

Dear Sir,

Your letter of the 11th instant duly received and contents carefully noted. In reply would say that the 25 acres shown on the plan is sufficient ground for the site, at the same time the line running east and west runs close to the yard and nearly touches the upper end of the lake, if you could have 100 feet taken off the east side and the same number added to the south side it would give us more room for a police station and also more room for the logs which we have to tank, if this change was made it would add about 2 1/4 acres more to the 25. The dry slough which you and I were looking at and which you spoke of digging out in order to enlarge the pond is not in the space shown on the map, but could easily be surveyed in a block by itself if you wished to procure it, if the 100 feet is added to the south side it will only take in a very small portion of it, and I do not think the Police would care about extending it any further south. The land from the slough to the river is never used by the police and is unfit for drill ground and think you might get it very easily, if you wish to procure part or whole of this dry slough I would

suggest that instructions be sent to Major S. H. Steele of this post to have a look over this piece of ground and if everything was satisfactory I could have it surveyed right away and the plans sent to you. I took a copy of the map and should the Major be sent to look over the ground I will let him have the map and at the same time could show him the ground which was looked at. If you do not wish to make any changes the 25 acres which is taken out will be very well. I herewith enclose a rough sketch of the lake, or slough and buildings when the boarding house is moved and mill built which will give you an idea how the lines are situated &c. &c. the lumber yard will be clear 40 feet from the mill. The mill yard and buildings will be so arranged that we will get the lowest rates of insurance and at the same time making them safe from fire and convenient.

As the town would say, that it will be some time yet before it is put before the people, it would have been voted on next week but when the lawyer came to draft it he found that the petition which was sent to the Council was not properly worded, so now another petition is being circulated and the by-law will be rushed with all possible speed, everything looks encouraging now as the opposition party are not saying much  
a little  
and I think feel a little ashamed at the way they have worked against it. I have not done anything yet as to moving

boarding house but as soon as the bylaw is voted on will go to work, it will only take a few days to get things in shape for the machinery. If it will be cheaper to prepay the freight on machinery I will send a cheque for that purpose.

Mr. John Herron of Pincher Creek was in Winnipeg last week and when coming home saw the Belgians horse buyers partner and he told Mr. Herron that he was coming up in April to have a look at our horses. I have not yet heard from Mr. Simpson.

The Coast price list of lumber was received Saturday night, and have not yet examined it closely.

The weather is very changeable, and we had another cold storm last Friday night, but is now nice and clear.

I hope you have fully recovered from your sickness. All well.

Your obedient servant,

(Signed) Jas. Nicoll.

P.S. There are some tools which will be required for the Mill, I will make out a list and send it down, and if there is anything required for the Mountain Mill will also put on list.

Department of the Interior,

Mr. Burgess,

Since preparing a draft memorandum to Council recommending the sale to the Hon. Peter McLaren of a portion of the North West quarter of Section 11, Township 9, Range 26, West of the 4th Meridian, I have found by referring to the records, that at the time this quarter section was reserved for the Mounted Police it was School land, and that no other land was set apart in lieu thereof.

It would therefore appear that the land applied for by Mr. McLaren is School land, and cannot be sold until other land in lieu thereof has been set apart by the authority of Parliament, unless it is disposed of at public auction.

The plan of the survey of the township in which the land in question is situated was approved by the Surveyor General on the 13th of March, 1884, and the reserve for the Mounted Police was made under the authority of an Order in Council dated the 19th of March, 1887.

Respectfully submitted,

M.

Ottawa, 29th June, 1896.

Memorandum. Mr. Ryley.

The Government are well aware that this is School Land, and were aware of the fact when the Mounted Police took possession of it. Other land should be selected in lieu of it immediately. There is no special value attaching to the land itself,-- in fact, any value that it now has arises from the fact that Mr. McLaren's mill is upon it. Show this to Mr. Checkley as his authority to prepare a letter to Mr. Pearce asking him to select a piece of land of equal value in lieu of it.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

P. C. No. 531.

Whereas the Minister of the Interior reports that on the 6th February 1883, an Order in Council was passed, reserving from the operation of grazing leases, sale and settlement the two westerly tiers of sections of Township No. 9, Range 25 West of the 4th Principal Meridian and the four easterly tiers of sections of Township No. 9, Range 26, West of the 4th Principal Meridian; that out of those so reserved the following were set apart for Mounted Police purposes, namely:—Sections 9, 10, and 11, of Township No. 9, Range 26, West of the 4th Principal Meridian; and that Section No. 12, and the South half of Section No. 13, Township 9, Range 26, West of the 4th Principal Meridian were set apart as the Town-site of Fort McLeod.

And whereas since that date the Town-site of Fort McLeod has been extended in a southerly direction taking in the northerly 30 chains of Section 1, in said Township 9, Range 26, and it has been found that Section 9 and all of Section 10, except legal subdivisions 1, 2, 3 and 4 had at the date of said Order in Council been settled upon and that it now is expedient to grant entries therefor.

His Excellency in Council on the recommendation of the Minister of the Interior and under the provisions of the 26th Section of the Act 46 Victoria Cap. 17 "The Dominion Lands Act 1883," has been pleased to order and it is hereby ordered that the reserves created by said Order in Council of the 6th February 1883, be and the same are hereby now opened, and that the following lands be reserved in lieu thereof, namely:—

The North halves of legal subdivisions 9, 10, 11 and 12, and all of legal subdivisions 13, 14, 15 and 16, of Section 1, all of Section 12, and that portion of Section 13 lying South of Old Man's River,—which lands form the Town-site of Fort McLeod. On a Report dated 22nd. June 1896, from the Minister of the Interior stating that the Hon. Peter McLaren has applied for a free grant of land in section II, township 9, Range 26, west of the 4th Meridian, upon which he erected a saw mill in 1887. Mr. McLaren states in his application that the saw mill was destroyed by fire a few years ago, but that the boarding house and other buildings still remain on the land; that he has been urged to re-build the saw mill, which he is prepared to do provided he can obtain title to not less than 25 acres of land for mill purposes and piling grounds; and that, in view of the convenience the mill would be to the settlers in the vicinity, he thinks he is not unreasonable in asking for a free grant of the land applied for, or that the price should be a nominal one.

The Minister further states that, as the land applied for was situate within a tract reserved for Mounted Police purposes, by Order in Council of the 19th of March 1887, the Comptroller of the North West Mounted Police was asked to corroborate the statement made by Mr. McLaren, that he had erected a mill in the year 1887,

and

The Honourable

and also to report whether or not there would be any objection to his purchasing 25 acres of the reserve. The Comptroller has reported that he can corroborate Mr. McLaren's statement as to his having been in occupation of the land since the Autumn of 1887, and that he is authorized by the President of the Privy Council to say that he has no objection to the disposal of an area of 25 acres of the Mounted Police Reserve at Macleod in the vicinity of the Mill site and piling grounds, at such price as the Minister of the Interior may decide, and he submits a plan showing the portion of the reserve which can be disposed of without inconvenience to the Police requirements.

The Minister adds that the lands shown on the plan may be described as follows:-the northerly 25 acres of that portion of the North West quarter of section II, township 9, Range 26, west of the 4th Meridian, lying south and east of the Old Man River the southern boundary to be a due east and west line.

The Minister recommends that, as the saw mill erected by Mr. McLaren has been of great benefit to the settlers and stock-men of the Macleod District in affording them a convenient and moderately cheap supply of lumber, which would otherwise have to be imported, a sale of the 25 acres of land described in the preceding paragraph, be made to Mr McLaren at the rate of one dollar an acre, cash;

The letter also contains information regarding the activities of the "Black Panther Party" and the "Black Liberation Army." The letter is signed by the Chief of the New York Office and is dated 10/10/50.

It seems to me that this Bill should be amended by providing that Parliament be moved to authorize the sale at \$1.00 per acre, notwithstanding anything in the Dominion Lands Act, (that is, if you think it advisable

to seek legislation in the case.

If Mr. McLaren is to be advised of the passage of the Order as it stands I would suggest that he be informed that no action can be taken on it until the sanction of Parliament is obtained.

Department of the Interior,

Ottawa,

14<sup>th</sup> July, 1896.

Sir,

~~I have the honor to refer to the following:~~

~~For your information:~~

The Order in Council of the 4th of July, 1896, (copy herewith) authorized the sale to the Government of Peter Molares of 25 acres of that portion of the N.W. 1/4 of Section 11 Township 1 Range 25 West of the 4th Meridian 10th T. 10th R. 25 W. 4th M. at the rate of \$1.00 per acre.

Since the passage of this Order in Council, however, the point has been raised as to whether the land in question is a part of a reserve section, and whether it is in the power of the Government to sell it in the manner proposed, or in any other way than by sale at public auction to the highest bidder unless the sanction of Parliament is first obtained. <sup>9th</sup> Section 25 of the Act of 1894, which declares that all sales of Government lands shall be at public auction. In this connection I may say that in Order in Council of the 20th of February, 1893, a reservation of land was made for certain police purposes in which Section 11 in question was included. This reservation was, however, ~~terminated~~ <sup>terminated</sup> by Order in Council of the 10th of March, 1894, and a new one created in which the portion of Section 11 before described was included.

A. Power, Esq., J.C.  
The Acting Deputy  
of the Minister of Justice,  
Ottawa.

included.

It is, however, contended that the fact that this land was reserved for Mounted Police purposes does not in any way alienate it from the School Endowment or reserve it from the operation of the provisions of the Dominion Lands relating to School Lands, as it is claimed that the reservation has only the effect of withdrawing the land from sale and settlement, and from the operation of certain laws, during the pleasure of the Governor in Council, and that it must be considered as subject to the provisions of clause 33 of the Dominion Lands Act which sets apart sections 11 and 12 in every township as an endowment for purposes of education.

I shall therefore be obliged if you will advise me whether or not this contention is correct, or in other words whether the order in Council of the 24th of July is sufficient to withdraw the sale of the land in question otherwise than for public purposes, or whether it is necessary to issue an order in Council to that effect.

On the other hand, it has to be borne in mind that Mr. We have created his mind upon the land while it was under the control of the Mounted Police, and with the authority of the Minister at the head of that department.

Dear Mr. Nicoll,

I understand that the Order in Council has been passed in regard to the question of the balance claimed to be due to the Indian Department by the Honorable Mr. McLaren, but that is a subject in which the Indian Department will communicate with you.

As to the other matter about which you spoke to me, the Order in Council has been passed but it is a question which will have to be decided by the Department of Justice whether the land, being School Land, can be disposed of except as the law directs or public auction. I mentioned this to the Hon. Mr. Warrant, and was inclined to the view that having been occupied as a Mounted Police Reserve it was not School Land. That is, of course, largely a question of law, but if the Justice Department were to decide that such occupation took it out of the category of School Land then we would be in a position to issue

Dear Mr. Burgess

I have just seen your letter to Mr. Smith of 13<sup>th</sup> instant, in connection with the land known as the Pine Reserve, where I had my Mill that was burned down over two years ago, on which remain Boarding House, Stable and other buildings, and I note what you say as to the land being school lands. I must not have been known, when I got the permission from the Government to erect my Mill and other buildings, that the land was school lands, as I had instructions to survey out the land in connection with the Mill & Piling Ground, and other buildings, in connection with the business, and the party at the head of the Pine River, was a party to the buying of it out, so as it would not interfere with their drilling range to practice, also their drilling Ground. I feel thankful you are taking such an interest to see the matter settled, as I expect all my Mill machinery will be shipped next week, also I write you in the above strain to strengthen you on my behalf, under the difficulty that has arisen, as when we built Mill and other buildings it was understood the lands belonged to the Pine Reserve.

My dear Burgess,

I have read, and return herewith, Senator McLaren's letter respecting his mill site at Macleod.

I was under the impression that another section had been reserved for School purposes in lieu of No II on which the Police Barracks are erected at Macleod.

This section was set apart for Police purposes as long ago as 6th February 1883, and by subsequent Order-in-Council, dated 19th March 1887 the Police Reserve was re-defined giving us among other lands all of section No II lying South of the Old Man's River which includes the 25 acres which Mr McLaren desires to purchase.

I suppose that legally speaking the land ought to revert to School purposes if no longer required by the Police, but I think it would be much better to set apart another section. The Police buildings, and other improvements have cost in

in the neighbourhood of \$125,000.00 in one way or another, and I think it would be better to settle beyond doubt that Section No. II is required for Police purposes, and that any revenue that may be derived therefrom should go to the General funds, and not to the School fund.

Yours very truly,

DEPARTMENT OF INTERIOR.

I have the honor to acknowledge the receipt of your letter of the 24th, 1910 - No. 38800 - and in reply to inform you that the land to which you refer has not, as yet, become a part of a tract reserved for Hunter Police purposes, and to be school land, this the meaning of Sections 22, 24 and 25 of the Land Transfer Act. The Minister holds that, in view of the provisions of Section 22, it is not necessary to sell otherwise than by public auction, and that, therefore, the Government is not obliged to sell the same. The Order-in-Council of the 4th ultimo purporting to authorize a sale of it to the Hon. Peter McLeod at a price of \$1.00 per acre. The validity of such an Order-in-Council is, in my opinion, in order to legalize such a sale.

Dear Senator McLaren,

Referring to your letter of the 18th ultimo about the sale to you of twenty-five acres of that portion of the N.W. 1 of Section 11, Township 9, Range 26, West of the 4th Meridian, lying North and East of the old Red River. I beg to say that advice has been received from the Department of Justice that the land in question was not, merely because it forms part of a tract reserved for "outlet" purposes, ceased to be school lands, and that therefore the Governor-in-Council exceeded his powers in passing the order-in-council of the 18th ultimo purporting to authorize the sale of this property to you at the rate of \$1. per acre. In the opinion of the Minister of Justice the authority of Parliament would be necessary to legalize the sale.

I am informed by Senator McLaren that the strength of the assurances which he has already received from some members of the late Government he has actually proceeded with the re-building of his mill. I regard this step on his part as being of great importance to that section of country, because the industry is one which not only furnishes employment to a very considerable number of people but is of great value to the pioneer settlers, who will depend upon the product of this mill to a very large extent for the lumber they require for their houses and buildings. Indeed it is of importance to the whole of the South-western part of Alberta, and it is easy to understand that, dealing as he was with the Northern Police, Senator McLaren did not concern himself as to whether the land upon which he was building was a School Section or not. To him it was a Northern Police Reserve, and I presume also that the authorities of the Northern Police took it for granted that the fact of the land having been set apart for the purposes of that Department removed it from the operation of the law respecting School Reserves.

For these reasons I respectfully recommend that the Department of Justice be asked to furnish a draft of a Bill which for its object the appropriation of the sale of this land to the Hon. Mr. McLaren at the rate of 12 per acre.

Yours faithfully,

Ottawa, 3rd September, 1907.

My dear Minister,

By the Order-in-Council of the 19th March, 1907, (copy herewith) the land shown in red on the annexed plan was set apart for the purposes of the North-West Mounted Police. The Hon. Peter McLeod represents that in the year 1905, mentioned permission was granted to place a small saw-mill on a portion of this reserve land. It is also attached in black. The Comptroller of the North-West Mounted Police corroborates the statement made by Mr. McLeod as to the saw-mill in operation since 1907. It appears that the mill was erected on this land without any license or permit, and Senator McLeod represented that he had been asked to call in the application for a license for the mill and other purposes. It should be mentioned that this part of the land, while it is shown as part of a School Section, is the site set apart for the purposes of the mill and other purposes of the Mounted Police.

As the saw-mill erected by Mr. McLeod and owned by him is built on the settlers and stock-raising lands of the District, an Order-in-Council was passed on the 19th March, 1907, authorizing the sale of the land applied for by Mr. McLeod at the rate of \$1. per acre. We are, however, advised by the Department of Justice that this land was not, at the time, reserved for a tract reserved for Mounted Police purposes, ceased to be School lands, and that therefore it cannot properly be sold otherwise than at public auction, except by authority of Parliament.

Acting Minister of the Interior,

OFFICE OF THE

Superintendent of Mines.

Calgary, Alberta, 19th Nov, 1897.

LETTER NO. 13092.

Sir;

In reply to yours of the 9th ult, ref 38004, I would say the 25 acres which is to be sold to the Honorable Peter McLaren, is of no particular value except for the purposes which he utilizes it, namely, as a Saw-mill site.

The construction of the Crows Nest Pass Ry will not materially, if at all, enhance the value of this particular parcel. The Railway station is on section 2, namely, if not fully,  $1\frac{1}{2}$  miles from this plot of land and its location will not increase its value beyond what the general increase will be throughout the country, that property will receive from the construction of that line of railway. Further the unprecedented floods of the past summer has demonstrated that many of these bottoms like that where the Saw-mill is situated are not desirable for purposes other than Saw-mill sites, so that any lands in the vicinity are of as much value as that particular 25 acres is, and I would suggest that, if the land is available, that portion of the Island lying immediately North of section 11 embraced within what would be the limits of the S. W.  $\frac{1}{4}$  of section 14, namely some 27 acres. If that be not available, take the 25 acres out of the Island on the S. E.  $\frac{1}{4}$  of 14; if that be not available, take the 28.20/100 acres of the Island on the S. W.  $\frac{1}{4}$  of 13, or 25 acres out of the 49 acre portion of the S. W.  $\frac{1}{4}$  of 13, or 25 acres of the Island which is embraced in all the four quarters of

13, or the area out of any portion of the Island on the South  $\frac{1}{2}$  of 24. *See all in Tp 9 R 26 W 4* I am aware that the stream may have considerable changed its course since the survey of this township was made in 1883 and the parcels designated may not have now the same area as shown thereon, but that is a risk that I do not think is a very large one. Further this fact that the 25 acres to be granted to the Honorable Peter McLaren may, before the land selected in lieu of it is disposed of, be so greatly changed as will not be recognizable, and the land selected, the area it now has and the area it may have when it is disposed of may be altogether different, it may be wiped out altogether or it may have considerable added to its area. I have confined the selections to bottom lands as more equitable. *The lands being granted being in bottom*

idian; I beg to enclose you herewith Receipt No. 695.

McClellan's Mill site at Washod.  
by A. P. Patrick D. Z. S.

The East boundary of mill site  
is given as  $14^{\circ}50'$ , but to the water

It would be well to indicate  
clearly between which points

The area given is apparently

*Supplement*

Sir,

I am directed to acknowledge the receipt of your letter of the 2nd ultimo, File 349, referring to one written by you on the 1st of March, 1899, enquiring whether a certain portion of the NE $\frac{1}{4}$  of Section 11, Tp. 9, Rge. 26, W. 4th K., containing an area of 20 acres, situated within the North West Mounted Police Reserve, has been disposed of to the Honorable Peter McLaren.

In reply I am to say that 20 acres of the NE $\frac{1}{4}$  (not the NE $\frac{1}{4}$ ) of Section 11 were sold to the Honorable Peter McLaren on the 23rd November, 1899, but the patent for the same has not yet been issued for the reason that the survey of the land was not satisfactory to the Surveyor General.

The Surveyor General returned the plan of the survey to the Surveyor who made the survey, for correction, but up to the present time it has not been returned.

Sir,

With further reference to your letter of the 14th day last, stating that you had forwarded the plan of the Mc  
Laren Hill site to the Deputy Minister on <sup>or about</sup> the 3rd of April  
last, which letter was acknowledged by the Surveyor General on  
the 25th idem, I am directed to state that a diligent search  
has been made in the Department for this plan without success.

Mr. J. S. Fennis, in a letter to the Department, dated  
15th April last, says you informed him the plan referred  
to was received by you from the Surveyor General. In your let-  
ter to the Surveyor General of the 14th day, you say that the  
plan was returned to the Deputy Minister of the Interior, on  
or about the 3rd of April.

Since no trace of the plan can be found, I am to re-

Sir

In replying to yours of 21<sup>st</sup> Dec. 1900 I would  
say that with regard to the McKinnon Mill site plan  
the best information I can give you is that the  
plan was made <sup>from</sup> here to the Surveyor General  
on the evening of April 2<sup>nd</sup> 1900, fully paid.  
<sup>enclosing the plan</sup>  
The letter was not registered.

I would say that if the plan is lost & a visit has  
not been registered that the land shown on this  
plan has changed its shape very materially along the  
river bank, large areas having been cut away  
by the river and that it present there is not 25  
acres supposed to be the area of the parcel. I would  
say that if the Department will defray the expenses  
of a new survey that I will make it and a new  
plan without charge.

To ~~Mr. McCarren~~

A description for patent cannot safely be given of the plot of ground required by Mr. McCarren for mill and piling ground in sec. 11, T. 26 N. without a plan of survey. The plot is within the Mounted Police reserve. Its southern boundary was defined on the ground by means of posts to which Mr. McCarren & an officer of the Police were parties, and seems to be located very closely. Some of Mr. McCarren's buildings & at the same time as far south as it should be so as not to interfere with Police drill grounds & rifle range. Any departure from that line might exclude some of the buildings belonging to Mr. McCarren or encroach on the ground required by the Police. I could not Mr. Patrick be asked to furnish a new plan?

## Department of the Interior,

Ottawa, 18th January, 1901.

Sir,

You may recollect that on the 30th November, 1899, this Department, when acknowledging the sum of \$25 paid by you in purchase of 25 acres sold to you for the purposes of a mill site at Fort Macleod, in Section 11, Township 9, Range 26, West of the 4th Meridian, informed you that the patent for this land could not then be issued to you for the reason that the Surveyor General had returned the plan made by Mr. A.P. Patrick, D.L.S., Calgary, in order that he might affix his affidavit thereto, as required by clause 121 of the Dominion Lands Act. The plan was returned to the Department by Mr. Patrick, but an examination showed that certain corrections were necessary, and it was again transmitted to him on the 24th January, 1900.

Mr. Patrick, on being asked to return the plan, replied on the 14th May last that it was sent to the Deputy Minister on or about the 3rd of April. He was told in reply that it could not be found, and asked to give further particulars. He again replied on the 2nd instant, saying that the plan was mailed to the Surveyor General on the 3rd April "fully paid." A thorough search has been made for it, however, but no trace of it can be found, and it does not appear to have ever reached the Department.

The Department much regrets the delay which has arisen in this matter, and the inconvenience to which you are put; but as there is little hope of finding the plan now, and the  
description

Hon. Peter McLaren,

Ontario.

description of the land for patent purposes cannot safely be given without one, I am directed to ask if you will be good enough to furnish a new plan.

Memorandum:-

In reference to the parcel of land containing 20 acres, at Macleod, which he purchased from the Government some years ago, and which was not patented, as the plan of survey made by Mr. Patrick, Dominion Lands Surveyor, of Calgary, had been lost in transmission to Ottawa, the Honourable Peter McLaren now states that the plan he has is that of the old survey, and intimates his willingness to pay any expenses that would be incurred in making a new plan, if Mr. Patrick would compile it from his field notes, but does not appear to be willing to pay for a new survey. Mr. McLaren asks that this matter be looked after for him.

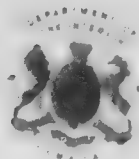

Should the Surveyor General be asked to ascertain from Mr. Patrick if he could compile the plan from his notes or if a new <sup>survey</sup> would be necessary?

MEMORANDUM:

Referring to Mr. Gliddon's memo hereunder, you will observe that in his letter of January 2nd, 1901, Mr. A. P. Patrick states "that if the Department will defray the expenses of a new survey, I will make it and a new plan without charge".  
I take this to mean that Mr. Patrick's contention <sup>is</sup> that a new survey is required.

In his letter of August 27th, Hon. Peter McLaren says:-

"If Mr. Patrick has the field notes he could easily make a new plan and it could not need to be surveyed again. When writing 'I do not know if he is in the employ of the Government or not'.

Mr. Patrick is not now, and was not at the time he made this survey, an employee of the Government.

I call your attention to clause 122 of the Dominion Lands Act, which reads as follows:-

"Every Dominion land surveyor shall keep exact and regular journals and field notes of all his surveys of Dominion lands, and shall file them in the order of time in which the surveys have been performed, and he shall give copies thereof to all persons concerned, when required so to do; and for so doing he shall be paid the sum of one dollar for each copy, if the number of words therein does not exceed four hundred--but if the number of words therein exceeds four hundred, he shall be paid ten cents additional for every hundred words over and above four hundred words".

It seems to me that the proper procedure is for Hon. Peter McLaren to call upon Mr. Patrick to furnish copy of the plan and field notes of this survey, offering to pay his fees, and in case Mr. Patrick does not comply with the request within a reason-

able time, to lodge a complaint against him with the Board of Examiners for Dominion Land Surveyors.

I would not recommend that Mr. Patrick be employed if his services are to be paid by the Department; we have never been able to obtain satisfactory work from him.

Sir,

Replying to your letter of the 27th ultimo, respecting the 25 acres forming part of the Police Reserve purchased from the Government some years ago, the plan of which, made by Mr. Patrick, was lost in transit, I am directed to advise you that Mr. Patrick is not now, and was not at the time he made the survey of the above mentioned parcel, an employee of the Government, but ~~as~~, according to clause 122 of the Dominion Lands Act,

" Every Dominion land surveyor shall keep exact and regular journals and field notes of all his surveys of Dominion lands, and shall file them in the order of time in which the surveys have been performed, and shall give copies thereof to all persons concerned, when required so to do; and for so doing he shall be paid the sum of one dollar for each copy, if the number of words therein does not exceed four hundred, but if the number of words therein exceeds four hundred, he shall be paid ten cents additional for every hundred words over and above four hundred words."

Such being the case, the Surveyor General reports that the proper procedure is for you to call upon Mr. Patrick to furnish a copy of the plan and field notes of this survey, offering to pay his fees, and in case Mr. Patrick does not comply with the request within a reasonable time, to lodge a complaint against him with the Board of Examiners for Dominion Land Surveyors.

Mr. Sheppard,

Please inform me if a tract of 25 acres in the North west  $\frac{1}{4}$  of Section 11, Township 9, Range 26, West of the 4th Meridian has been patented to Hon. Peter McLaren, and give me a description of the area, and note in our surrender book describes this parcel as "The most Northerly 25 acres of the North West  $\frac{1}{4}$ ", but in looking over the H.O. file (herewith) it would appear to be the 25 acres (approximately) contained in Legal Subdivisions 13 and 14 South of Old Man River.

This Section is within a fall sale area and is cut to pieces by various small sales, but we would like to put up the several portions in it remaining unsold.

Would it be possible to give me ~~the~~ description by diagram or otherwise of all portions patented in this section, as most of our records describe the patented portions as "part Etc." with no particular description, by which we could arrive at a detailed description of the parts remaining unsold?

Ottawa, September 14th, 1906.

My dear Sir,

J. W. Cory, Esq.,

Deputy Minister of the Interior.

Mr. Inley Dennis obtained a concessionary entry on the portion of the S. 1. of Section 22, Township 17, Range 24 West, Township 17, Range 24, north of the river. A certificate of concession for the same of date is dated 22nd July last, and approval thereof was filed on the 31st ultimo.

A statutory declaration Mr. W. F. McLean, Advocate, of Calgary, sets out that early in July or thereabout Mr. Dennis, having obtained the concessionary entry, in the month of the 1st, went to call on his brother to certain land, and the said brother executed a transfer of the land in their favour. It would appear that Mr. Dennis, although the transfer without intent of fraud or injury to the Crown, and nevertheless is a bona fide transaction of a nature.

Acting Chief Clerk.

I declare that the above mentioned transfer, in so far as I have power to do so under my commission of the Statute in the Act, or any other Act thereof, will not invalidate the same as a concession, and that no forfeiture of the right of Mr. Dennis to the above mentioned land has been incurred by its execution.

Wm. Loree, Esq.,  
Chairman,  
Seed Grain & Relief Adjustment Board,  
EDMONTON, Alberta.

Dear Sir:

Re NW 34-49-24-4,  
Joseph Mallette,  
Dominion Seed Grain Advance.

In the year 1896 this party obtained an advance from the Dominion Government and no repayment having been made, the account stands as follows:

|                      |         |         |
|----------------------|---------|---------|
| Seed Grain Principal | \$22.25 |         |
| Interest             | 45.65   | \$67.90 |

The Department of Mines and Resources at Ottawa reports that he gave as security a bond against the above described land, his entry for which was cancelled in 1897. Patent was issued for the land in 1901 to Thomas Plante. In 1923 an effort was made to locate Joseph Mallette, but no definite information could be obtained.

There is, therefore, no security for this account, which I would recommend be written off in its entirety.

Yours very truly,

*C. W. Mallette*
